GALLIEON

ROB KERMODE

Rob -

Well dude WERE FINALLY  
OUT OF HEAR. WE STARTED  
PARTYIN' IN TYPING LAST YEAR,  
& NEVER LOOKED BACK. HAVE  
A BLAZE THIS SUMMER & hopefull,  
I'll SEE YOU AT USC ONE OF  
THESE YEARS. DRINK SOME BEERS  
FOR ME THIS SUMMER. LIVE FAST,  
DIE YOUNG, GO BALLS OUT!  
TAKE CARE,

675-2438

Rick Craig

Ralphie -  
We made it! Im so glad

and Im not  
just saying  
that.

FINALLY!! Rob, I got to know you.  
You are a very special  
person and I won't forget

you and your E tickets,  
I have a lot of wonderful  
memories with you - gang  
to visit your parents, early

breakfasts, car waxing,  
bbq's, ping-pong,

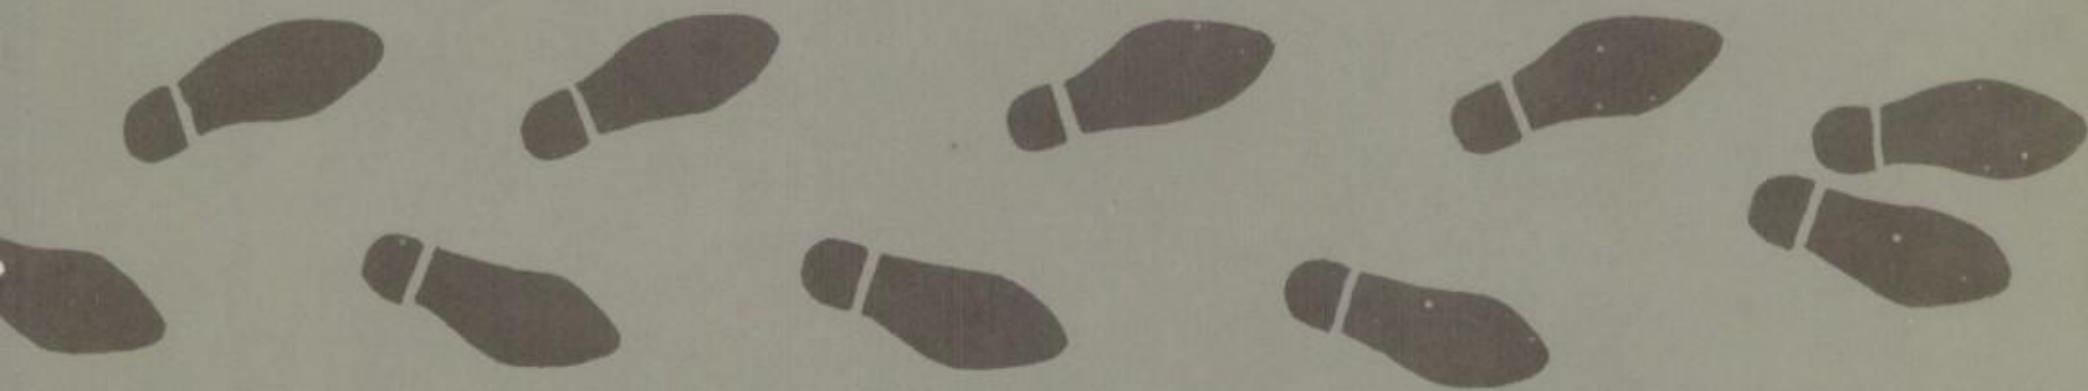

You are a  
super person an  
wish you the best  
in the future. I'll  
take care of yourself & stay  
in touch - We miss  
you! Always  
Nat

Rob,  
Glad I got to  
know you better this  
year. Douglas was pretty  
cool. Do you believe all  
his stories? who knows.  
See you at many more  
parties this summer.  
Good luck, see ya around!  
Shawn Waldon

Rob (Bro)  
Dude, you're the best person  
I could've met in my math  
classes. Between my brawls  
with E. Connello our junior  
year and C. Conlee our senior  
year, we had a ton of laughs.  
From your t-shirt business  
it looks like you'll have a very  
prosperous life. Even though I  
was a little hyper, I hope  
I made our math years a  
bit more fun... I know you  
did for me. Thanks for the  
Physics homework etc... Your  
a great friend. Stay funny  
Your friend (I think)  
Larry "the Stud" Gil

Listening to that Jitch  
Cunningham has been a terrible  
experience for me, and by your  
face expression it's been that way  
for you too. Good luck at facing  
the world! Steve (screw it)

FALLF!

BAH! WE MADE IT. SO MANY  
GREAT MEMORIES OVER THESE  
LAST FOUR YEARS. I'VE REALLY  
ENJOYED YOUR FRIENDSHIP AOS.  
AND I HOPE IT LASTS BEYOND  
HIGH SCHOOL. YOU'RE TERRIFIC!

# Newport Beach — A CLASS IN ITSELF

Ruby's — an old and new hangout.

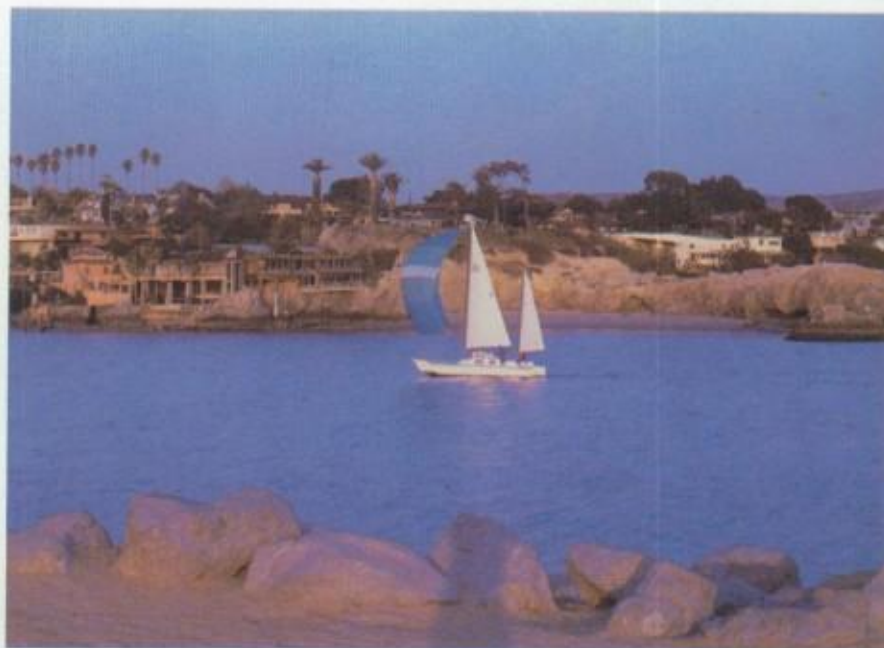

Oh birdie, birdie, please don't!

Slashin' and bashin'

Newport — the school, the town — is a way of life. We've got the beach, the bay . . . we eat at Ruby's, we live at the beach. Porsche's and Mercedes' are an everyday sight. We've got some of the most expensive things to do, see, eat, and experience. Newport is our friends, our family, our car, our beach, our boat, our school. From the way we dress, to the way we talk, and the cars we drive — you would know we're from Newport. From sun up to sunset, from the tip of the Peninsula to the cliffs of Dover Shores we are Newport. We are Newport — and we've got class.

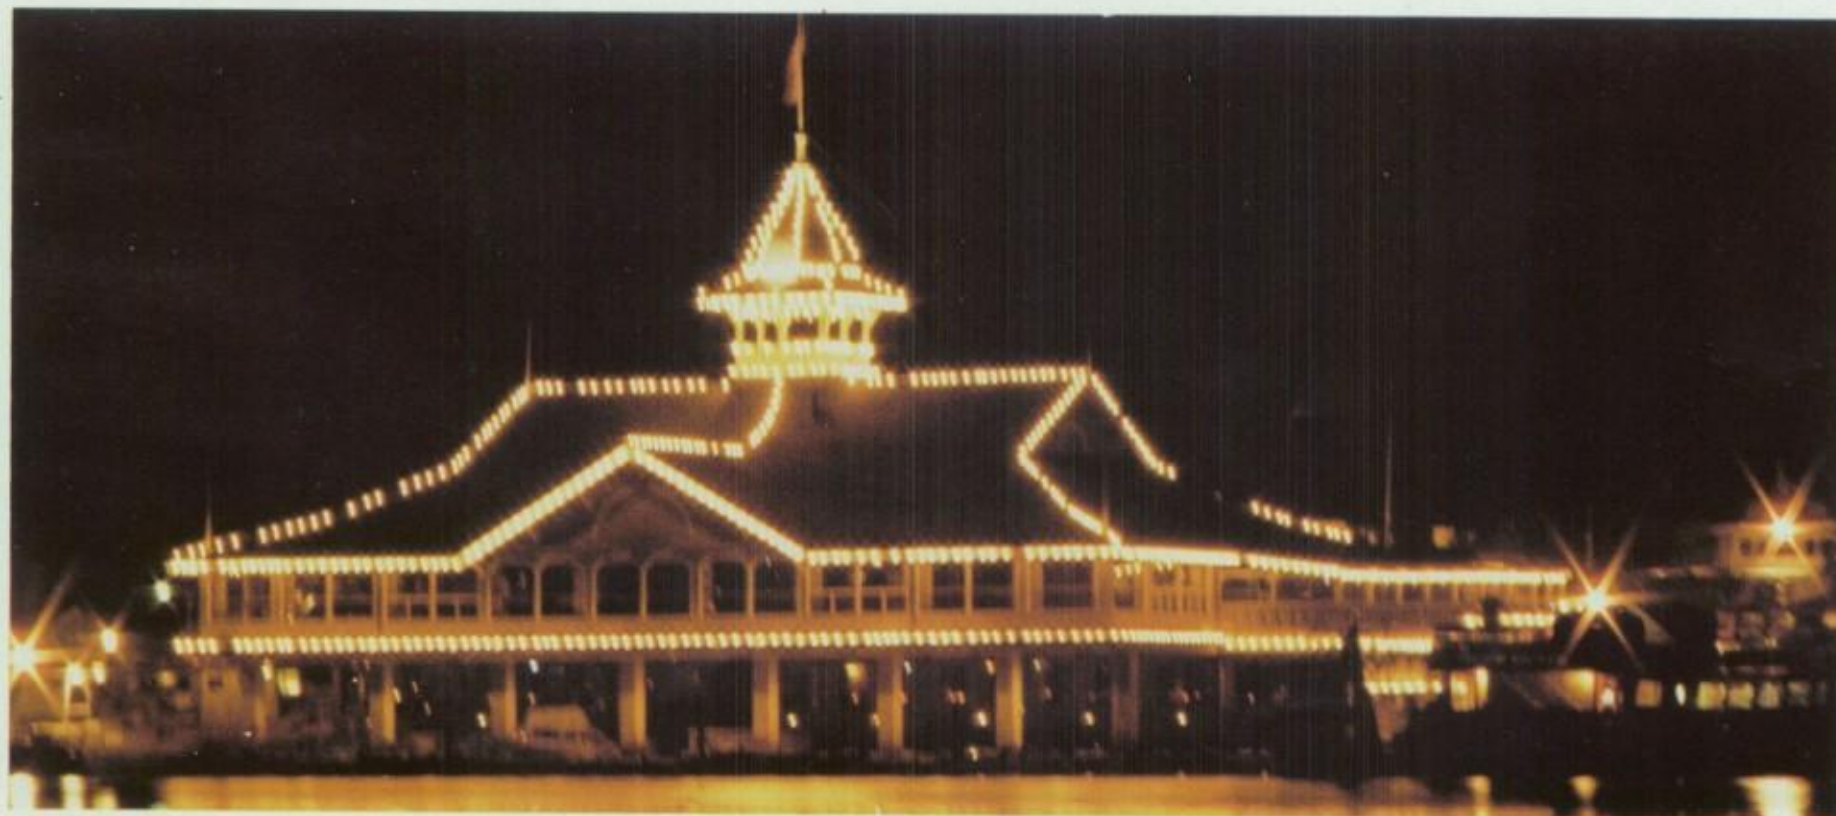

Sailing off the Wedge.

The view of the turning-basin.

The pavillion shining at night.

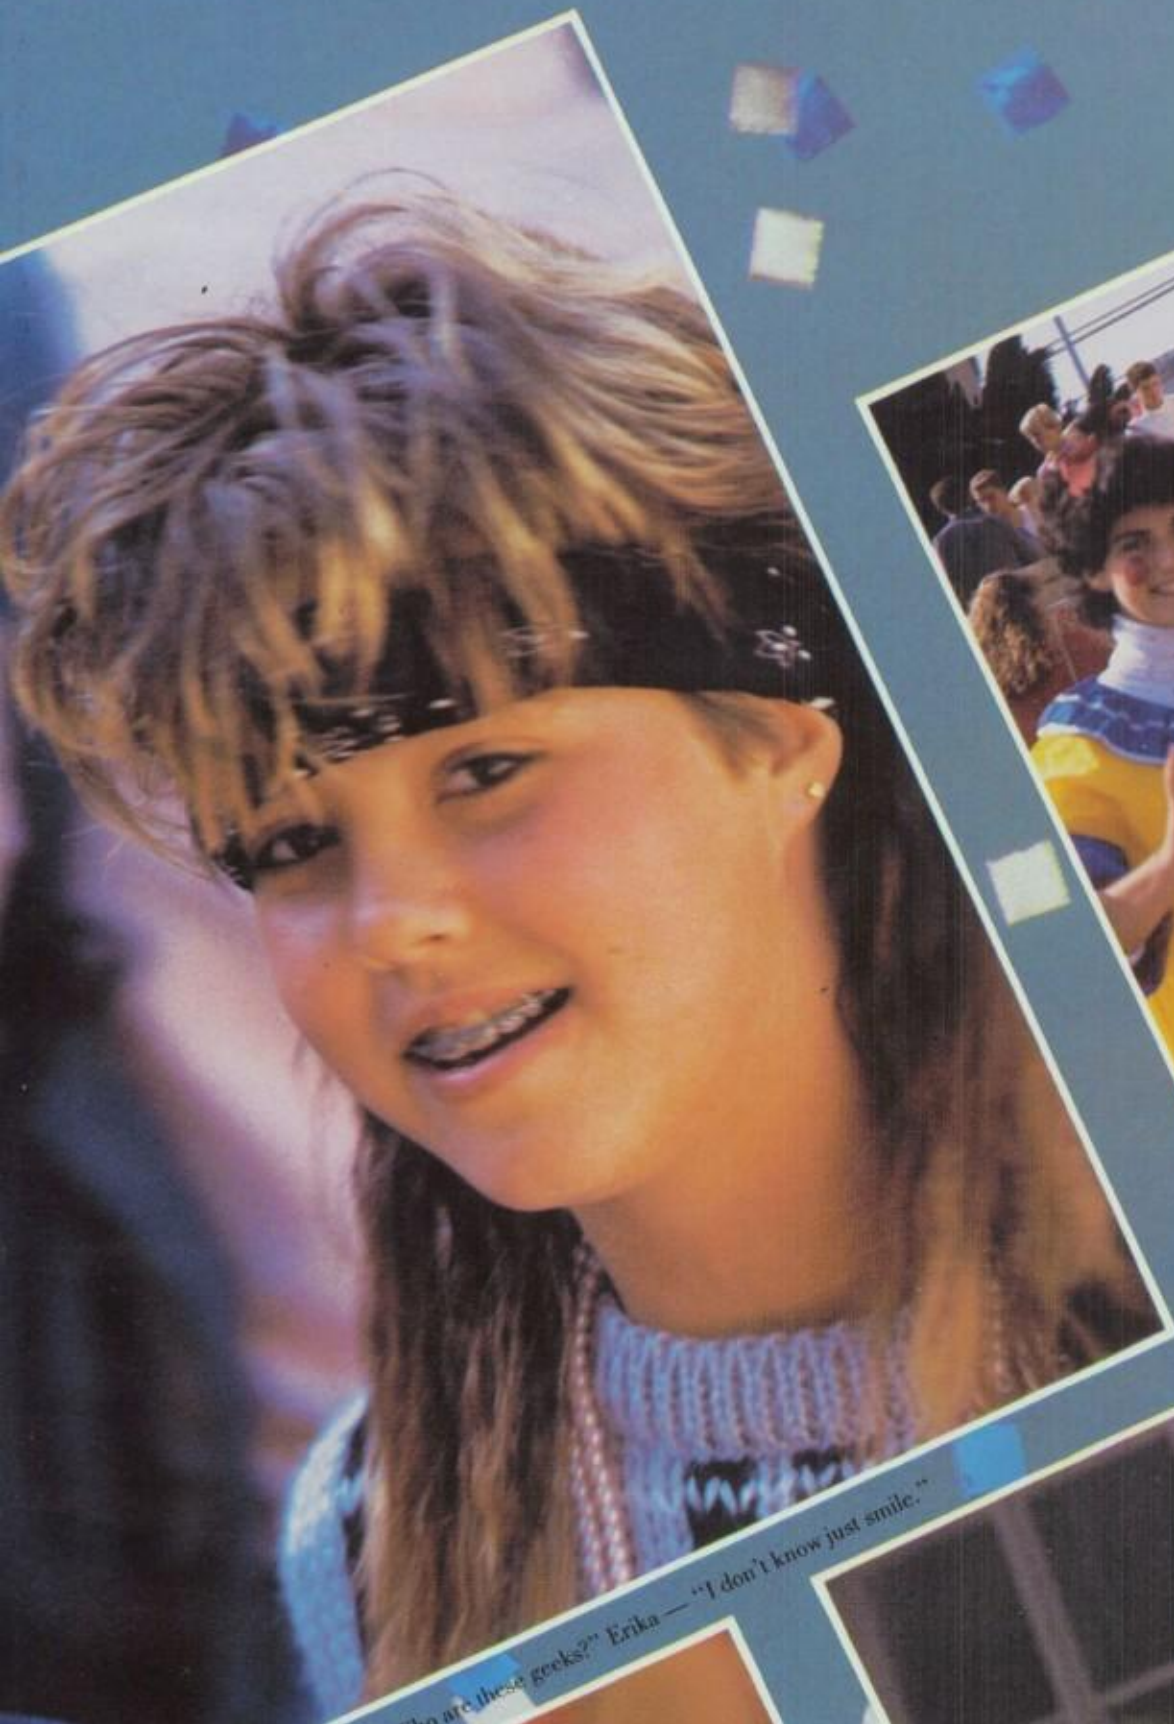

# PAPARAZZI

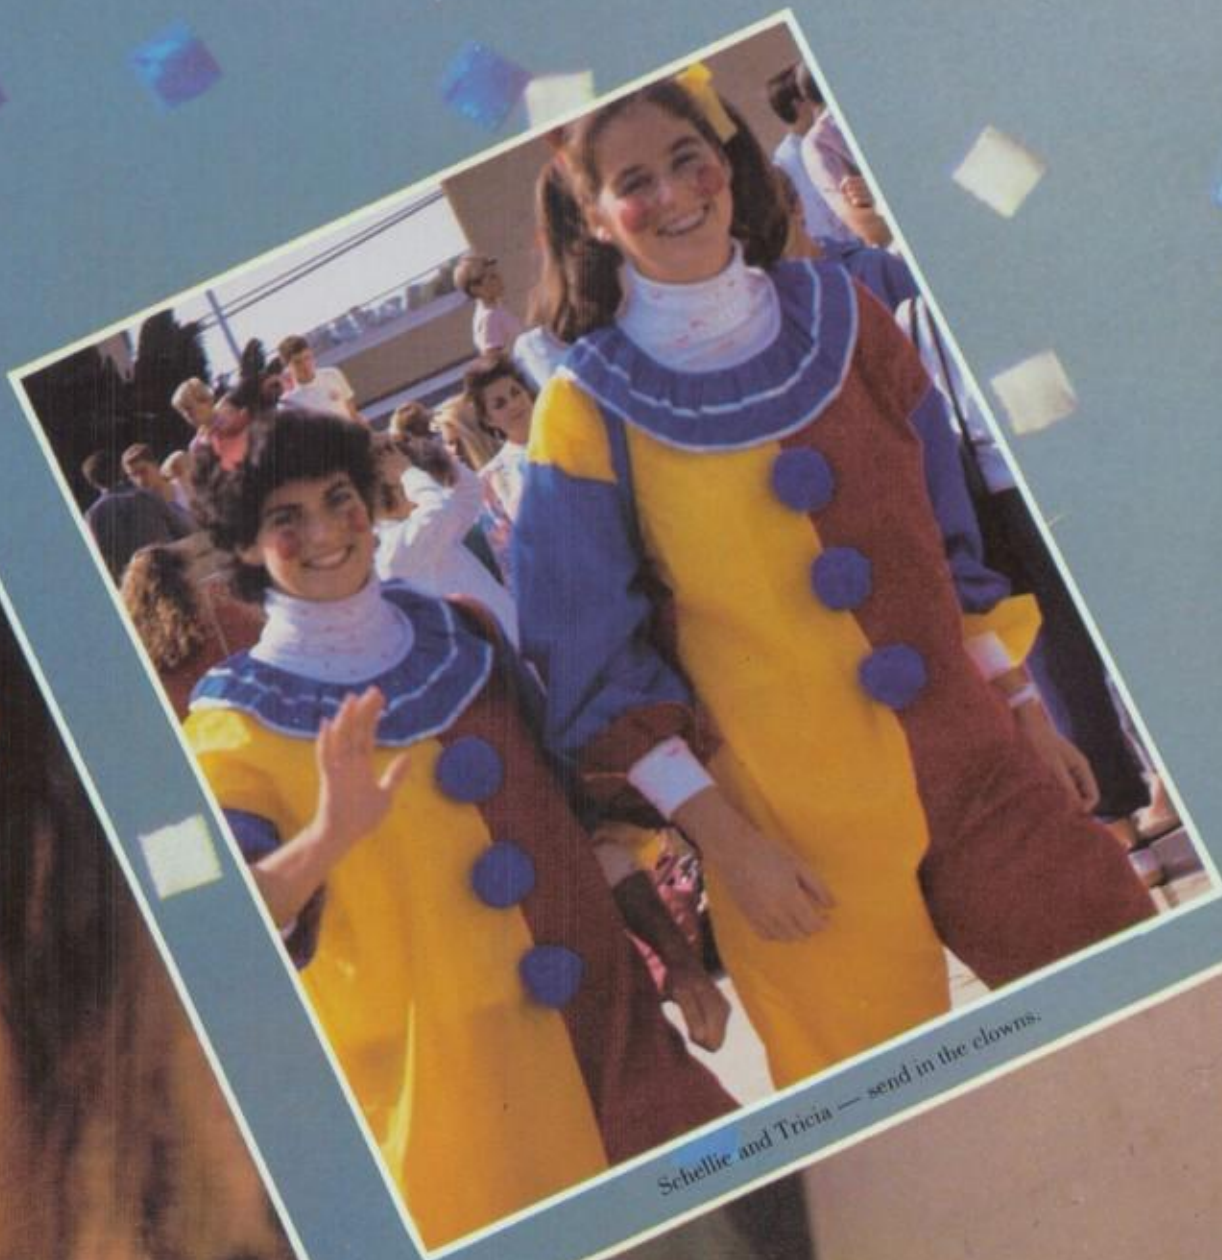

Friendship — the golden thread with which we weave our lives — is the tie that binds us together. No matter where we go, what we do, our friends are there for us. They enrich us with a gift beyond money—just by being themselves. There is no price that can be put on the laughter and good times shared—even the bad times just bring us closer together. Our friends stand by us at Basketball tryouts, encourage us to ask a Homecoming date, and always seem to be there for us when things go wrong.

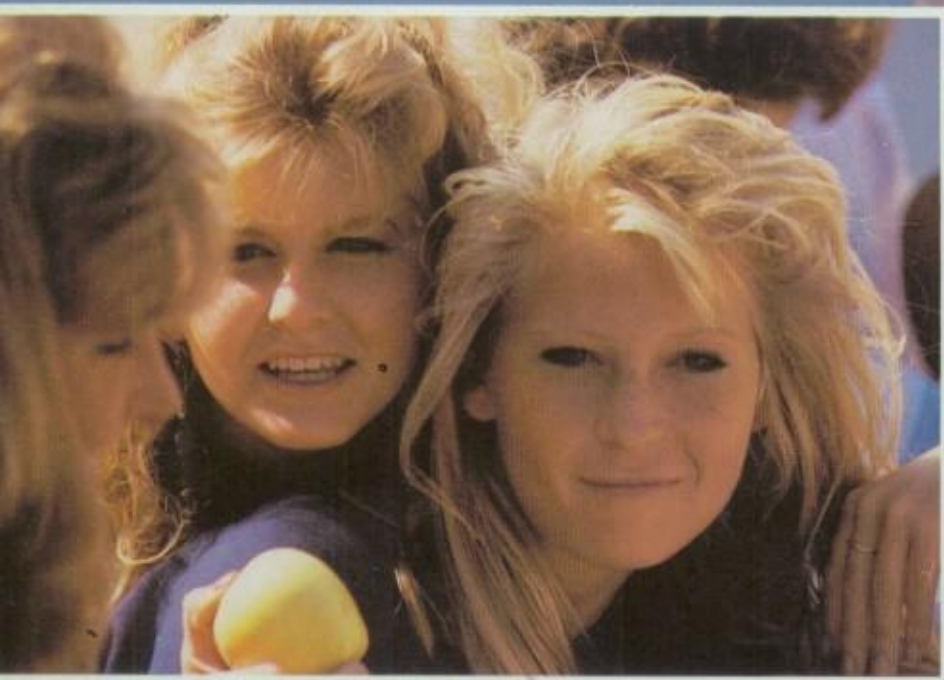

Allison — "Who are these geeks?" Erika — "I don't know just smile."

Schellie and Tricia — send in the clowns.

Who's your friend, Allyson?

Dan and Samantha — oh it's just so wonderful!

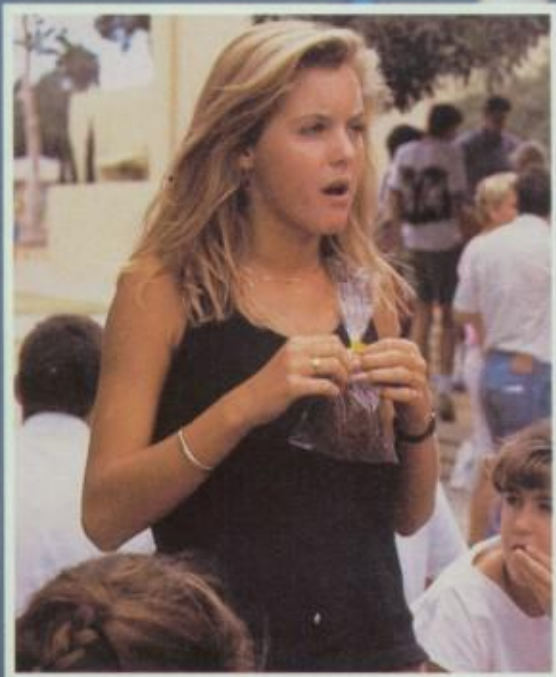

"and it says 'no nutritional value.'"

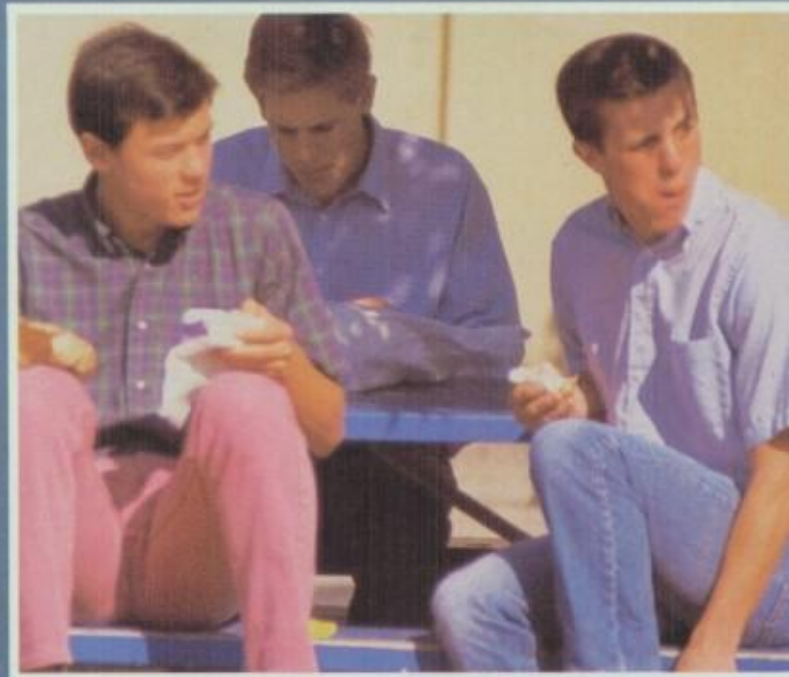

Did we interrupt something guys?"

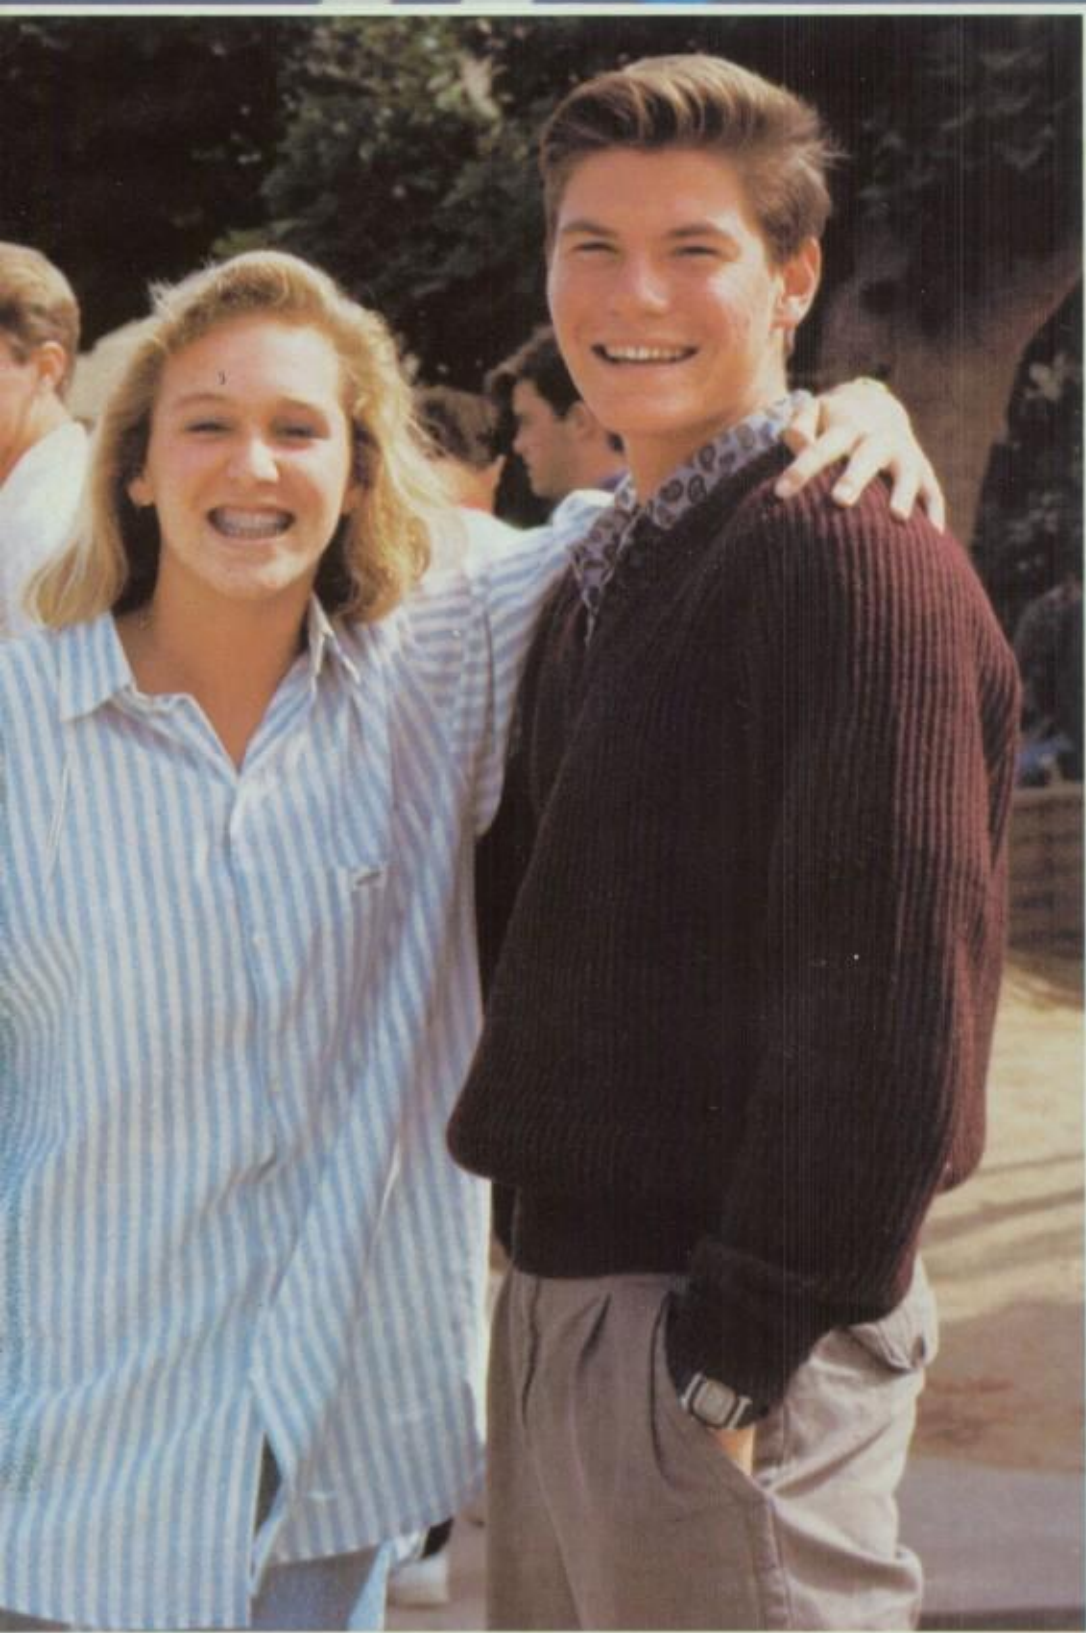

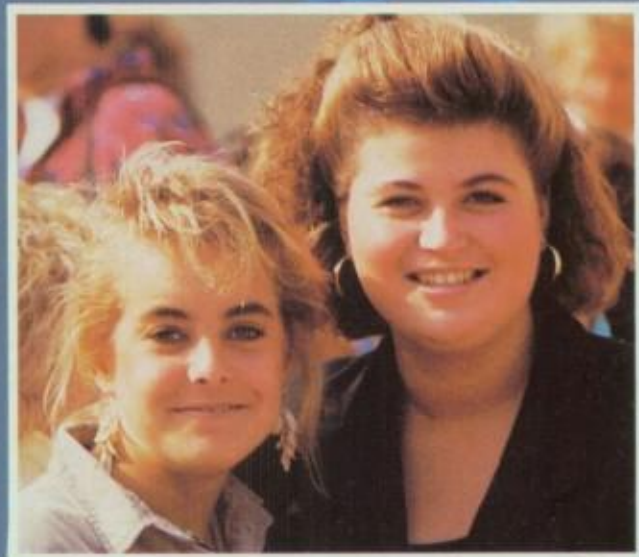

"Why, oh why can't I?"

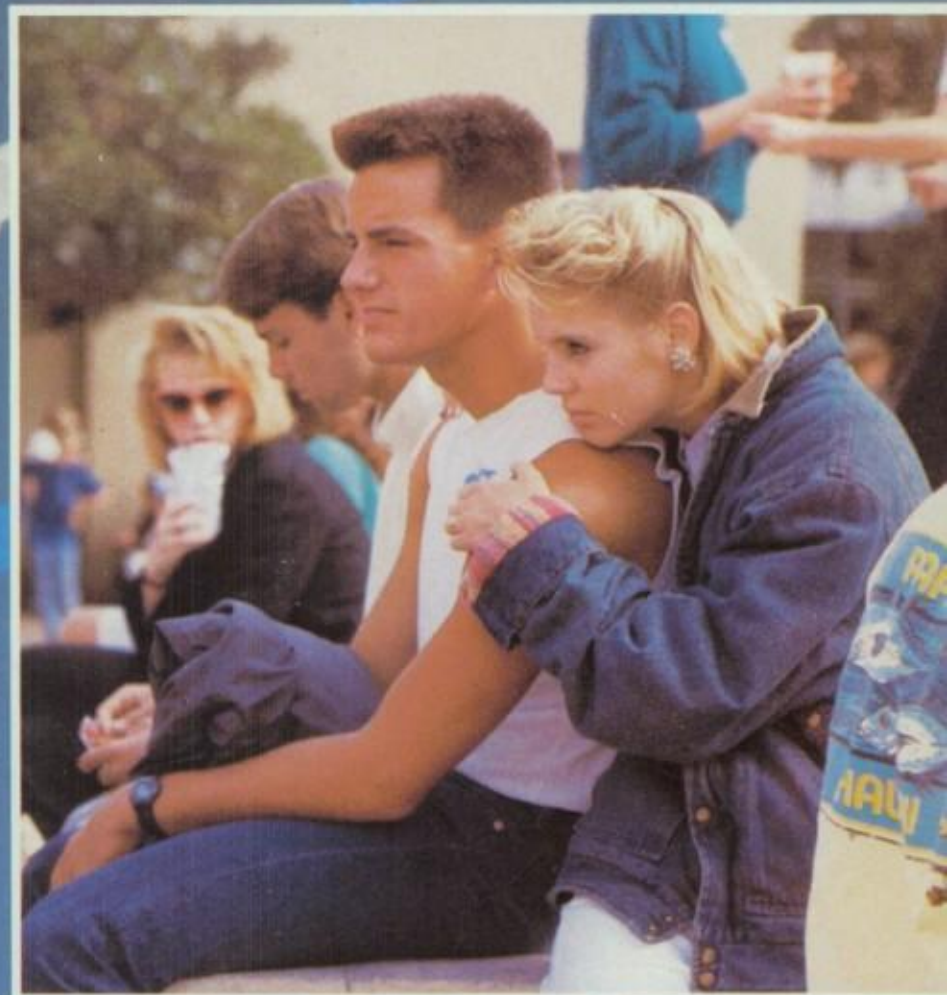

I don't know, Mo, what is it?

Yes, this is my man.

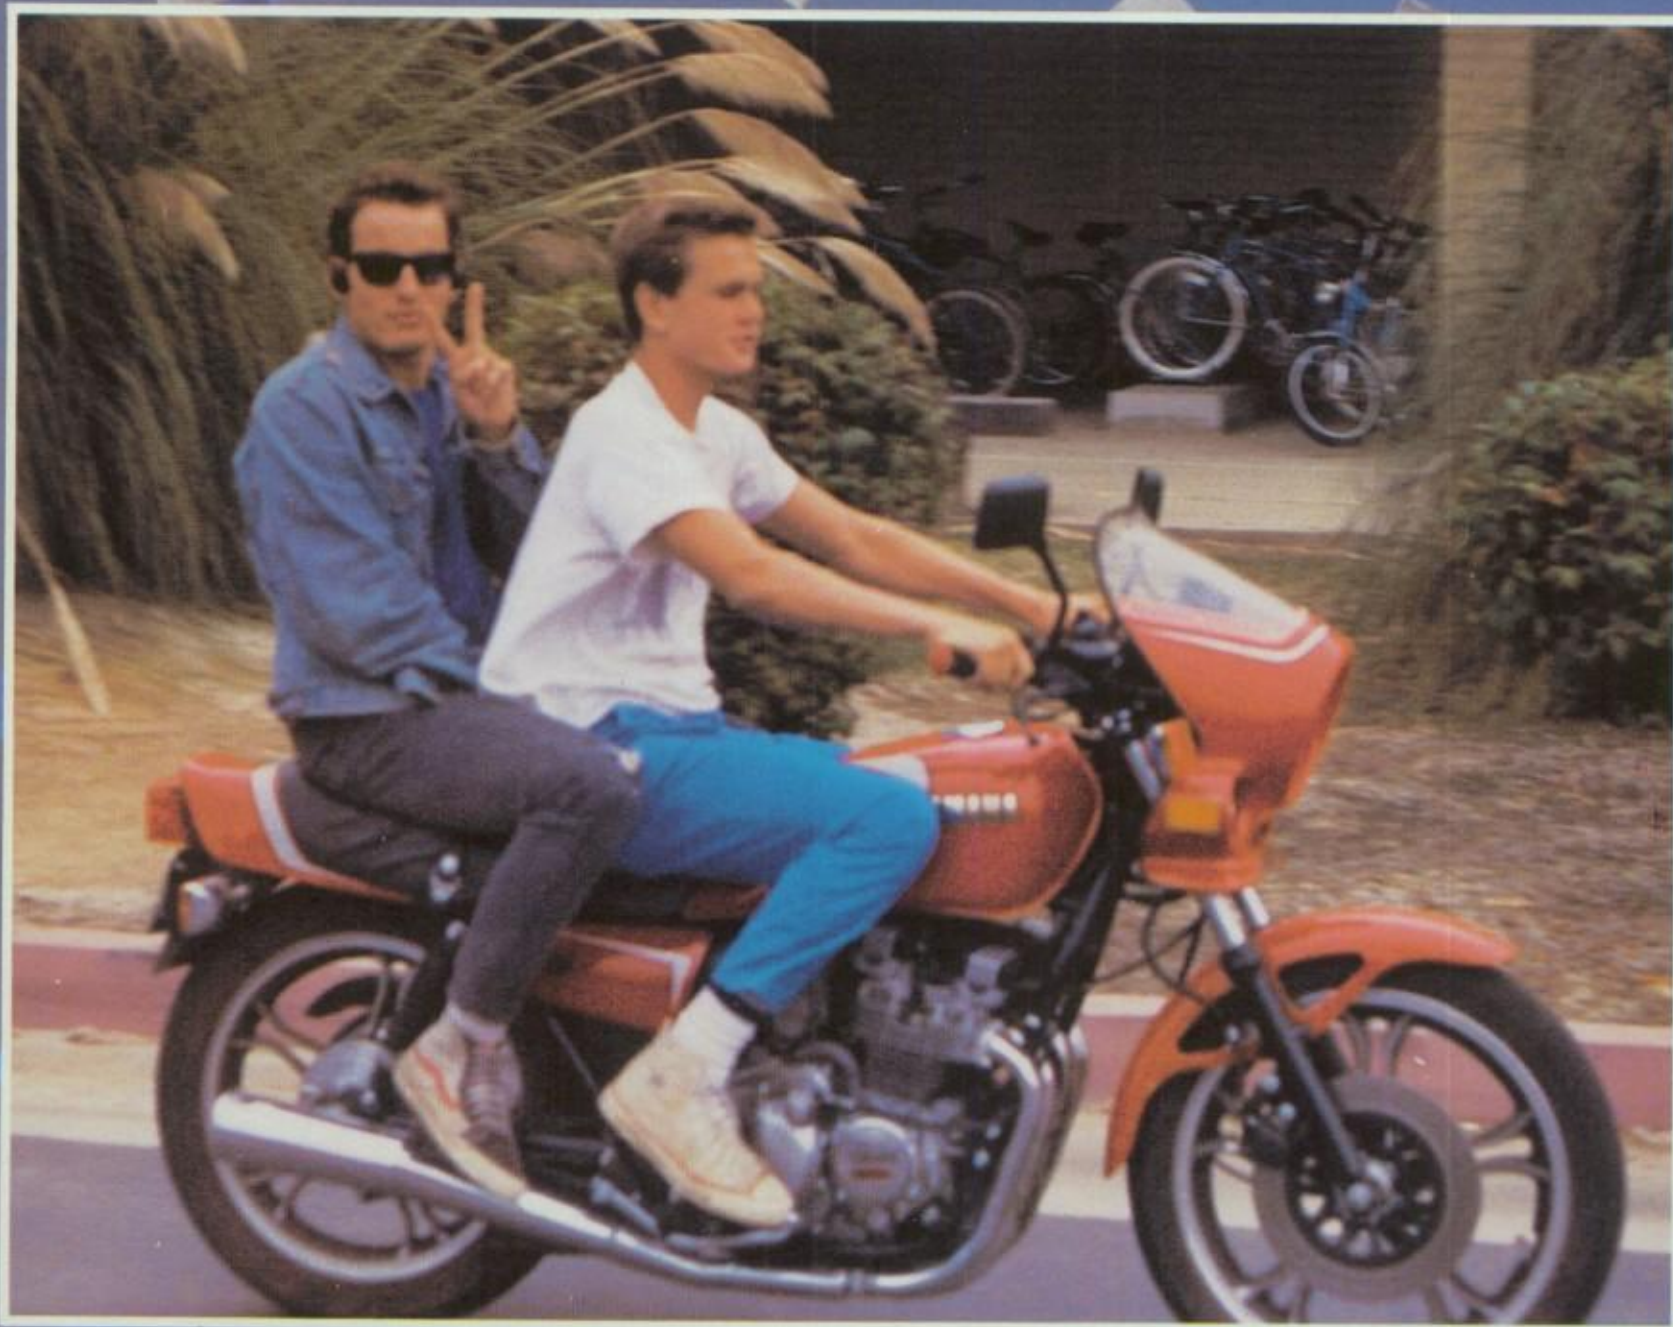

Jenee Brown and Ashley Cleary — Yes fans, we're back!

Larry and Sherrie — searching for an answer.

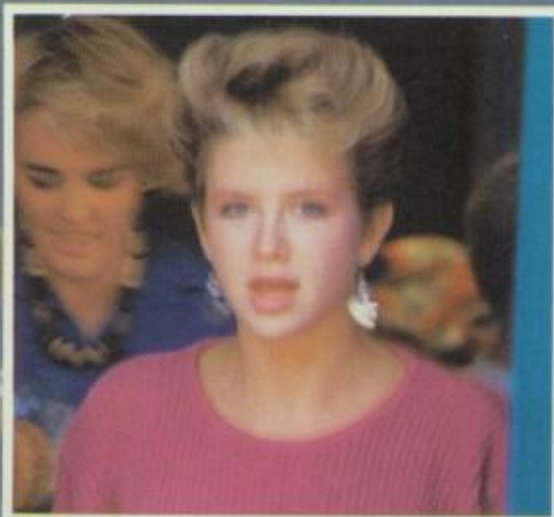

Peace, bro.

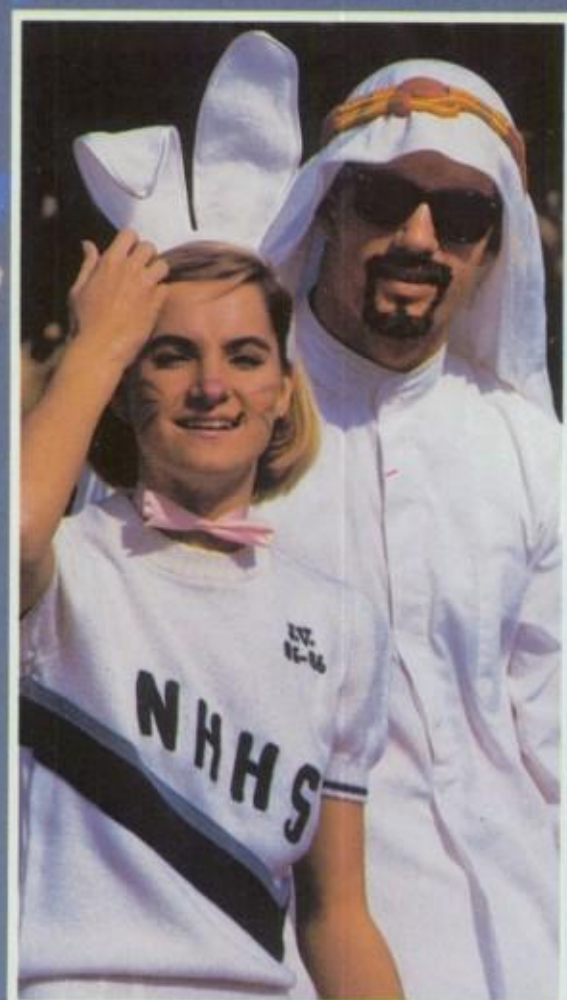

Lorelei — "Oh my goodness gracious!"

Jami Goode brushes with Colgate.

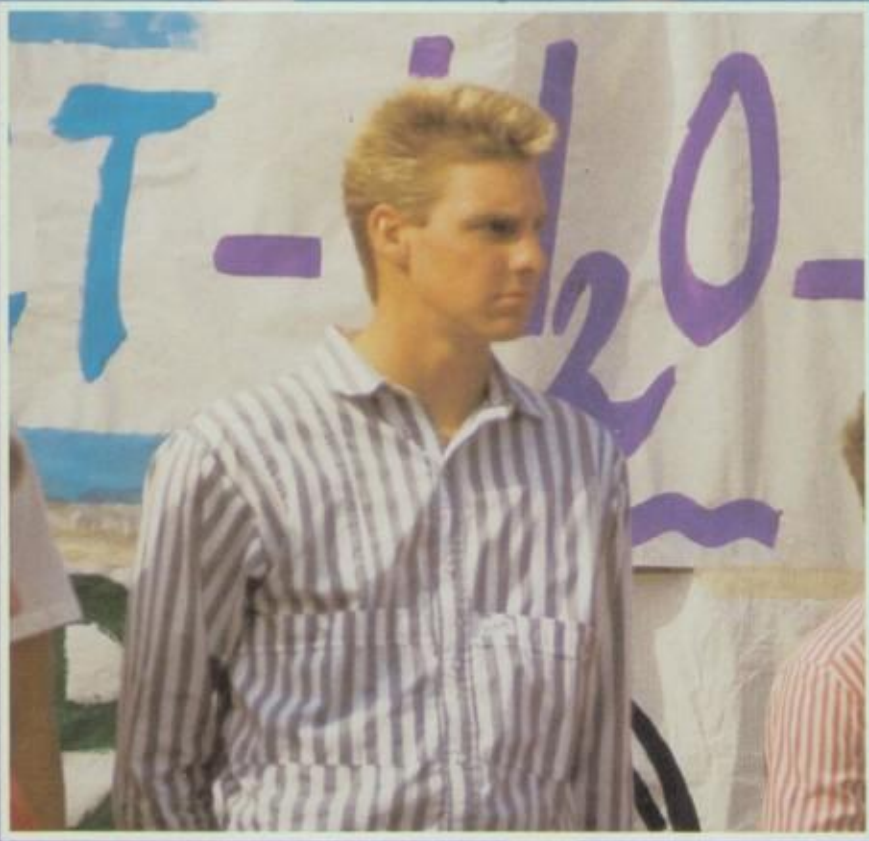

Good morning, Dina. It's time to wake up now.

Anybody want to buy a bunny?

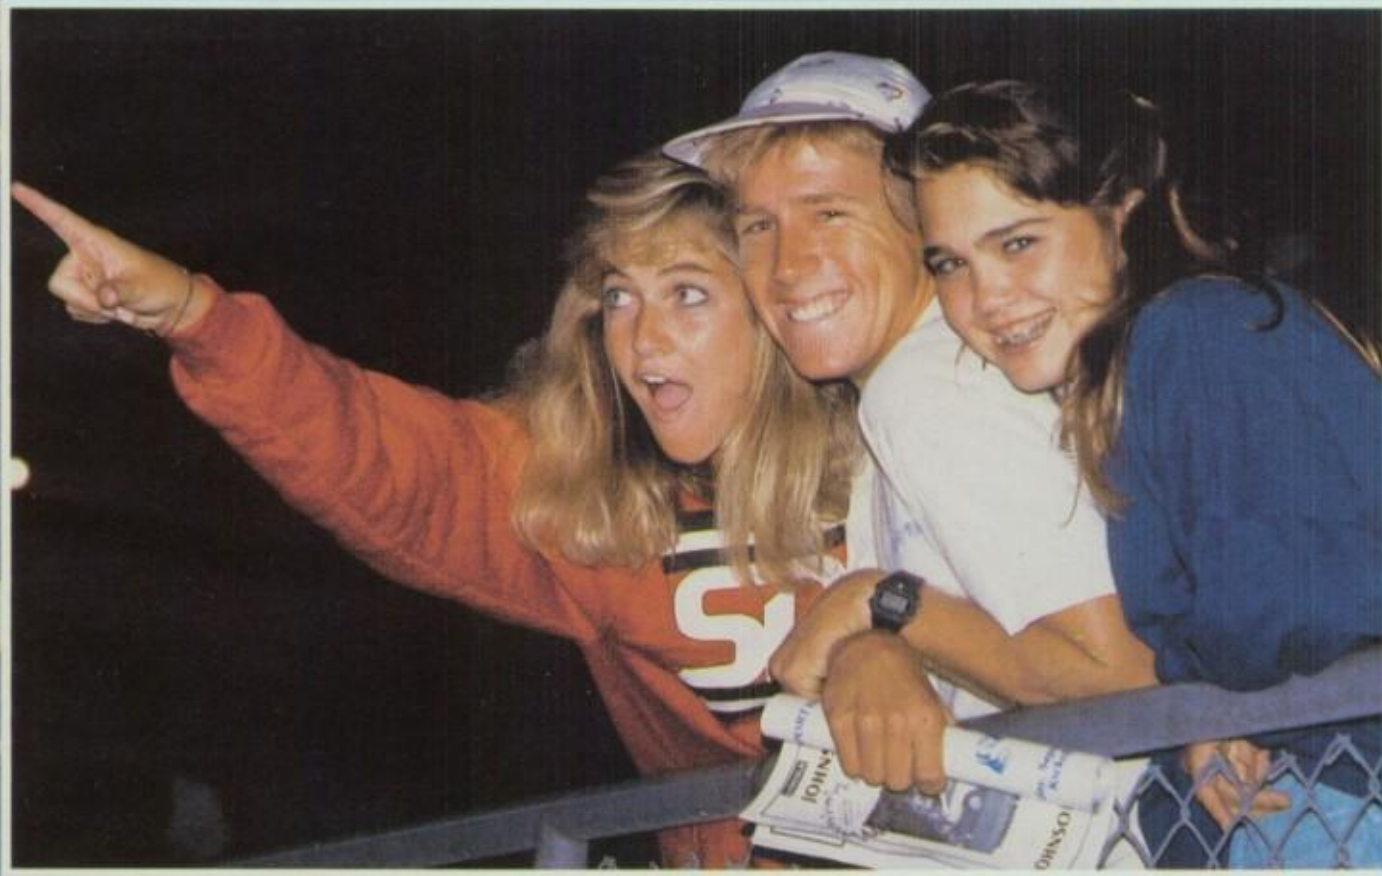

Chris Lawson — intense concentration.

Wes and Steve — sorry, we're together.

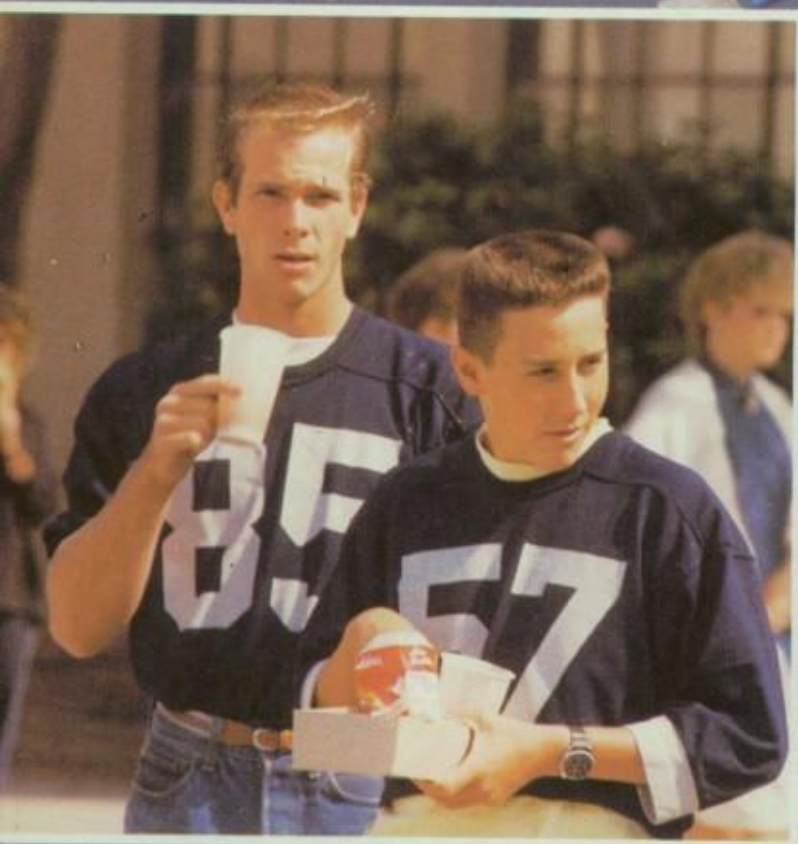

Amy, Carter, and Kim — do you see what I see?

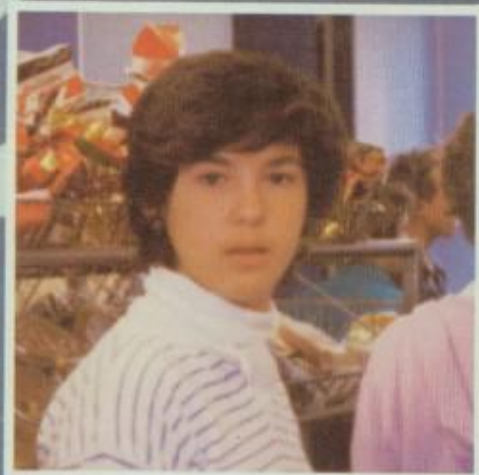

Heidi and Vicki — happy to be here.

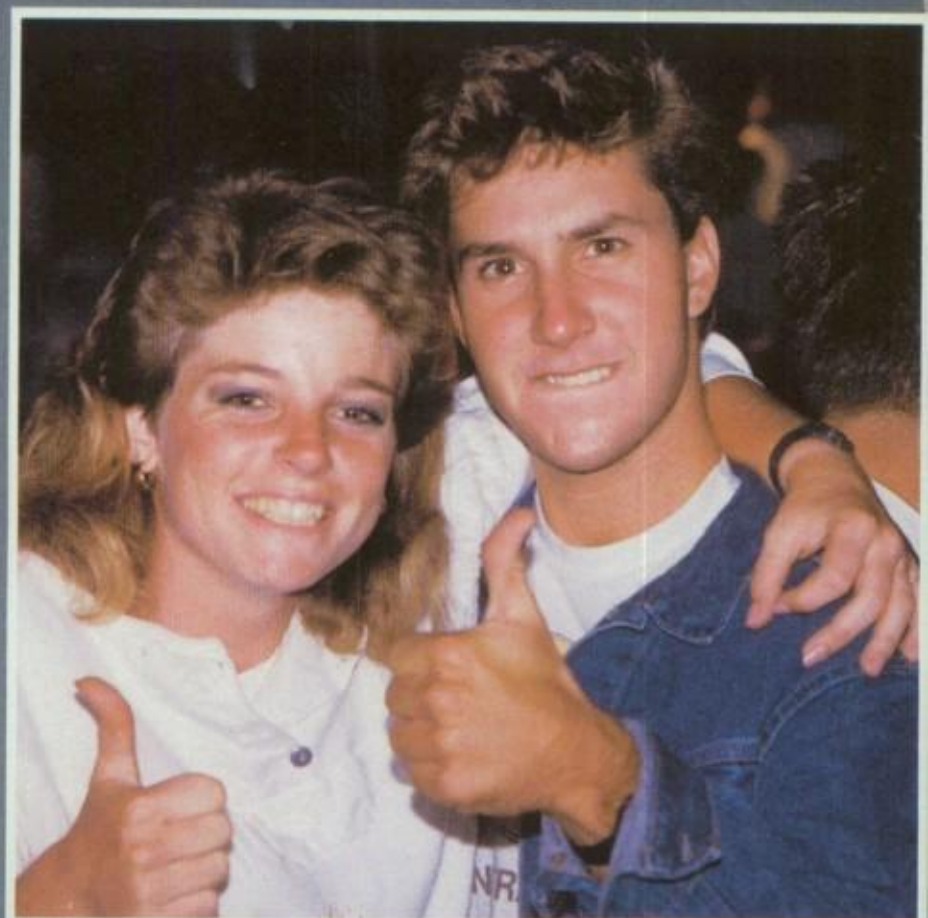

Well would you look at that!

Maria Sanchez — surprise!!

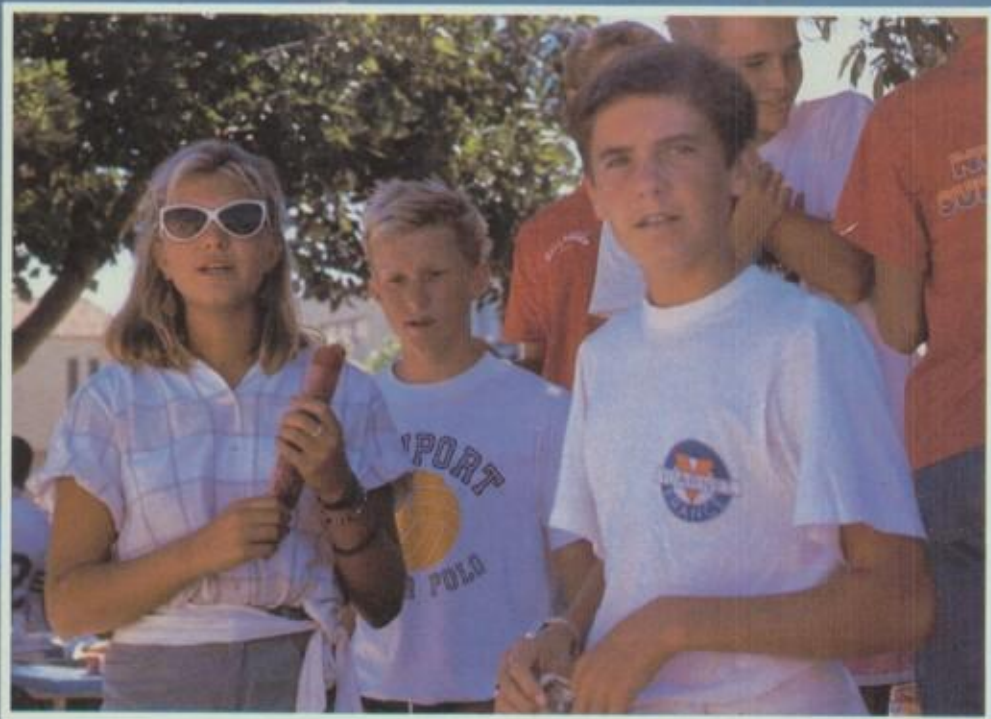

NH Spirit girls

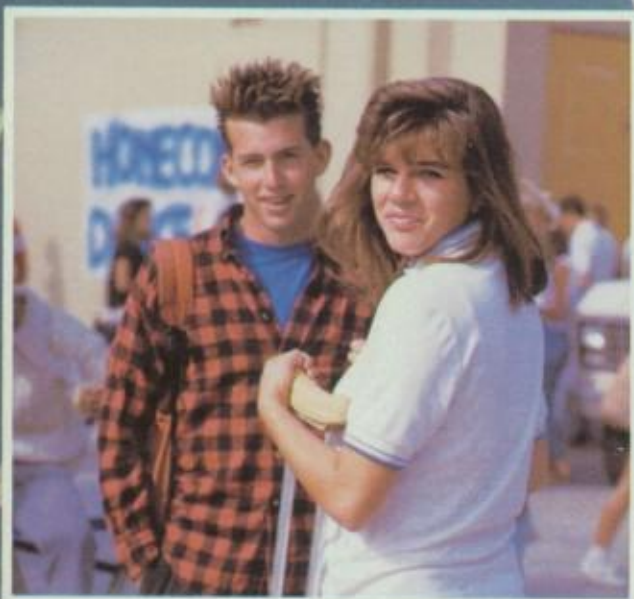

We're AOK.

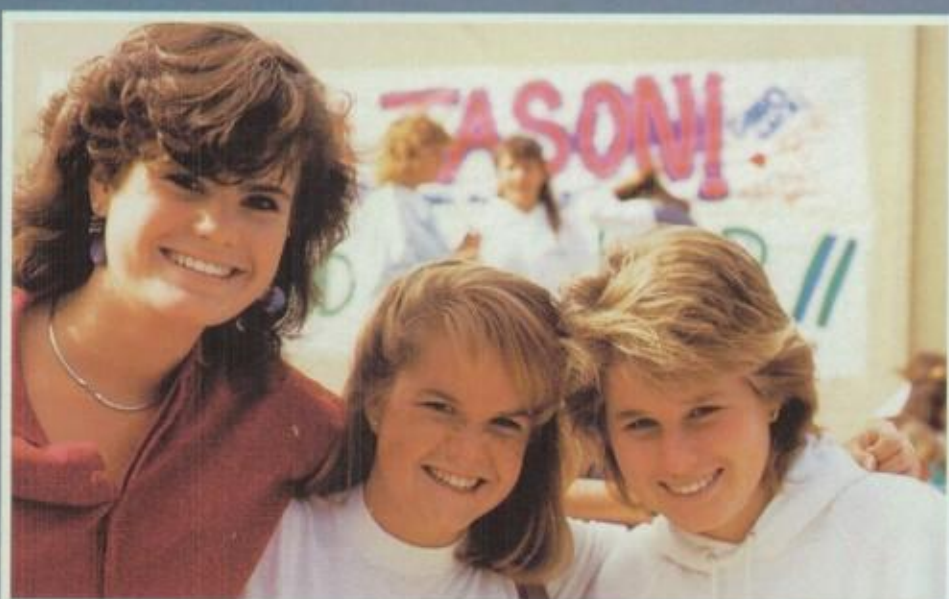

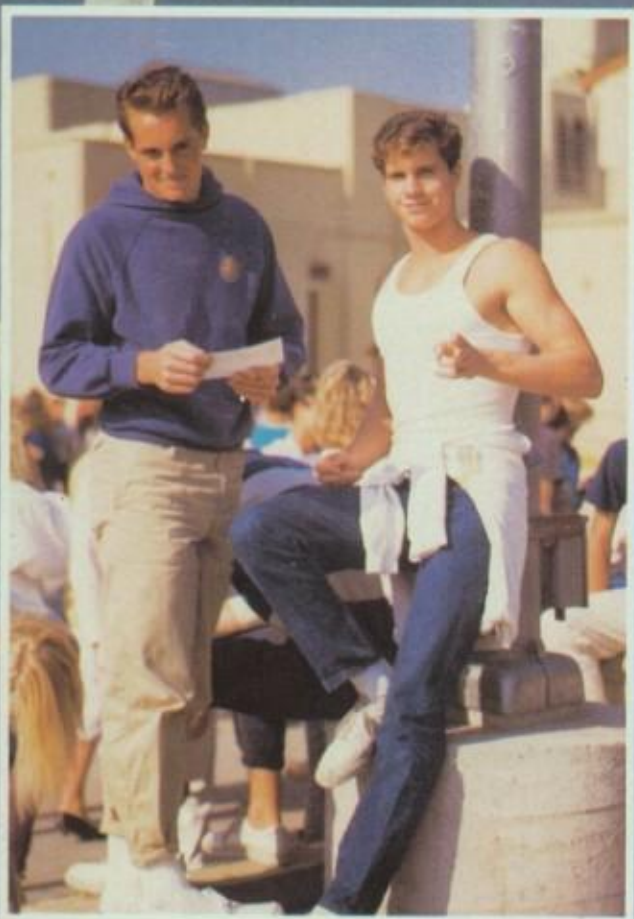

Where? What? Who?

John and Lisa — what are you two doing?

Suzanne, Mindy, and Karen — the long and the short of it

Oh, gee, you're so muscular.

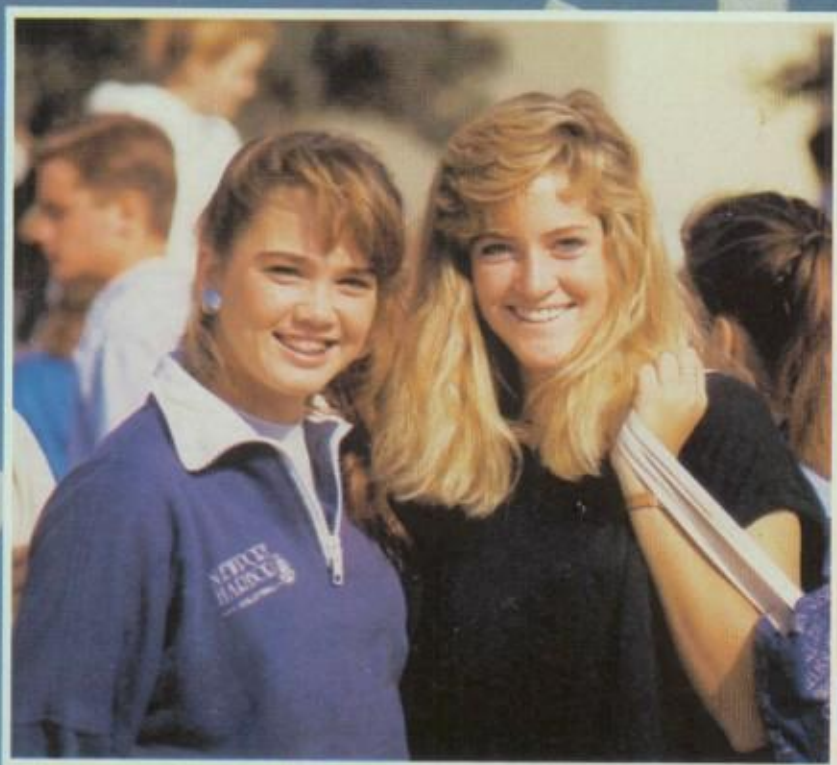

Vampira exposed !!!

Liz and Heather — what is that guy doing?

Kim Gray and Amy Adams — California girls.

Newport water polo in action.

Allison, Krissy, and Leslie — a close trio.

Freshmen — they're on the rampage.

They call us Bruce.

Yes, we're cool.

Night of the living dead.

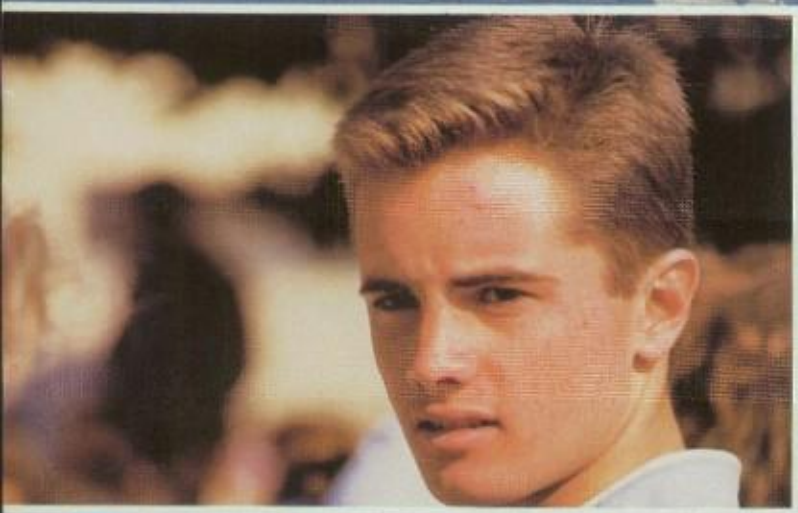

Oh my God, I broke a nail!

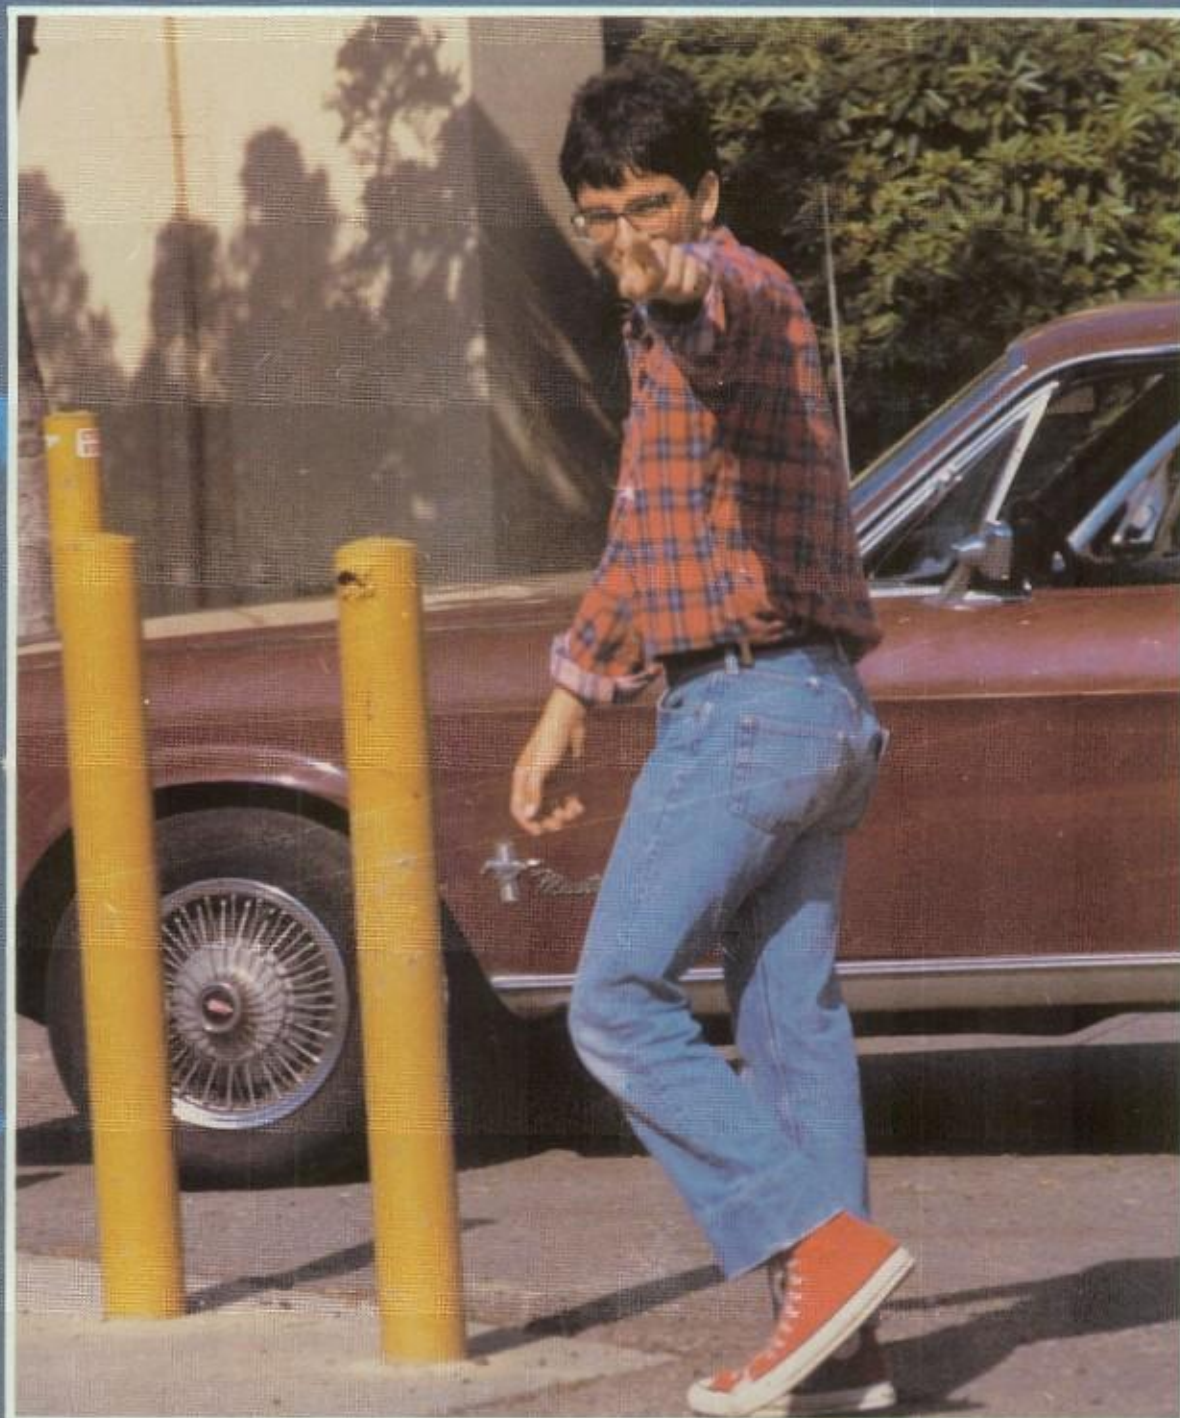

We're not sure yet, are you?

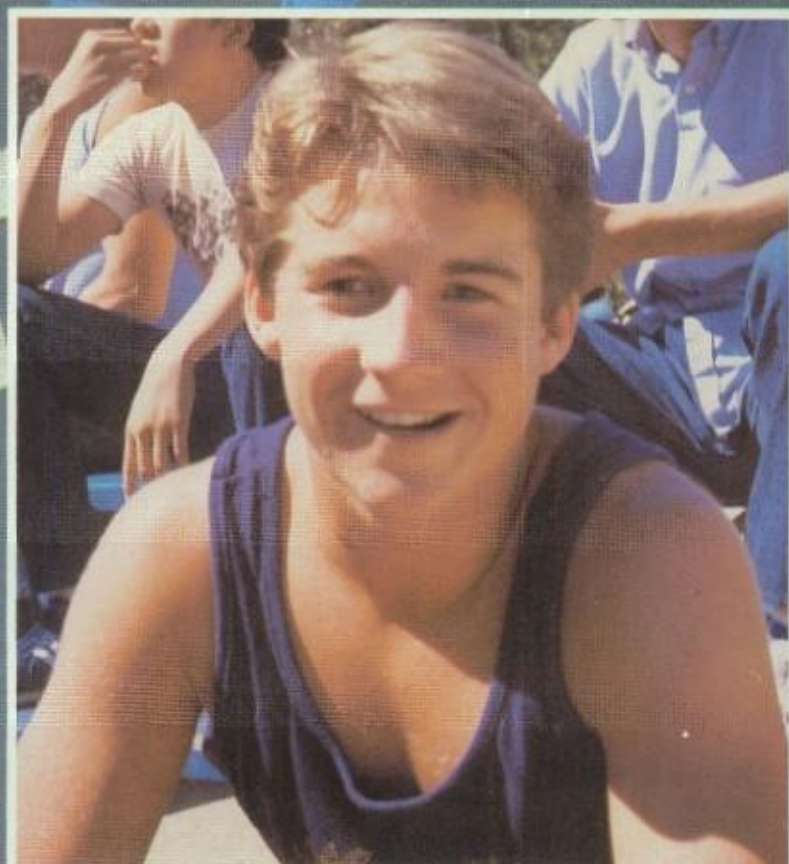

Freeze! Caught in the act of scamming.

Robert Ward wants you!

Do blonds really have more fun?

I want to be a cowboy!

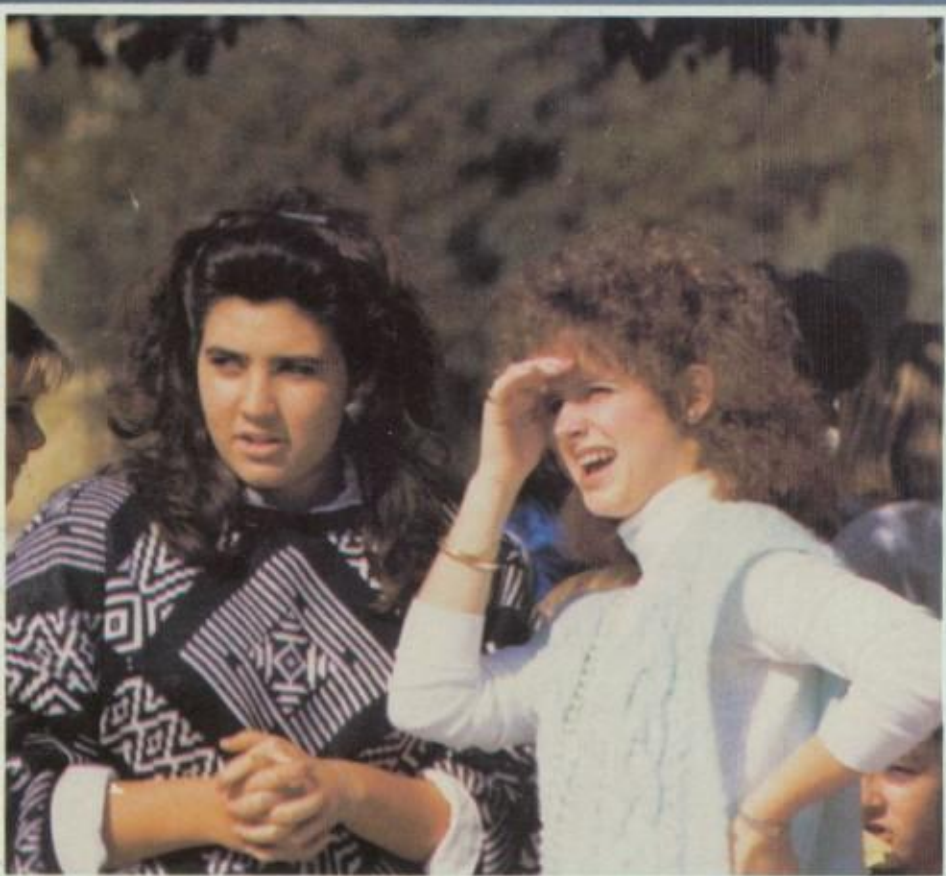

Smile, and maybe they'll go away.

Don't look now, Marge, but they're taking our picture!

The Surf Hut Crew together again!

On a scale of 1 to 10, what do you think?

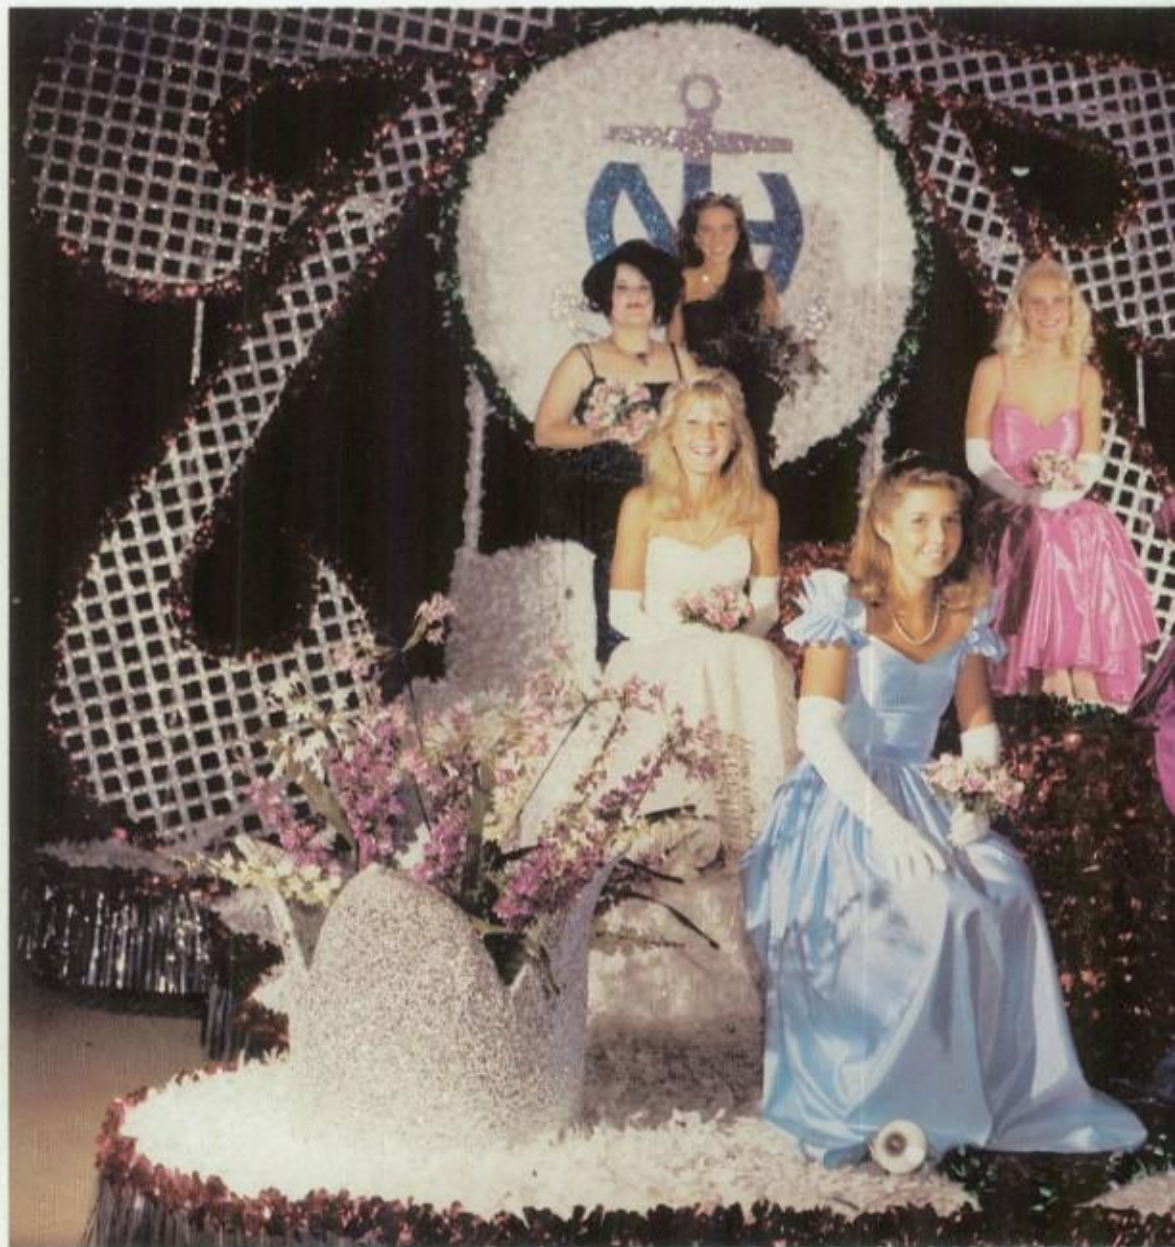

Donna Newcomb — what is this place?

# HOMECOMING GAME

As I stood up with the cheering crowd, because I couldn't have seen otherwise, I caught a glimpse of big blue blobs moving across the field. Standing on the bench, I realized it was our football team. The big game between Harbor and the #3 ranked Saddleback had begun. Although everyone had us destined to lose, I was as enthusiastic as anyone. After all, who loses their Homecoming game?!?! . . . (CDM) . . . The game went quickly with a big struggle the entire first half, the score between teams remaining within three points of each other. Staying on my feet with the rest of the cheering crowd, I actually watched the plays of the second half. My eyes never leaving the field, I watched us suddenly overcome the Saddleback defense. The last 2 minutes we made the determining touchdown and I knew that we had it. We had beaten Saddleback 21-24. Not only had we won our Homecoming game, (which is more than *some* schools can say) we walked over Saddleback on our way to the top!

The Court arrives

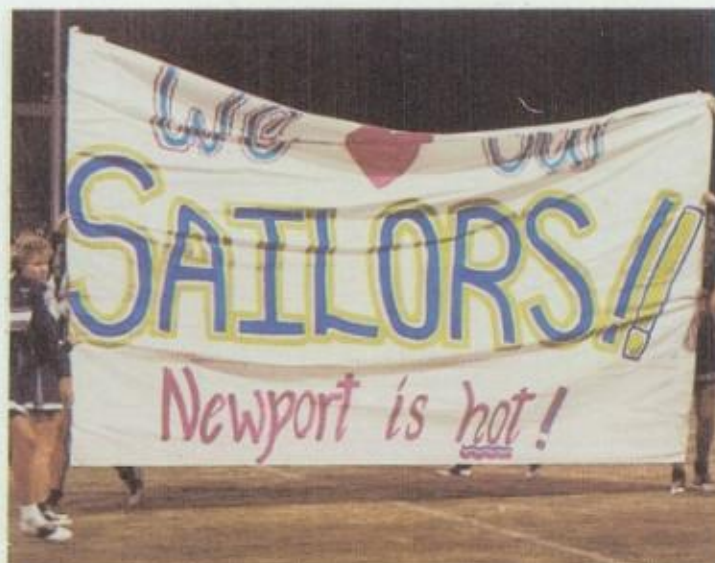

Go Tommy Tar!!!

Cheering from the sidelines

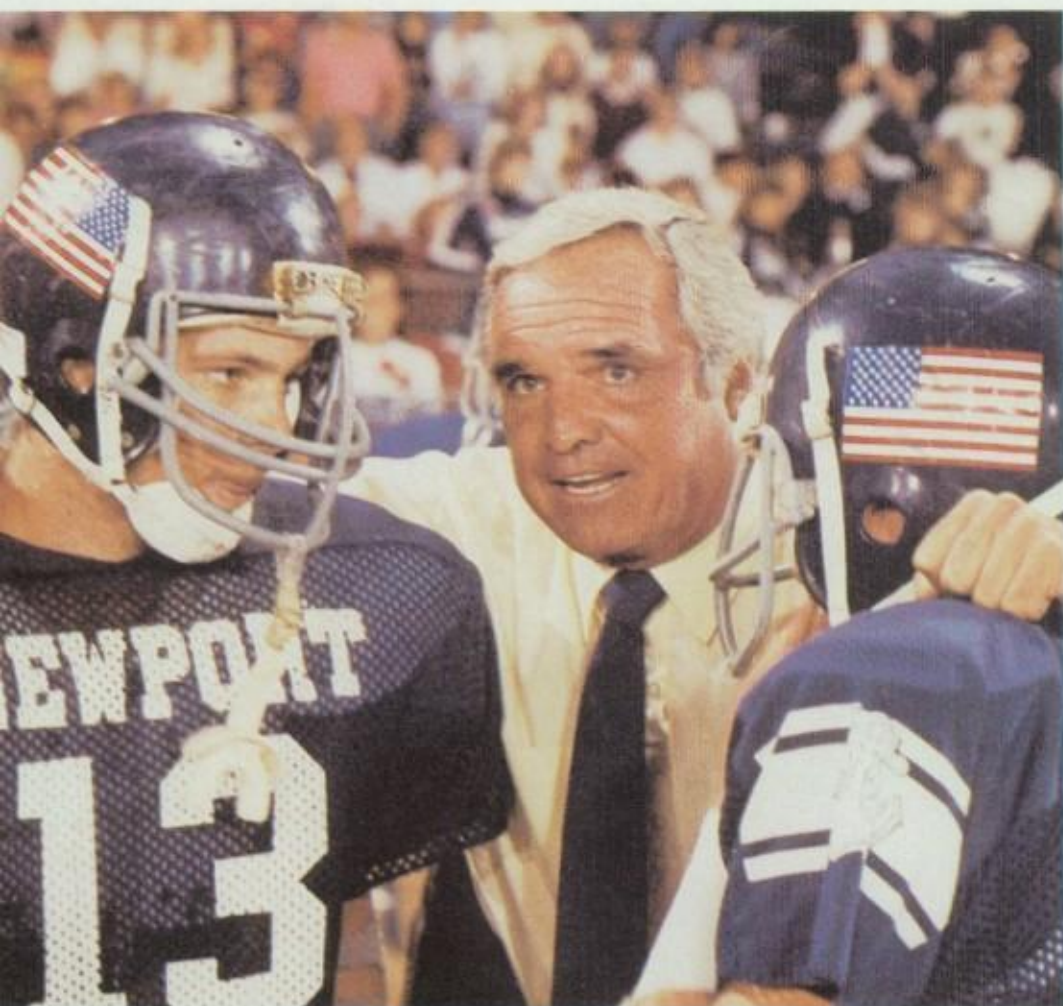

The Honest Truth

Go for the goal!

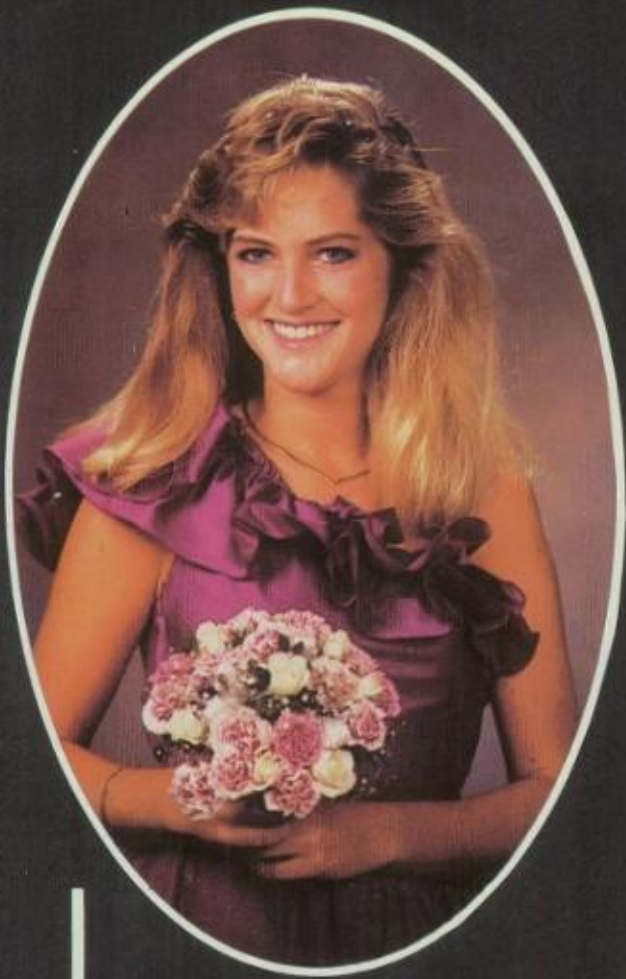

When Giddings talks, people listen

Football in action

# HOMEcoming COURT

Senior Princess Amy Adams

Homecoming Queen Jennifer Hanen

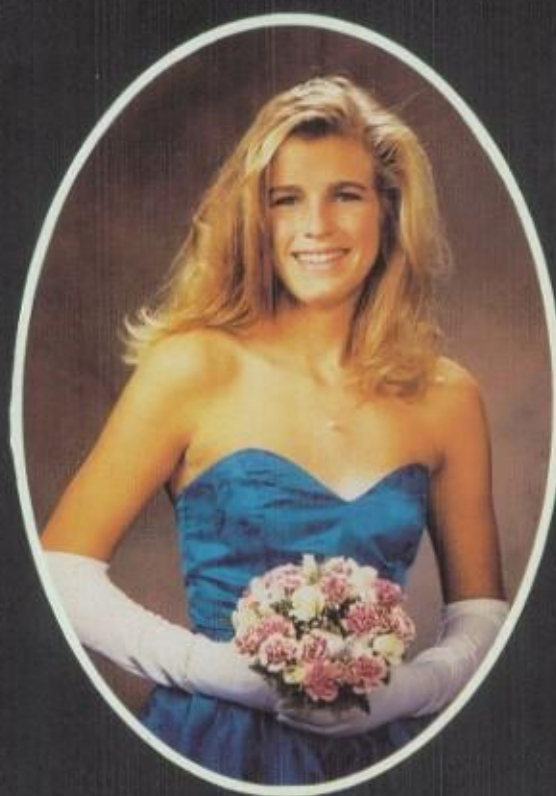

Senior Princess Kristen Schlegel

Junior Princess Allyson Thomas

Sophomore Princess Karey Hazelwinkle

Freshman Princess Hilleri Bunnell

It's Halftime, and the crowd pours down to the fence. A float, blue and glistening, circles the field and stops before the grandstand. Six girls are on it-one will be Queen. One by one they are escorted onto the field by their fathers. The candidates are Amy Adams, Jennifer Hanen, and Kristen Schlegel. Students arrive, carrying bunches of white balloons. The band plays and the balloons float up-spelling out JH. Jennifer Hanen is the Homecoming Queen!

# HOMECOMING DANCE

Jennifer Hanen reigned over this year's Homecoming Dance, along with her court. It was held at Newport Harbor, and the Tories played. The Kiwanis club of Newport Beach supplied refreshments. The dance was semiformal, and all Newport Harbor students were invited.

Hour after hour, the dance committee was frantically trying to finish the preparations for our 1985 Homecoming Dance. Streamers and balloons loosely hung from the ceiling of the girls' gym.

Nearing nine o'clock, the chaperones began to arrive and immediately stood at attention. Jacobson, Murphy, Dominic and comrades were on the prowl carrying on tradition, the couples and stags pulled in fashionably late. Everyone scrambling for their tickets, shuffled through the patrol gate.

Everyone slipped off their shoes, as the sixties sound of the Tories drew everyone into the dimly lit gym. Girls wiggled and squirmed while the guys twisted and shook. As the crown was placed upon Jennifer Hanen's bufante, the crowd whistled and cheered. As the night flew by, the Santa Barbara Band, 685, took the stage and rocked the night away.

Ladies' nite out.

Dancing Madonna style.

Let's go do the bop!

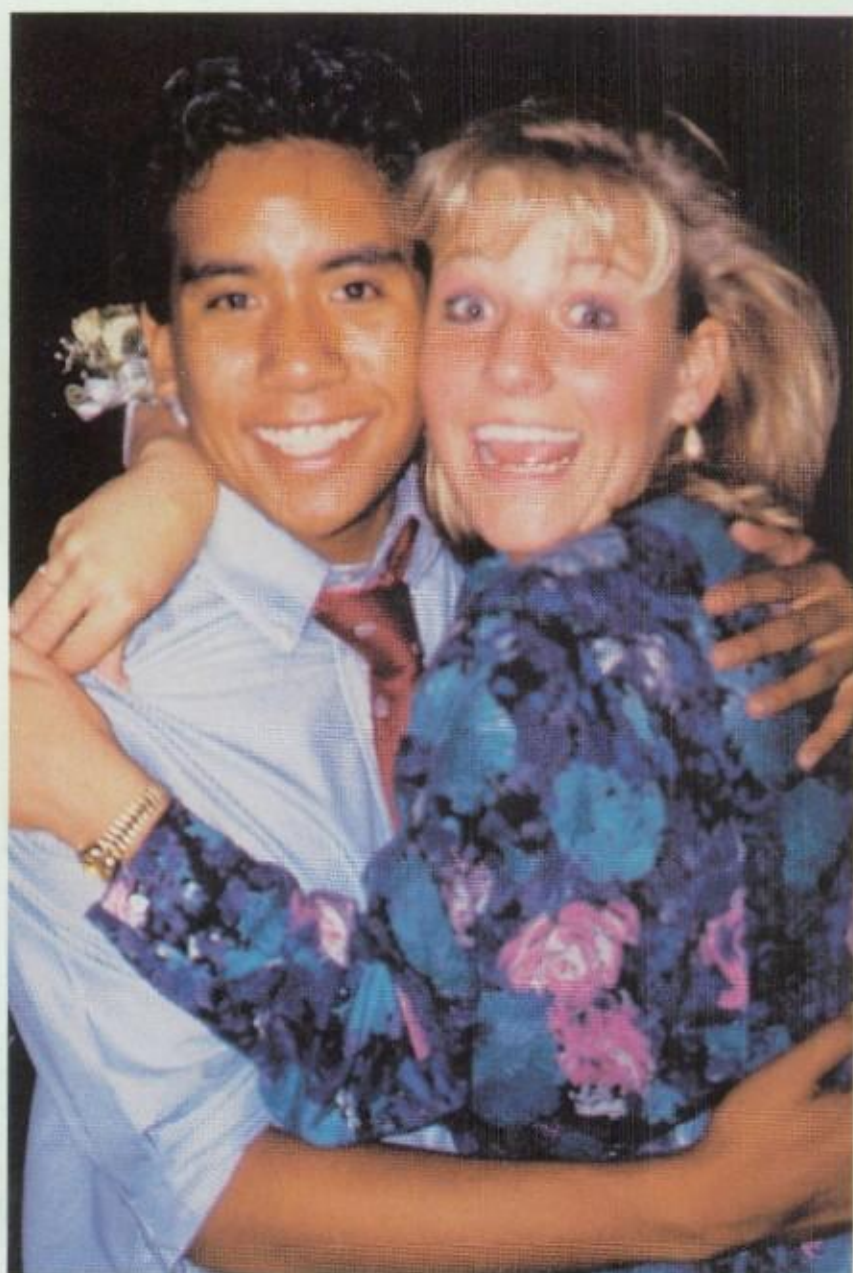

Say cheese!

Is it love?

He's mine!

# P O E M S

If you ever need a friend,  
I have a lot of love to share.  
I will be here until the end,  
To show how much I really care.

If you ever need a guide  
To help you see the light,  
I will be right by your side  
To make everything seem bright.

If you're ever looking for Love,  
You have to look no more.  
For I will show you a side of love  
That you have never seen before.

So, if you're feeling blue,  
Just remember I love you.

Some people see themselves  
As the ruler of the land  
And other people see themselves  
As a small speck among the sand.

Still others do not see themselves  
And have no feeling what so ever.  
The rest just smile and see themselves  
As dumb, smart or clever.

How do you see yourself?  
Do you fit in one of these groups  
Or haven't you found out yet  
Is your head still spinning in loops?

Take some time to look down deep  
To find out who you are  
because each and every person  
Is her own rising star.

Bridget Mancini

Because you are my friend  
my life has more meaning  
I am a happier person  
I am more fulfilled  
I am more aware  
I am more me

Because you are my friend  
The less pleasant things in life are more bearable  
I can face criticism  
I can face hurt  
I can face loss  
I can face unkindness — because I know that you are there for me — and I for you.  
It is a special, unique relationship — one that enhances, one that cares, one that is sincere,  
one that makes me me — because you are my friend.

Amy Lerner

Because you are my friend  
I can feel better about myself  
I see that I am worthwhile  
I see that I am capable  
I see that I am needed  
I see that I am loved

With every rising of the sun  
Think of your life as just begun.  
The Past has cancelled and buried deep  
All yesterdays. There let them sleep.  
Concern yourself with but Today.  
Grasp it, and teach it to obey  
Your will and plan. Since time began  
Today has been the friend of man.  
You and Today! A soul sublime  
And the great heritage of time.  
With God himself to bind the twain,  
Go forth, brave heart Attain! attain!

I wish I could stay the same  
I wish I'd never have to leave  
this security  
Why didn't I take life as it came?  
So much planning for what's to be  
As I look toward my open door  
There are so many things waiting for me  
to touch  
Places I've never been before  
Experiences and opportunities and such  
This means I have to grow  
I have to leave behind all I know  
My friends  
My school  
People who love me . . . To grow  
To be the person I really want to be . . .  
To be free.

# FADS AND CRAZES

The fads, the crazies . . . you know what they are when you cannot tell time without a swatch or count twelve pairs of Reeboks during Math — that's a fad. Painted floral jeans — everyone has got something with a flower pattern. Then there's the big, baggy forenza sweaters over tight stirrup pants. Rhinestone jewelry with its big brooches, oversized earrings, etc. . . . ALL are seen around NH's campus for the first time this year. For the guys, jean jackets and jeans in black or natural mean they are TOO COOL! Many are wearing plaid flannel shirts over T-shirts along with the ever present Ray bans. People are fads too. Molly Ringwald starred in several movies, and red hair became fashionable. And every Thursday night you could find the entire NH student body and half the faculty watching the Cosby show. Other faddy fads were Micheal J. Fox, RAMBO, "the Fridge," and Don Johnson. And of course, don't forget the University of Newport Beach sweatshirts.

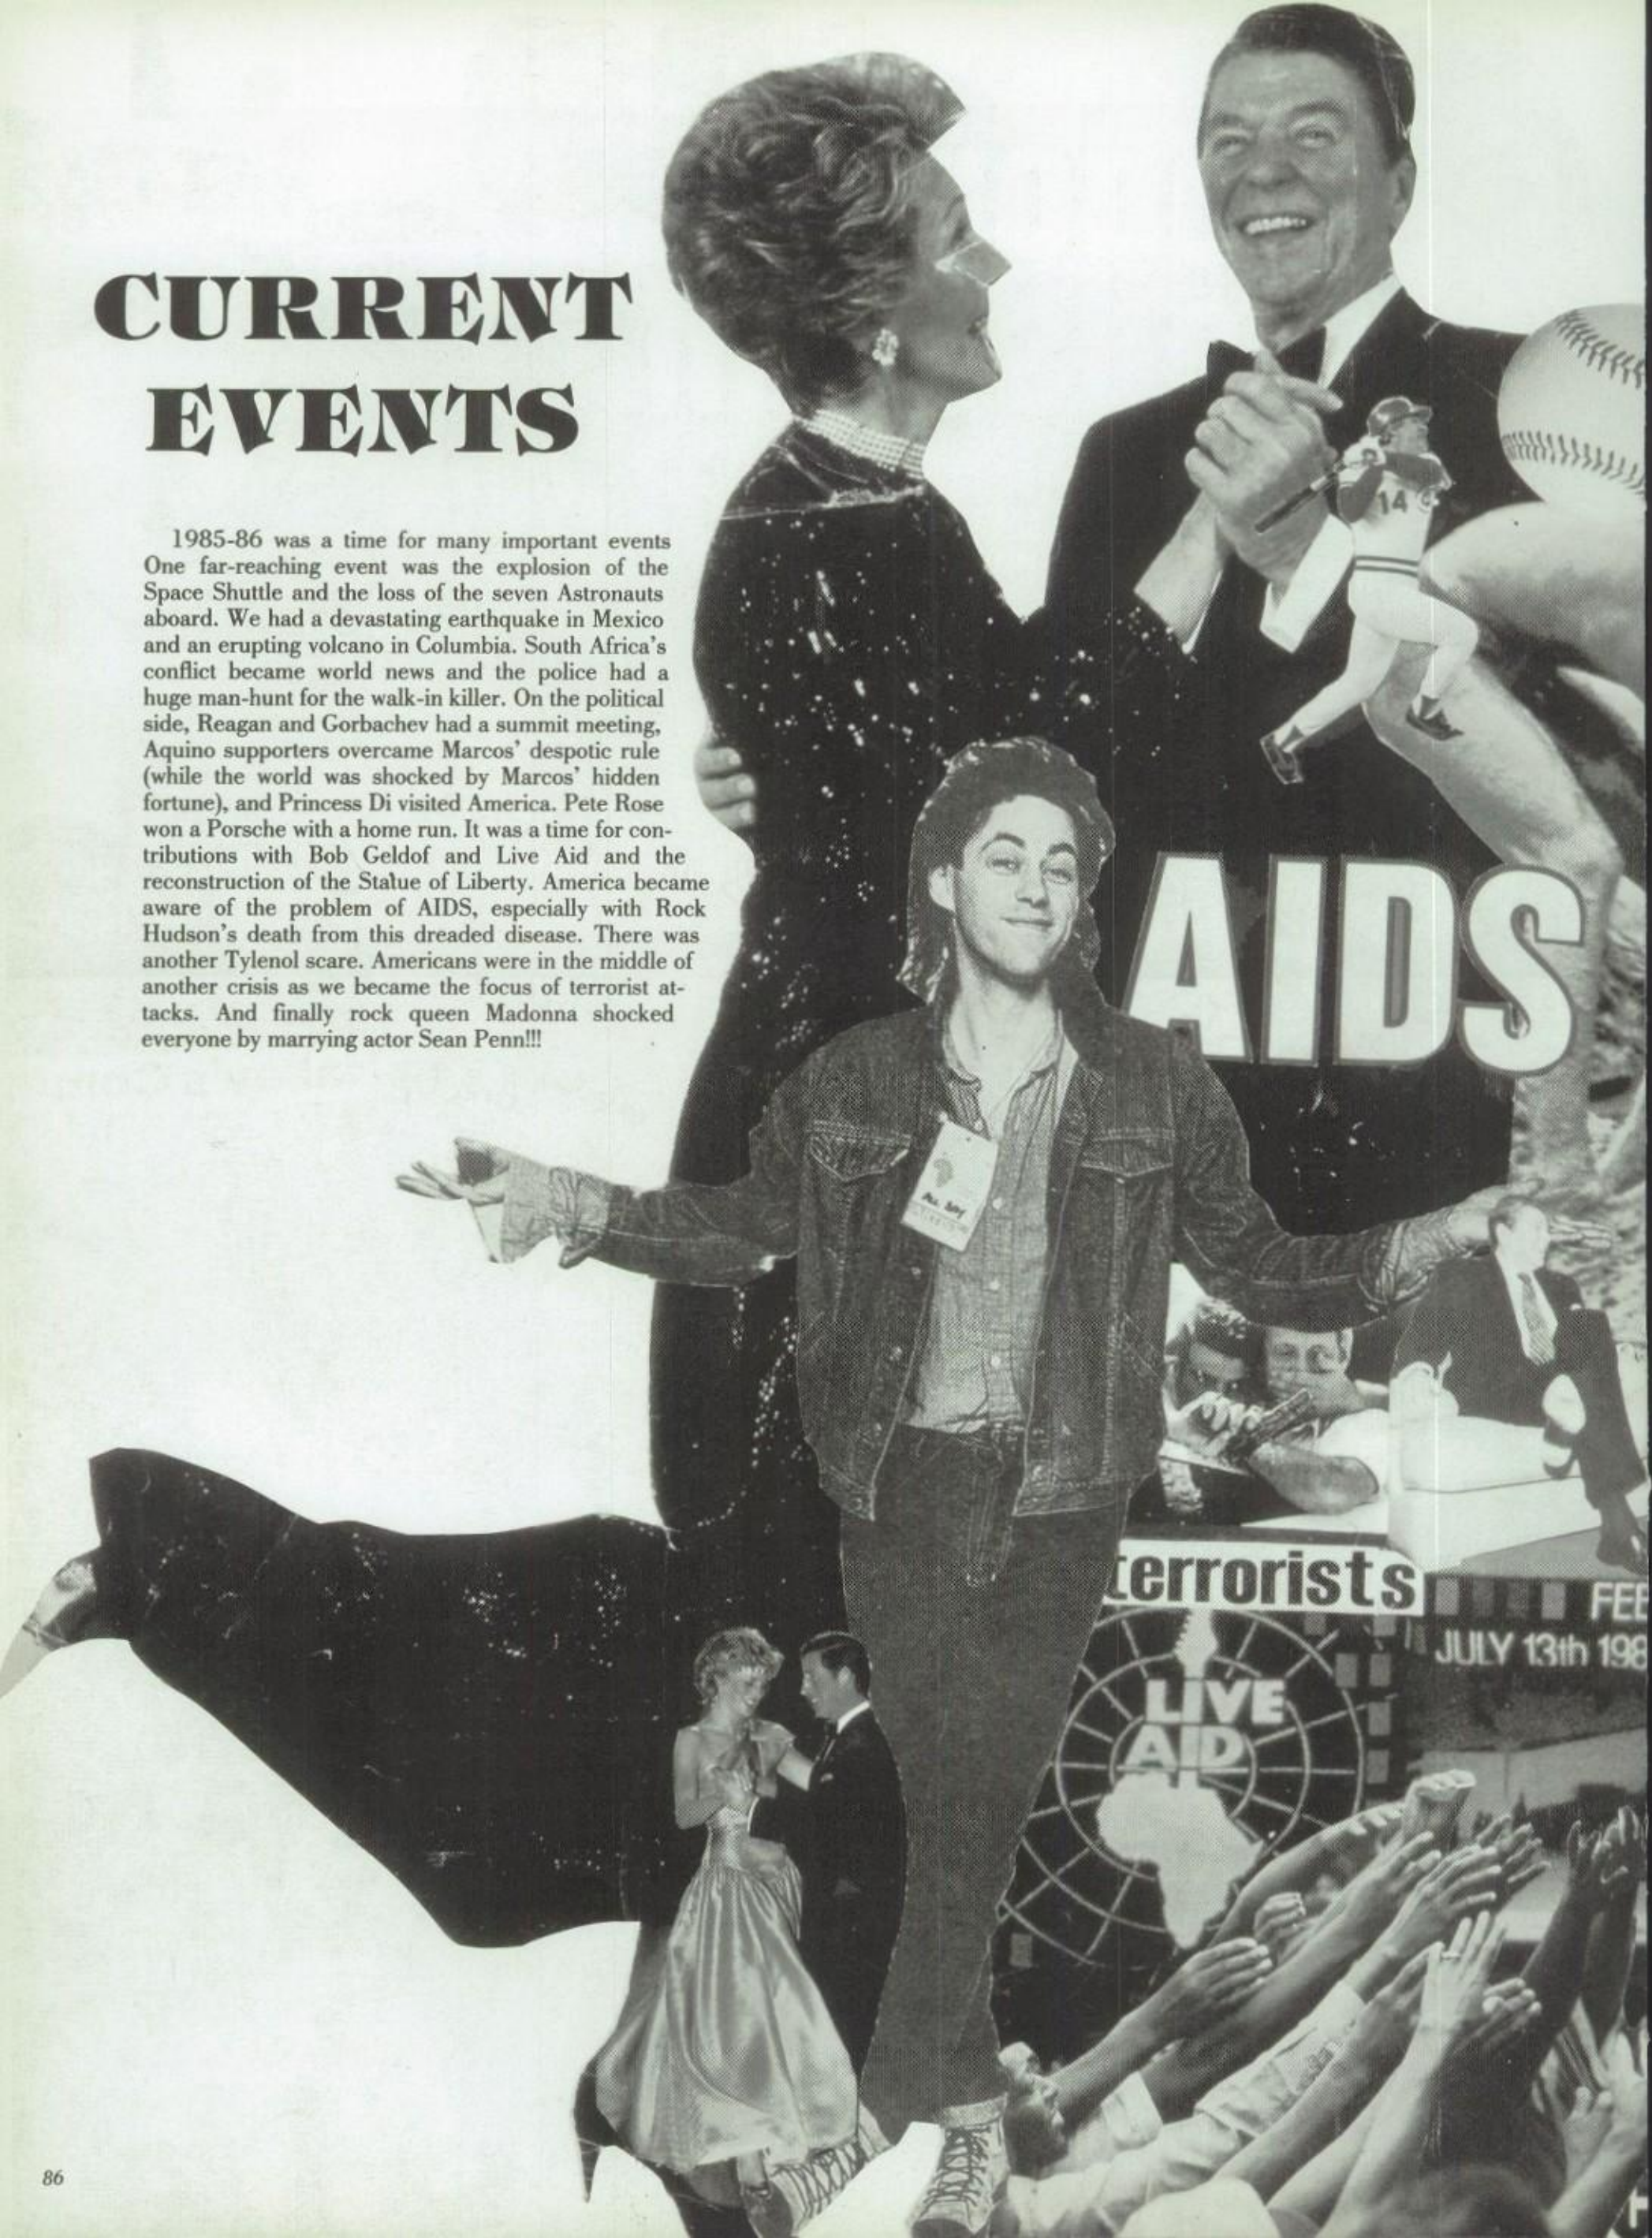

# CURRENT EVENTS

1985-86 was a time for many important events. One far-reaching event was the explosion of the Space Shuttle and the loss of the seven Astronauts aboard. We had a devastating earthquake in Mexico and an erupting volcano in Columbia. South Africa's conflict became world news and the police had a huge man-hunt for the walk-in killer. On the political side, Reagan and Gorbachev had a summit meeting, Aquino supporters overcame Marcos' despotic rule (while the world was shocked by Marcos' hidden fortune), and Princess Di visited America. Pete Rose won a Porsche with a home run. It was a time for contributions with Bob Geldof and Live Aid and the reconstruction of the Statue of Liberty. America became aware of the problem of AIDS, especially with Rock Hudson's death from this dreaded disease. There was another Tylenol scare. Americans were in the middle of another crisis as we became the focus of terrorist attacks. And finally rock queen Madonna shocked everyone by marrying actor Sean Penn!!!

## THE NH DEFINITION:

WINTER FORMAL (win'ter for'mel) noun 1.) A NH dance that is always sold out because it is held OFF Campus. 2.) always put on by 'Girls' League and always better than Homecoming. 3.) February 22, 1986 held at the Plaza de Café (not the Anaheim Convention Center!) 4.) starts at 8:00 but the Seniors always arrive at 9:30, fashionably late of course. 5.) it always has a wild band like Soi-Desant. 6.) a 3 mile long line for pictures. 7.) girls in glamorous dresses, guys decked out in tails, corsages, boutonnieres, glitter wigs, smiles and laughter. 8.) half way through they name the King — this year Chris Lawson Yea! 9.) Freshman groupies are in awe as they hang out by the bathrooms. 10.) administrators stalk the dance floor. 11.) People twist and shout til the clock strikes twelve then on to another party.

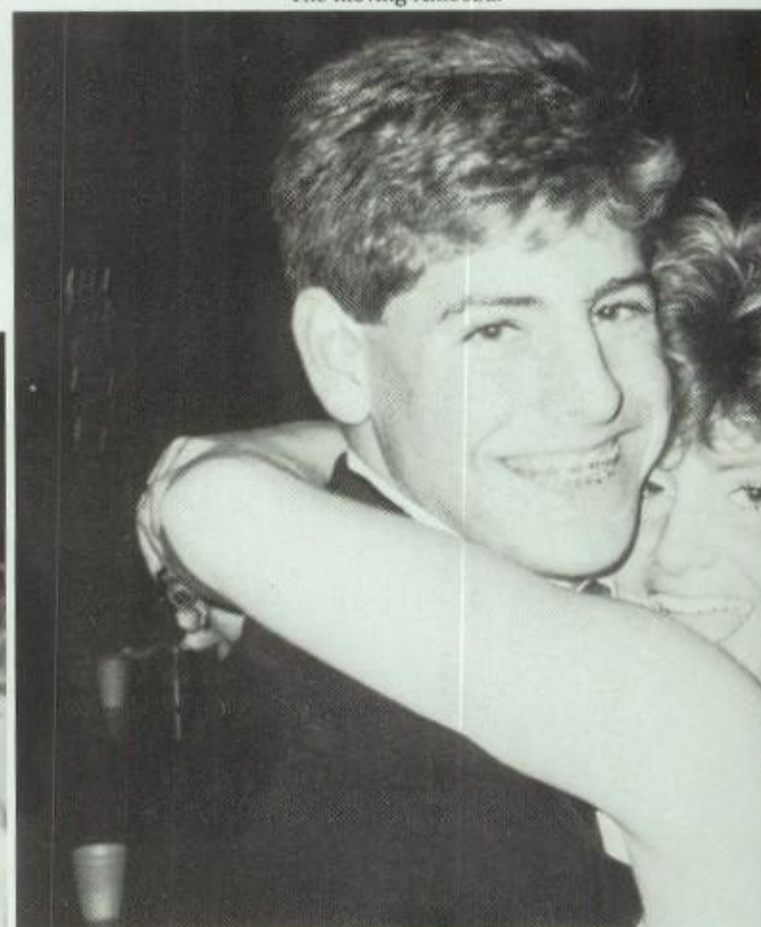

(ORIGIN OF WORD: FUN AND GOOD TIMES)

1. Winter King: Chris Lawson

2. Junior Prince: Chris Graham

3. Sophomore Prince: Derek Kumm

4. Freshman Prince: Tim Stickler

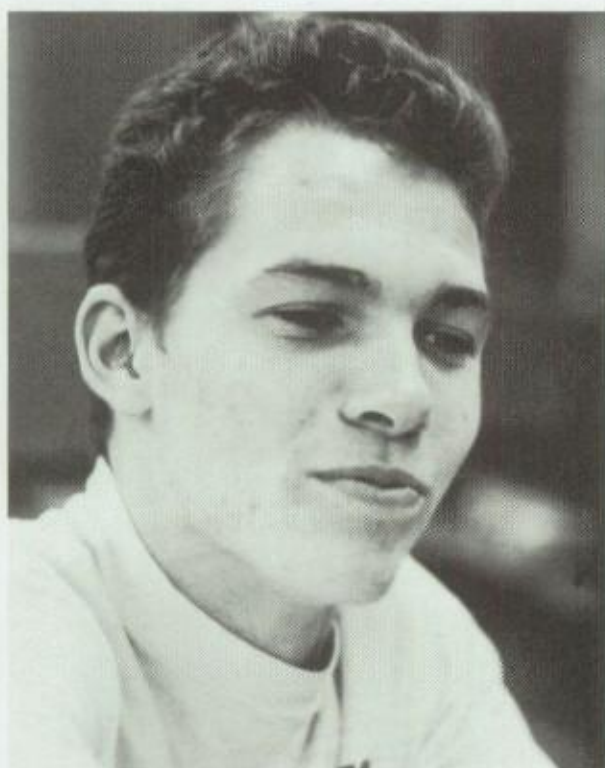

# JAZZY JUNIORS

You've almost reached the top: You're lower upperclassmen, and can practically smell victory, (and we can all smell the Chemistry stench coming from you). You get to experience the joys of all-night Orbach English papers and the fun of higher math. Keeping track of your keys in the bottom of your book bag is something new to learn as is remembering to turn off your lights when it rains. Hardly any Juniors can be found on campus because they are all at Del Taco and Naugles. And, at last, P.E. is no longer a requirement!!

# SASSY SOPHOMORES

Distinguishing features of sophomores are the bug net over one shoulder, and the wrinkled forehead once they realize that second year language requires twelve new tenses. Otherwise, they are hard to spot. Unless, of course, you look for someone bullying a freshman. As

# FLOUNDERING FRESHMEN

Sometimes you can just tell who the Freshmen are. They're the short kids with braces running around and showing off. They are only lower lower classmen, and can't even get permission to leave campus at lunch. They've got to take World History and PE and have to stick around all six periods. However, as Freshmen, they've got something to look forward to . . . There's no place for them to go but up.

Note: Due to lack of freshmen co-operation (or intelligence) there are only a few of them in the picture. It only took three tries to get this many. We were scared to try it a fourth time.

## **ASTOUNDING ACADEMICS**

**Q:** We asked NH teachers, “What is your other job besides teaching?”

# ART

# A:

Mr. Moeller — artist, Mr. Lee — an adult

Well, it's supposed to be a tree.

Art is not just a class to fill in the holes in your schedule. you get to develop the creative side of yourself. Artistic skills — drawing, painting, sketching, creating — can help you in your career by giving you a chance to show your boss your initiative. What's more Art is a great class in which to have fun.

Kathy Kuhn — the artist is in.

# BUSINESS

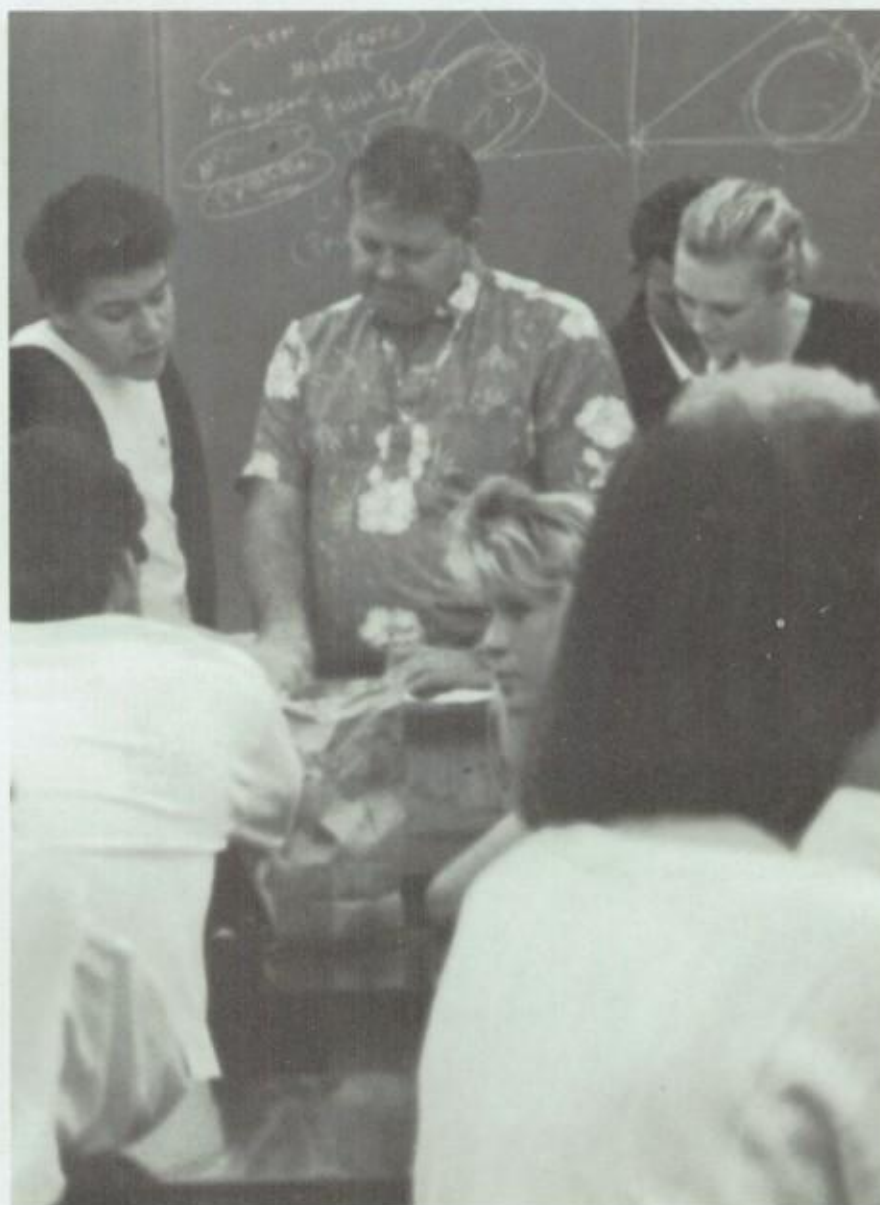

# A:

Ms. East — a movie star, Mr. Peterson — long haul truck driver.

Despite the difficulty in finding typing, once you get there Bus. ed can help you prepare for life in the real world (jobs, taxes, checkbooks, etc) and Bus. ed. is more than typing, there's accounting bookkeeping. Even though Mr. Peterson has a booming penetrating voice (always telling stories about his kids), he can help you get a head start on dealing with bosses in the business world.

Spot ran, Spot ran quickly.

Learn to get rich, "The legal way."

# ENGLISH

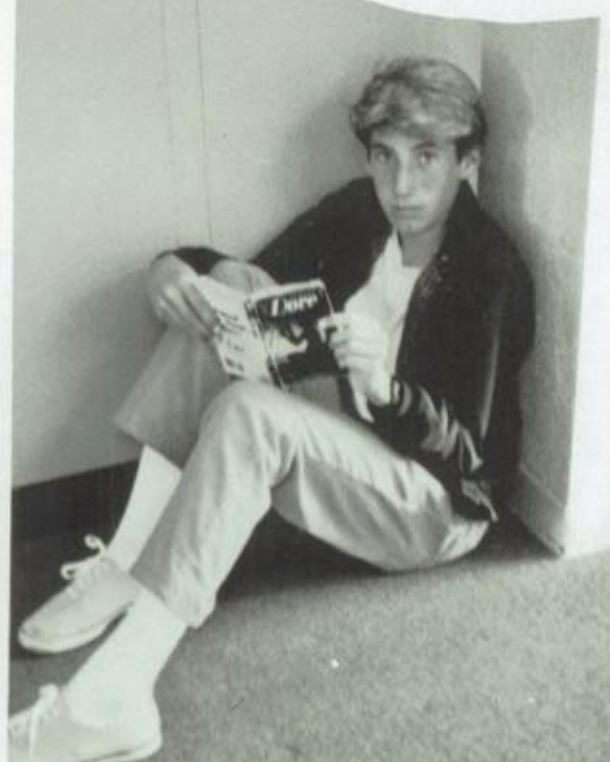

# A:

Mr. Kuhta — Chuck Berry, Mr. Ulander — news correspondent, Mrs. Orbach — diplomat, kindergarten teacher, Mr. Wakeman — Multi-millionaire, industrialist, Mr. Twait — teacher, coach, Mrs. Coffee — Lois Lane, Mrs. Geerlings — T.V. commentator, Mrs. Altshuler — an Olympic skier, Miss Vranicar — movie star, archaeologist, Mr. Malek — baseball player, lawyer, Mrs. Newsome — teacher, Mr. Hagey — adult, Mrs. Werner — librarian.

Whether it's Shakespeare or Bernard Shaw, plays or short stories, the English Department is the place to find them. You taught deep meaning behind sentence structure, and the hidden inner working of the perfect paragraph. There is no putting off your English classes. They're required all four years. So from the time you were a frightened freshman who didn't even know where Sims Hall was to your last Senior day, the English Department has its clutches in you in the quest for literacy.

Only 2 minutes for cramming.

I'm practicing solitude.

Learn the tactics of surfing — Boys!

# FOREIGN LANGUAGE

A real Frenchman wouldn't do that!

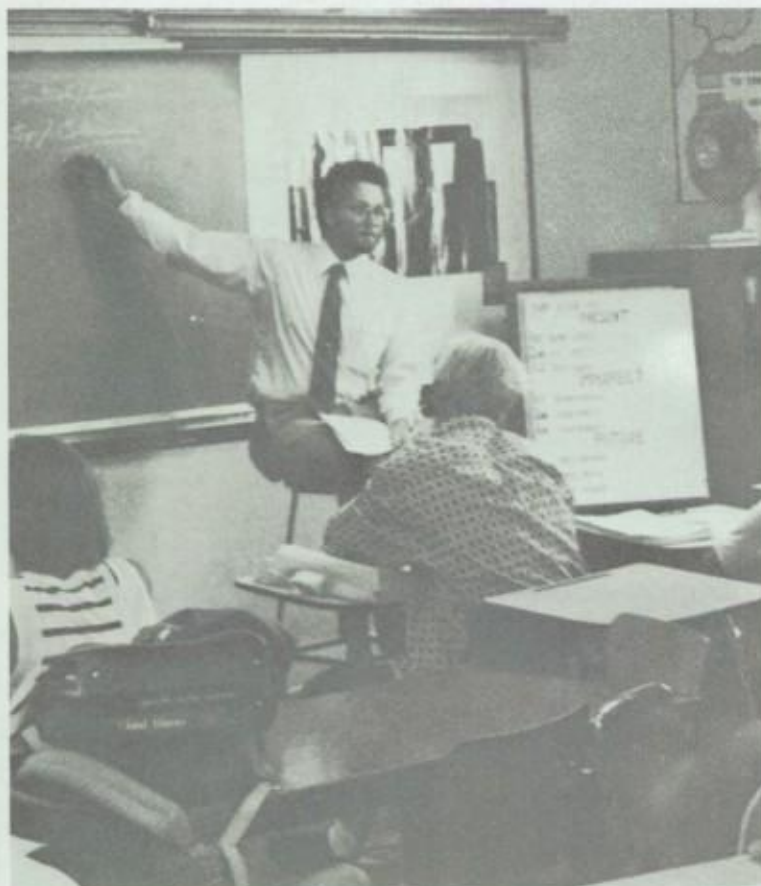

Say muy bien, Greg.

You LOVE German.

**A:**

Mr. Coe — a teacher, Mr. Shira — a world traveler,  
Mrs. Philbrick — a pediatrician.

It shall be done THIS way!

Let's face it. Americans expect everyone else to speak English but we're rather lazy in learning someone else's language. Well, the Foreign Language Department is part of the process to change that. M. Gentile, Herr Shira, and Senora Johnson all try to teach us several different tenses, declensions, etc. in order to convey a sense of the language and culture. At Harbor you've got the choice of French, Spanish, Latin or German. In order to graduate it's necessary to take two years, so we hope you started two years ago.

# HOME ECONOMICS

The three stooges go cooking.

**A:** Mrs. Block — a buyer of a famous department store.

You say your only edible accomplishment is making a peanut butter and jelly sandwich? Well, worry no more. Foods can save you! (You also get great experience washing dishes.) Sewing gives you a chance to learn the mysteries behind seams and tucks. Domesticity isn't as easy as it looks.

You want ME to cook?

# INDUSTRIAL ARTS

**A:** Mr. Vanderlan — rich farmer, Mr. McLaughlin — a cowboy.

Plan on having a dream house? Well, the 80's is the age of involvement. Design your house in drafting and give the carpenters a hand with what you learn in woodshop. If your car is having problems, autoshop can help you fix little knocks and pins or at least should help you decide how much the mechanics are overcharging.

Greg, you're at the tip of concentration.

But the chair was so tempting!

# MATH

Now, how do we open the book?

Geometry: Lea and Tracy, What are your dimensions?

Big, Fat, Hairy DEAL!

**A:**

Mr. Noser — Civil Engineer  
Mr. Cochrane — pro football player, architectural engineer  
Mr. Grgurich — a pilot  
Mr. Dye — baseball player, dairy farmer, Tahitian fire-eating belly dancer

Math can help you understand how to plan, design, etc. many things. The question is, did you really want to know? Or would you be happier paying someone else to find out how much water will exactly fill your pool, or how much paint it takes to cover your house? The Math Department at Harbor can drill algebra, geometry, trig., calculus, etc. into your head, but it's up to you to make it stick. For those talented individuals who can, we salute you.

Jamie Goode — Calm, Cool and Collected.

# MULTIMEDIA CENTER

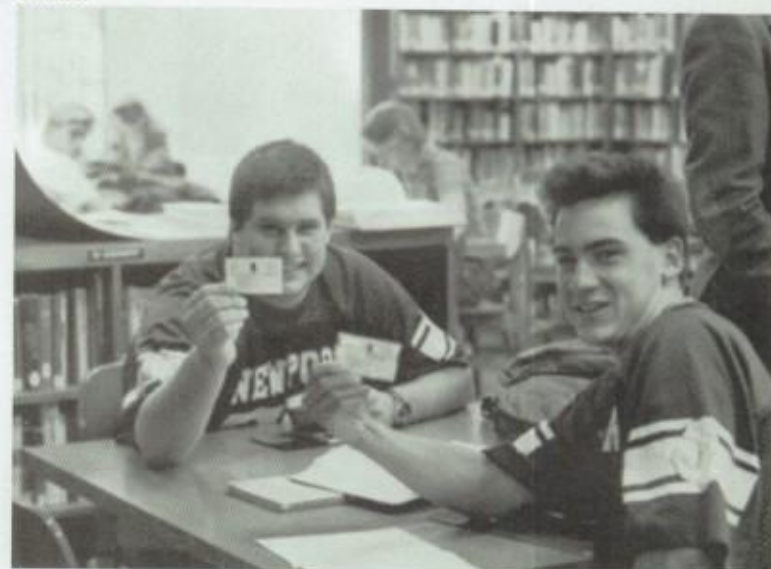

Studios moment for Jami Goode.

# A:

Mr. McGinnis — Teacher

For those of you who aren't sure what the media center is, it includes the part of the library that teachers can only seem to get for their classes months ahead of time, and that students out of class sneak to watch M-T.V.; the video room. However, there's much more than that. There are also those space machines that we always ignore when we pass into the library. Chances are, there are the microfilm and microfiche machines. These show all the magazines articles you'd ever want to see from any magazine from the 1940's to now. The media center, though you may not know all that it consists of, may just be more useful to you than you would think.

Marcus and Rex "We have home passes, we're legal."

## CAREER CENTER

# A:

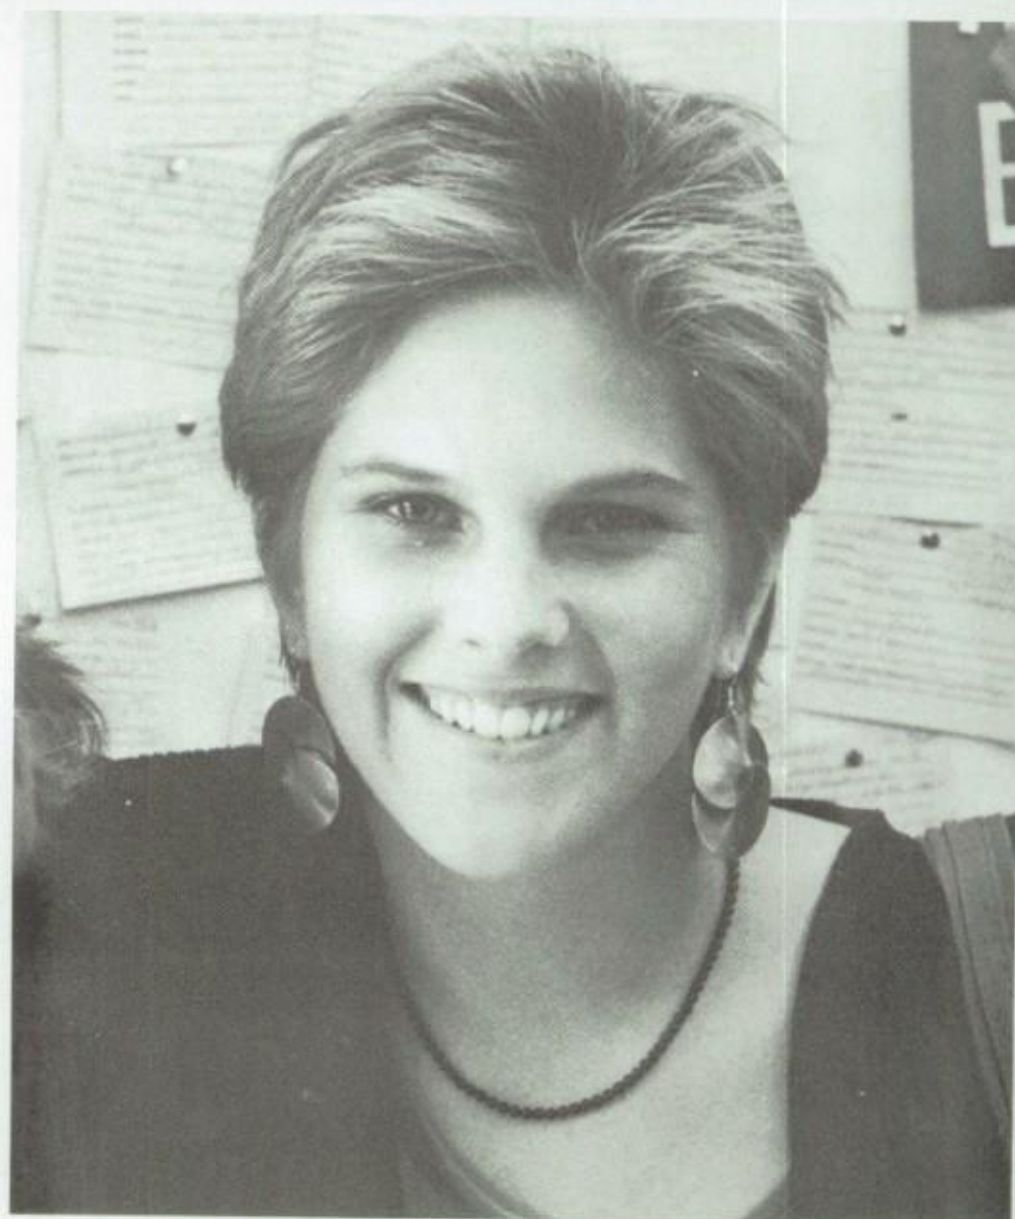

Mrs. Birch — An actress

World History breaks for one week as a freshman. Everyone gives a sigh of relief until a folder is shoved in front of them by Mrs. Birch, which they're told to fill out. On goes a week orientation to Career options. All one can think is "I don't even know what I want to take next semester . . . A Career?"

But there's more to the Career Center than just career options. Finding a job takes a matter of moments with the bulletin board full of job opportunities at your mercy. Work permits can be obtained here, and tasks for career ability can be taken. You ask, why all this trouble for just one decision? A career is the chance of a lifetime.

David, Patience is the key to success.

Rachel Bloomberg — job hunting.

Line-up boys!

# P.E.

"Where did the ball go?"

**A:**

Mr. Byers — Rich and Famous

P.E. is a requirement. That's the first thing that is told to you by your counselor as a freshman. This is where you make the decision to go out for a sport or begin P.E. Our physical education department is designed to keep the people in shape that might not do it by themselves. Many skills in such sports as volleyball, basketball, and softball are introduced in their different seasons. Freshman are separated into boys and girls P.E. while 10-12 grades are co-ed. All in all, P.E. might be incentive you need to keep in shape.!

# SAFETY ED

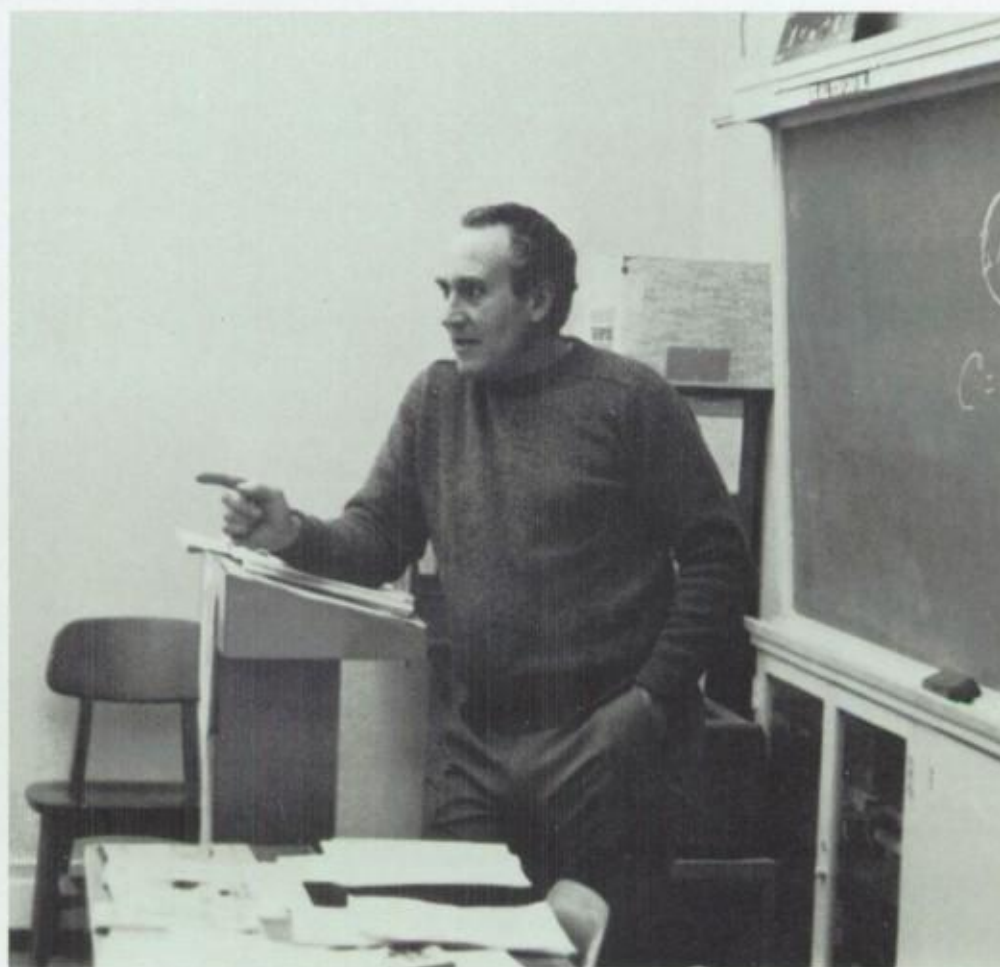

This is a turning point, and a dangerous one (for us that is), in a Sophomore's life. According to your birthday, you are admitted to this class one quarter of the year knowing no more about a career except where the gas pedal is. You want to know even less when you start to see all the wonderful films on how many ways you can die in a car. Just as you begin to wish you'll never drive, you get to attend the Simulator on afterschool hours — right when you desire the chance understand a German accent and sit in a fake car for 2 hours. All this, however, is a mandatory — along with Mr. Duffy's suggestive demonstrations with Ammie — to get that one green slip that opens the door to freedom, (and maybe a new car . . .).

Awe, come on Duffers, smile!

# SCIENCE

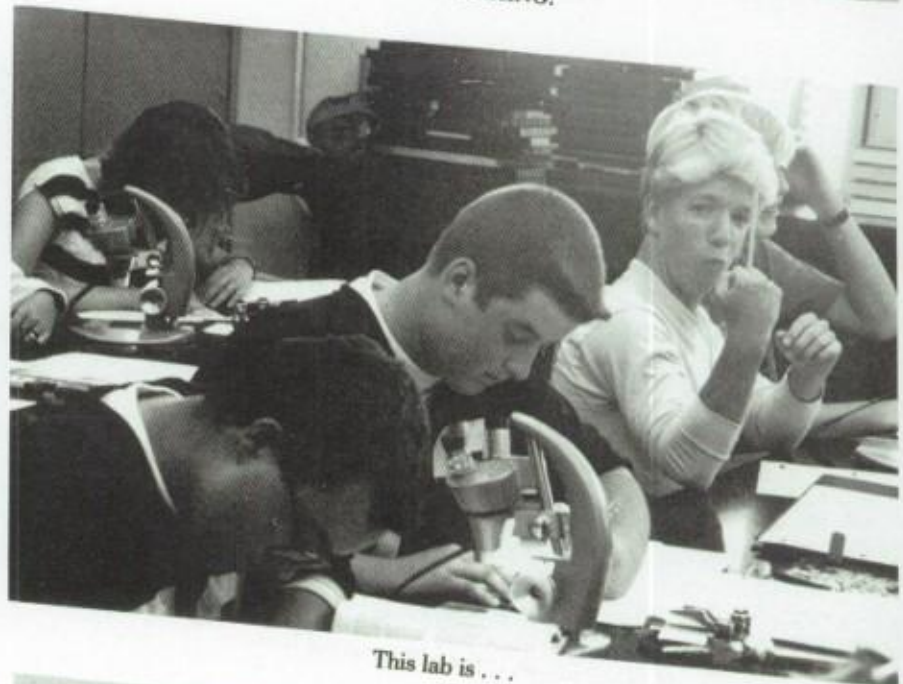

There ought to be a rule that if you can find your Science classes on the first day, you get at least a B in the class. Then, if you survive without burns, animal bites, or getting suffocated by insect repellent or chemical fumes you automatically get an A. Well, sorry to disillusion you, but no such luck. You get to struggle through at least two years on your own. After all, where would the Sophomores be without their bug nets? The Juniors without their aprons? The Seniors without their Physic Migranes? Seriously, you learn a lot to help you in later life.

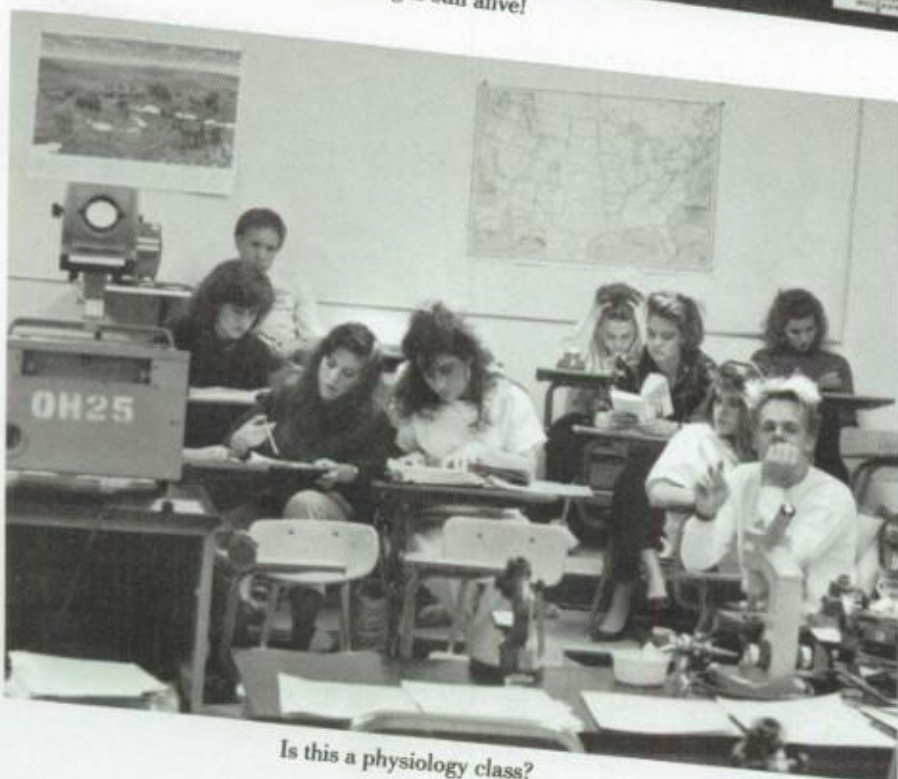

Jason is WORKING!

Your bug is still alive!

# A:

Mr. Roberts — bird watcher, Mr. Parsel — rancher, Mr. Dukes — pilot, Mr. Hailey — track coach, Mr. House — cowboy, Mr. Naasz — tall & rich, Mr. D. Smith — just like my dad.

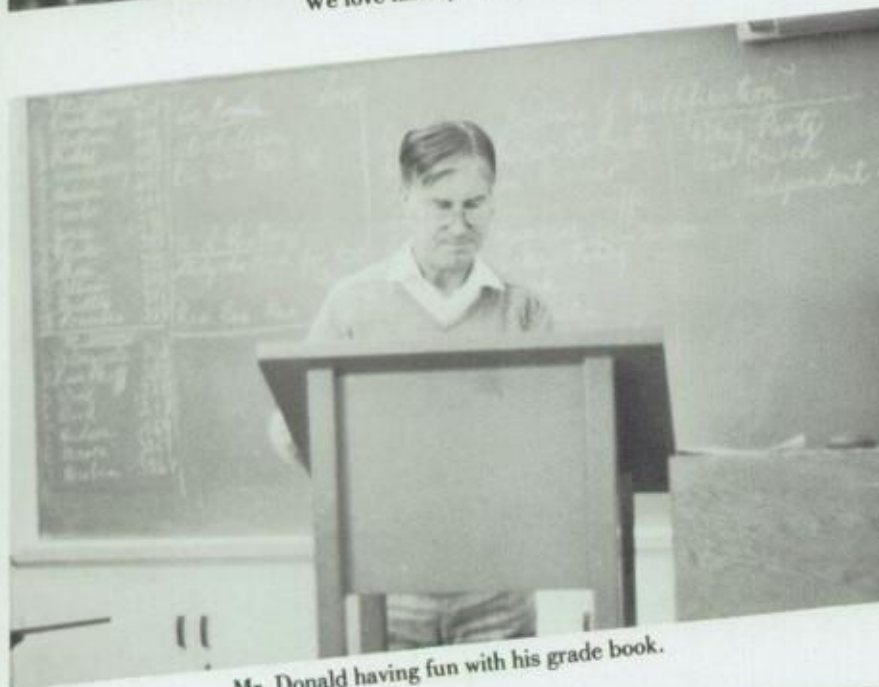

# SOCIAL STUDIES

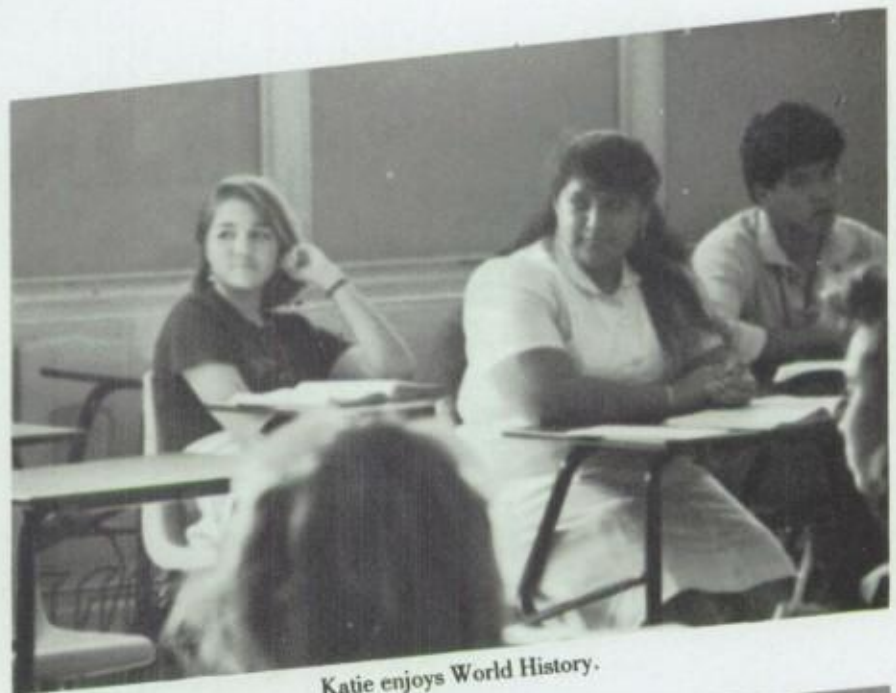

From World History to Anthropology, the Social Studies department is full of ways to find out about your civil rights, or your cultural origin. As a freshman, World History is required, and the religions of the world as well as ancient cultures are covered. Just when you think you've conquered those, you're thrown into U.S. History. All the Presidents names are retained in your brain as well the battles that you never knew existed but are sworn to have affected your life. Social Studies makes you remember the past that some people are more partial to forgetting.

We love history movies!

# MARCHING BAND

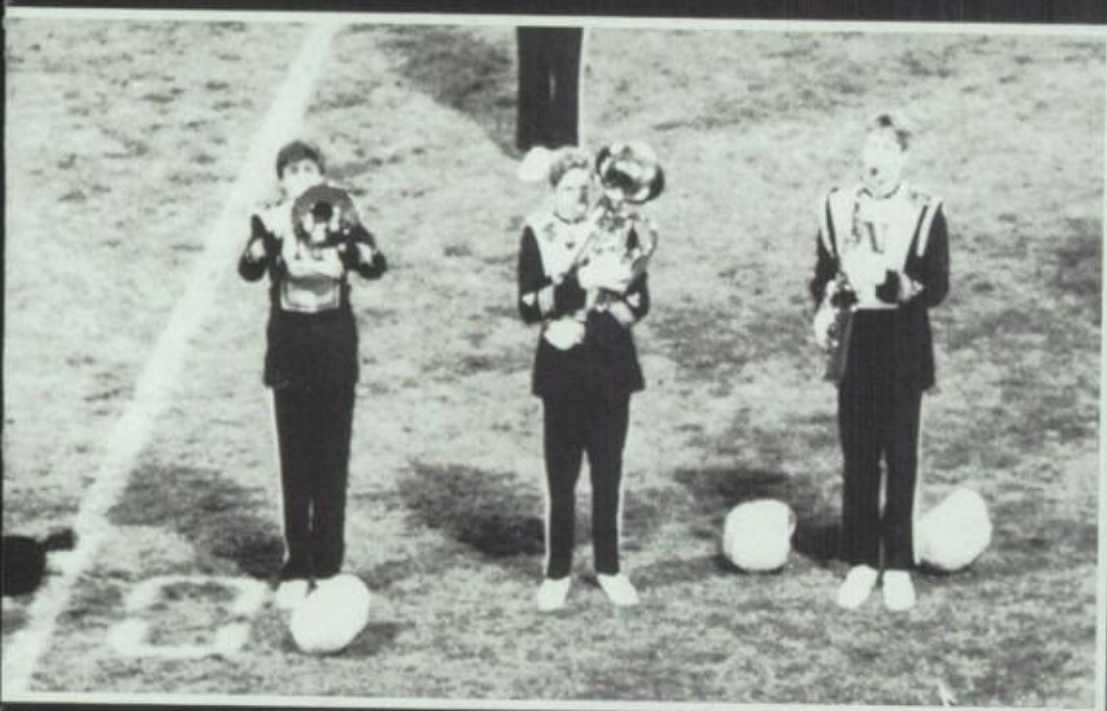

The marching band has accomplished a great deal over this year. They've gone to several parades and won 1st and 3rd in two of them. They went on tour to Tucson, Arizona, besides playing every football and basketball game. The band is under the direction of Mr. Ken Owens, with Richard Royce as Drum Major and Steve Sary as Assistant Drum Major. As a special project this year, the Band will be the host band at the Fish Fry, because they won the sweepstakes there last year.

# DRILL TEAM

Ever wonder who the girls marching with the band are? They're the Drill Team. It's not easy to be a member, either. They have to spend long hours making up and perfecting precise marching routines, not to mention being at school at 7:00 to practice with the band. They've got to make sure they all spin their flags in unison. It takes a lot of dedication, time and energy to be a member of the Drill Team!

# JAZZ BAND

Newport's Jazz Band has played several concerts this year. They've played at a Jazz Festival held at Orange Coast College, and also for many Junior High and some Elementary School kids. The fifteen or so members of the band are grateful to Harbor alumni Greg Chamberlain for returning to play bass guitar for the group. They practice every day under the direction of Mr. Ken Owens and student director Geoff Yeaton.

# CHOIR

Choir doesn't sing hymns as you might think, but sings new modern songs about modern subjects. They give two concerts a year: The Winter Christmas Concert and The Spring Concert, but they have to practice everyday during fourth period. Mr. Ken Owens directs the Choir, which has no soloists. Instead the thirty or so members all sing together. They are accompanied by David Ripley on the piano.

# MY SISTER EILEEN

"My Sister Eileen" was based on the stories by Ruth McKenney and takes place in New York during the forties. The play is about two sisters living together and what happens to them one summer. Lisa May played the title role with Devon Reiney as her Sister Ruth. Special Guest Mr. Robert Wentz played Mr. Appolous. Everyone worked long and hard and did a splendid job.

# GOD AND SENIORITIS

'86 — another banner year for Newport's finest actors, who, along with Mrs. Brower's superior direction, proved once again that Broadway has a promising future. This year the audiences were entertained by two different, yet complimenting, plays; "God" and "Senioritis." "God," being of a more serious nature, filled the first half of the evening with a play within a play by Woody Allen. It featured such accomplished actors as David Dalton, Robert Ward, Tanya Livingston, and Greg Schwenk, just to make a few.

Greg: "I am Zeus!"

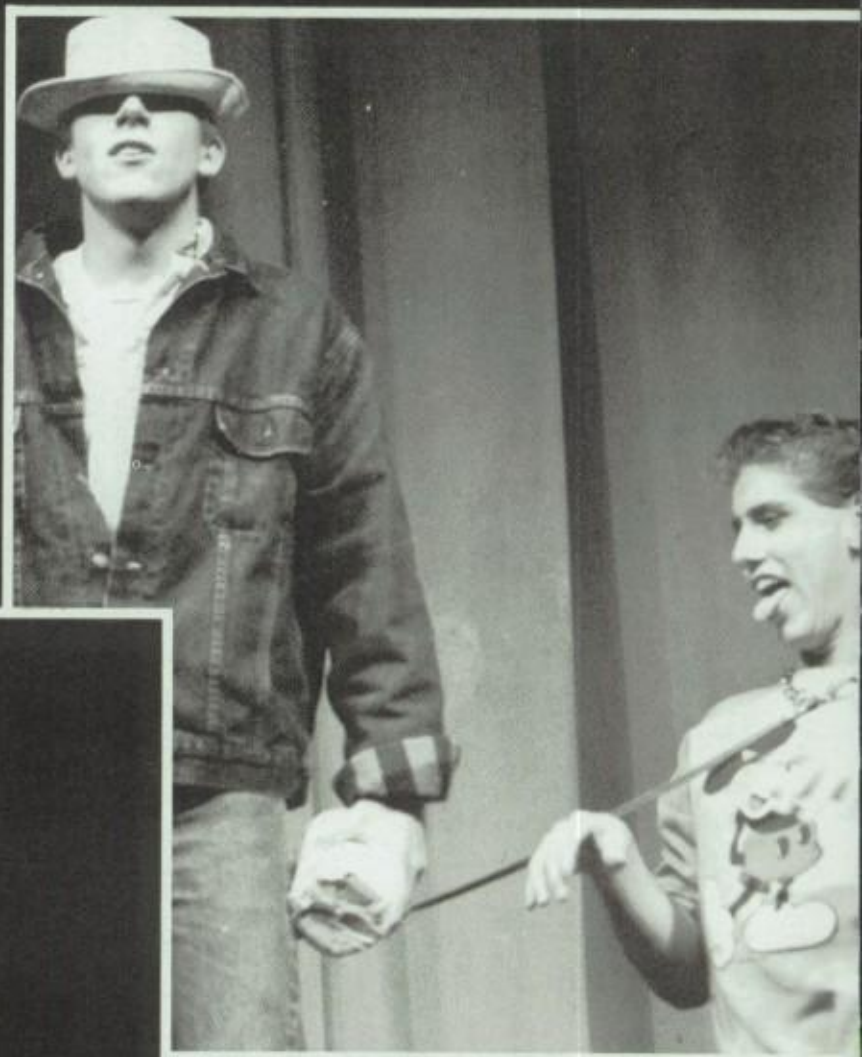

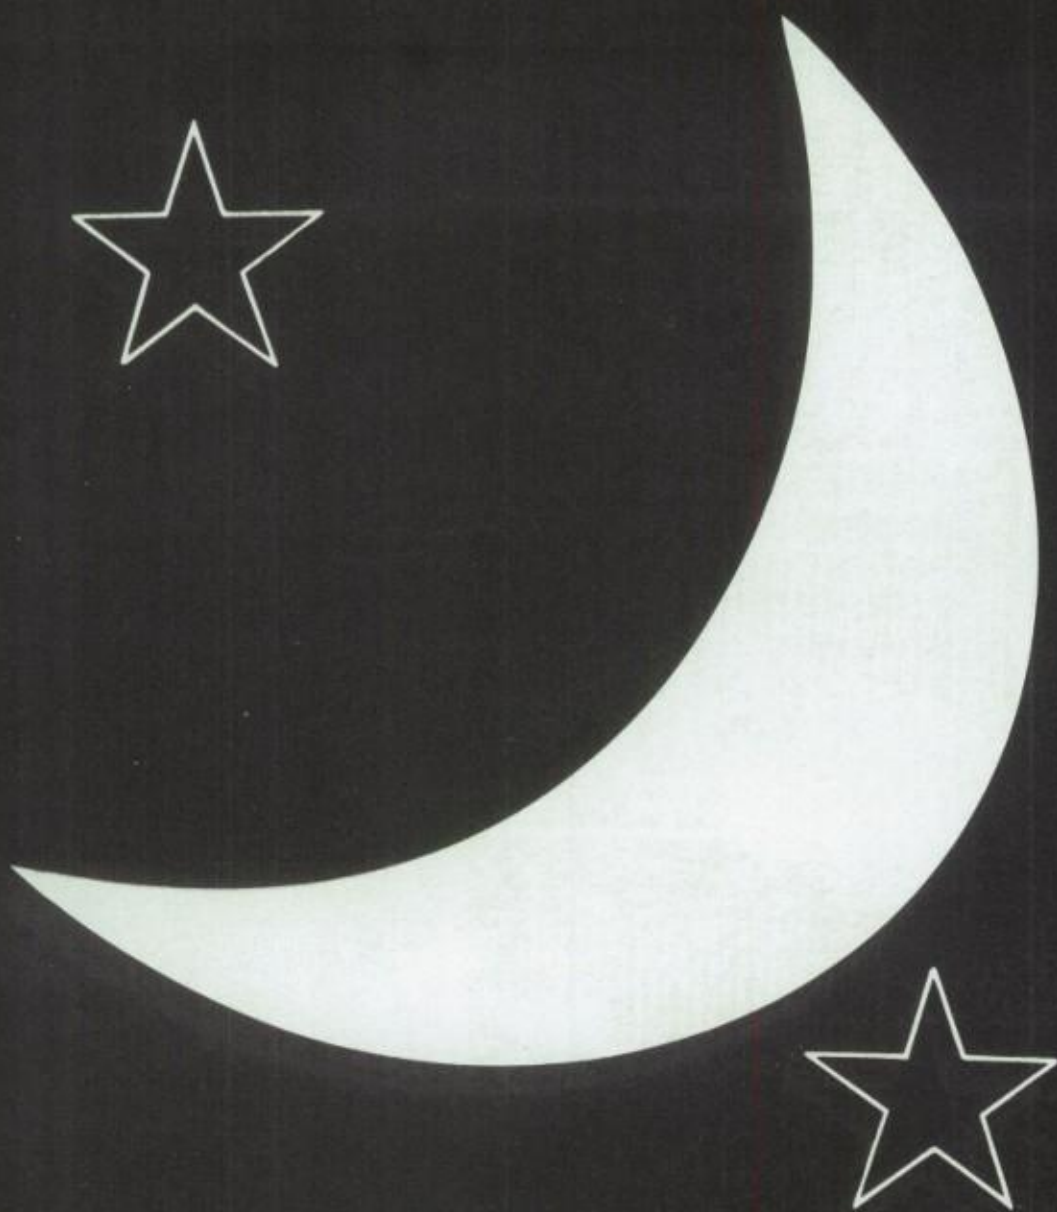

"Blanche . . . Blanche du Bois."

"Oh Diabetes."

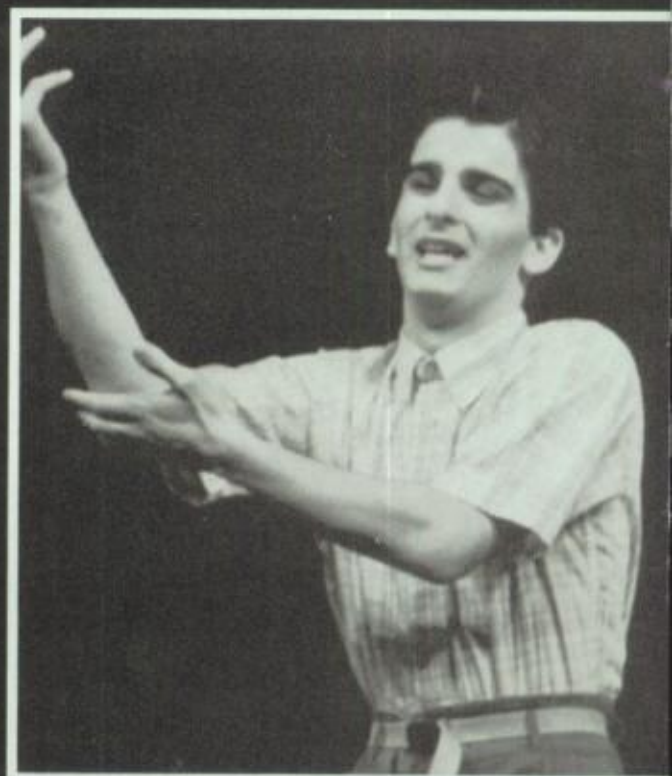

John can't wait to eat.

# SENIORITIS

Jennifer likes Leslie better this way.

In the second half of the play, the viewers were dealt "Senioritis," a side-splitting array of skits and portrayls full of hilarity bound for "Saturday Nite Live." Steve Reed, Dave Dalton, Chris Conlee, Corey Crook, Amy Adams, Amy Bloomberg, Robert Ward as Elvis, and much more, displayed what they thought of the Senior Year of high school. Exploring two diverse forms of theatre in "God" and "Senioritis," the seniors combined their "talents" to create what proved to be the most enjoyable drama presentation in years.

# SPEECH TEAM AND DRAMA

A new Drama teacher, Mrs. Brower, began teaching this year. The first evidence of her talents came out in the production of "God" and the senior — written play, "Senioritis." She's already redesigned the Drama room for small stage work and is very enthusiastic about new ideas! The department has many levels of classes — from 1st year Drama to Production Class, which involves making sets and working behind the scenes for an actual production. The Speech Team is an outlet of the Drama department. It's a very competitive activity. The goal of the team together is to gain enough points through individual monologues. These people compete in front of prominent Drama representatives.

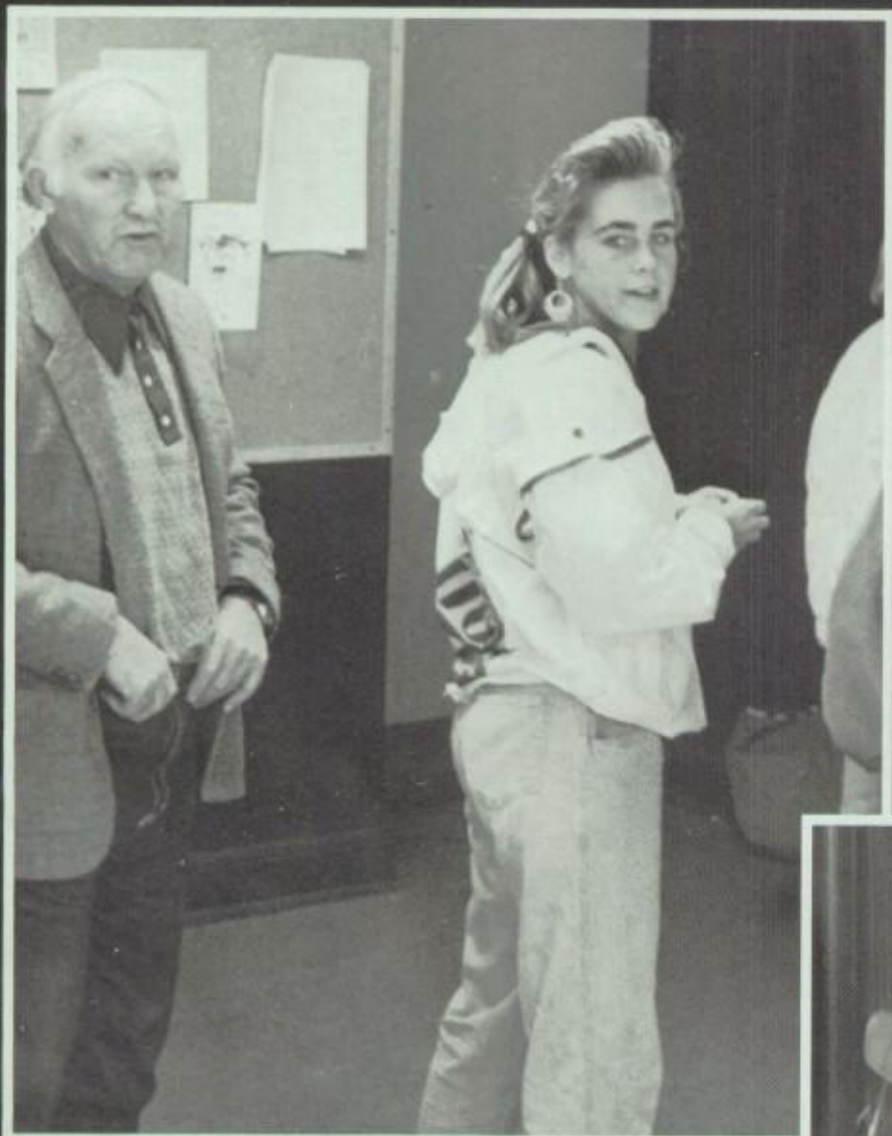

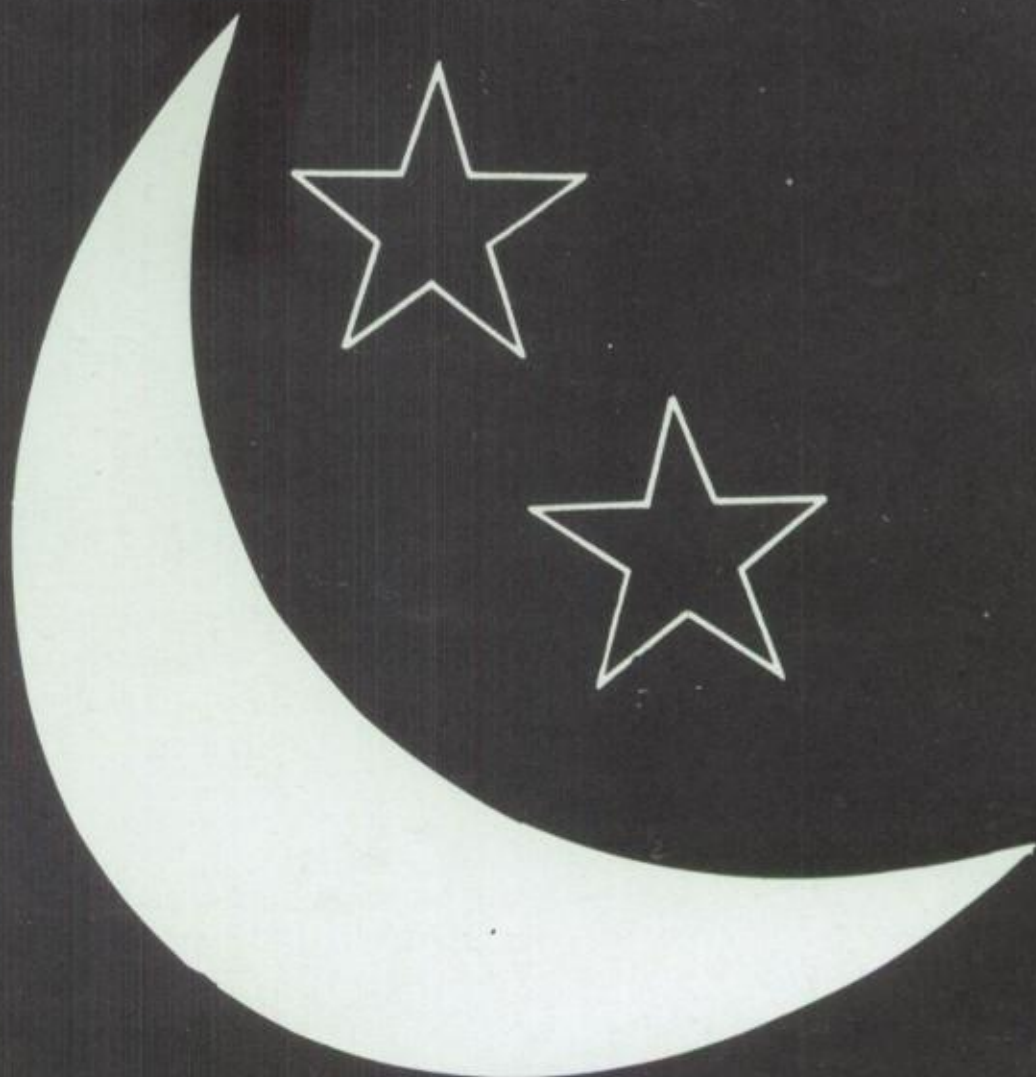

Mrs. Brower — Just one of those days.

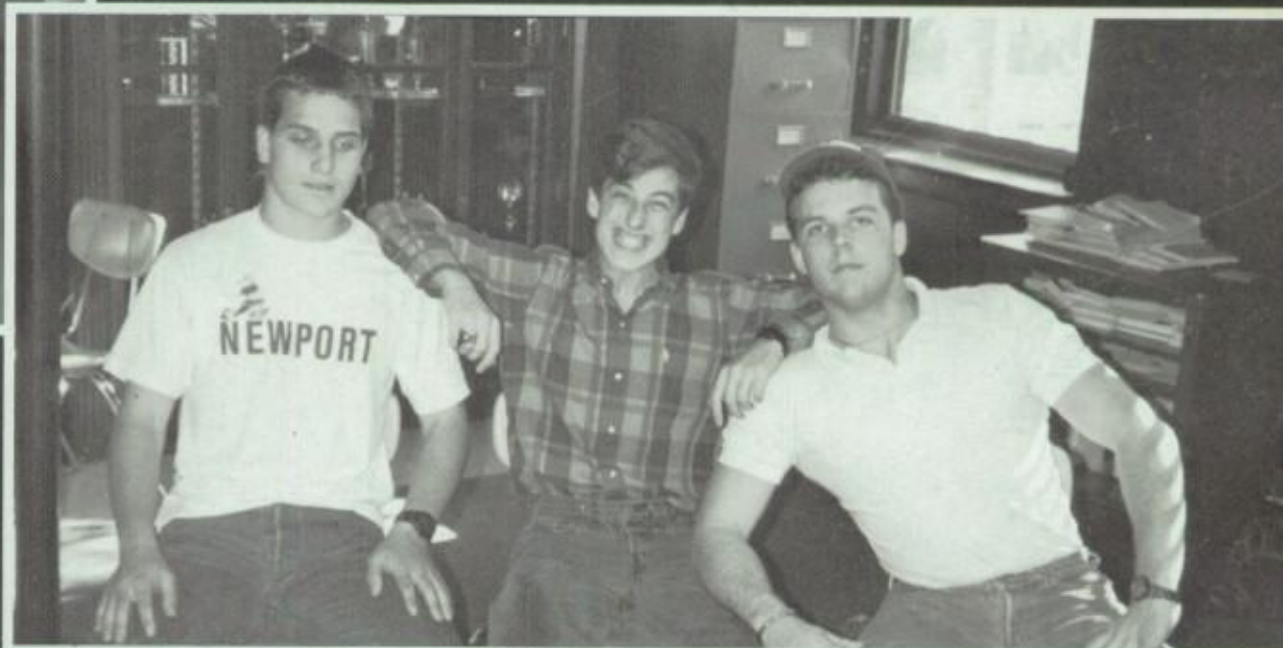

Good Job Greg.

# LATIN

The Latin Club is famous for their annual convention. They dress up in togas for a Roman Feast, have various athletic and academic contests and generally have a great time. Harbor usually carries off several awards in both academics and athletics. Since Latin is the root of most languages, there is no way it could be considered a completely dead language.

# GERMAN

Wie gehts'dem Deutcher Klub Dieses Jahr? Prima! To start off the year advisor Mr. Martin Shira took the members on their annual trip to Oktoberfest which was celebrated this year at Alpine Village. Other activities include the sale of Gummi Bears, dinner at the Chalet, seeing the award winning movie *AMADEUS* and many other fun activities. All in all, the members of the German club learned a lot about German culture and language while having a terrific time. This year's officers were President: Kim Hoskins, Vice-President: Jason Brooks, Secretary: Ivan Larson, Treasurer: Ivan Resnikoff.

The California Scholastic Federation (C.S.F.) is a statewide honor society open to students with outstanding scholarship and good citizenship. At Newport Harbor all students with a 3.75 grade point average are welcome to apply to be a member of the C.S.F. club. Our main fund raiser this year was a See's sucker sale. The money will be used to provide scholarships for two or more honorable sealbearers (to become a sealbearer, one must qualify as a member for four semesters, one of which must be in the senior year). The advisor is Mrs. Cunningham with Brooke Stanley as President, Carter Brown as Vice President, and Jim Thrasher as Treasurer.

## PEER COUNSEL

Contrary to popular belief, Peer Counseling is not a group of students who get together to discuss their problems of where to go for lunch or what to wear the next day. Nor is it just a class Seniors take so they don't have to have a 5th period. This is a serious group of people who meet once a week for 2 hours. These poeple work hard to be able to help their friends and the people around them with things that may be troubling them. This can be difficult. Mr. Murphy supervises exercises in talking with people and responding techniques. These students are also required to do weekly studies in behavior and also community service. So, you see, Peer Counseling is a lot more than it's cracked up to be ... and a lot healthier, too!

Front Row: Carla Osinsp, Tiffany Brownell, Robin Moss, Stephanie Monson, Roseanne Stansbury, Susan Warrington, Julie Boyer, Kami Kenney. 2nd Row: Mr. Murphy, Arez Hosseini, Jennifer Mangiapelo, Jennifer Merrell, Gayle Clemans, Tracey Porter. 3rd Row: Tangelique Parker, Jennifer Busch, Maria Cadigan, Chockie Warwick, Candi Oswald, Megan Dale, Deri Lewis, Hillary Dulien, Julie Lorenzini, Stacey Young. # BEACON

The Beacon's main objective this year was to outdo the many underground newspapers. It is the *official* school newspaper. Suzanne Huffman and Annie Baxter took the prime responsibility for the production of the Beacon. They were helped by the addition of a photocopy machine to speed up and expand production. The editors are as follows:

Suzanne Huffman, Annie Baxter — Editors-in-chief

Alan Mikaelian — Features Editor

Troy McGuire — News Editor

Nathan Shaw — Music Editor

Evan Frink — Cover And Copy Editor

L. to R: Suzanne Huffman, Thomas Curran, Alan Mikaelian, Nate Shaw, Brooke Roberts, Mr. Big (Mr. Chance)

Jenny Brown, Greg Schwenk, Tanya Livingstone, Sandy Ball, Brook Stanley

## MORNING NEWS TEAM

Good morning, today is . . . and we're on regular schedule. How many times have we heard that this year? Only about 170 times. That is, if you could hear it above your friends in 2nd period. It is the morning news Team and their RTC. Their duty is to tell us about club meetings, upcoming events, possible scholarships, and sports. With some quotes and giggles from Brooke and Tanya they sign off leaving you (hopefully) better informed.

# COMPUTER

L to R: Eric Shaw, David Hiersekers, Ken Poindexter, Hiep Nguyen, Jason Yang, Advisor Mr. Noser.

Although the members are usually in the Computer room everyday, their meetings are officially every Tuesday. Besides fiddling with the computers, they help each other with difficult programs. The club entered a computer contest and a computer show where many companies were displaying software. Computer Club is a rather new club and its officers are: President — David Hiersekers, Vice President — Jason Yang, Treasurer — Mike Salisbury, Secretary — Ken Poindexter.

# FRENCH CLUB

Bonjour! Comment allez-vous? Yes, folks, this is French Club. They pretend to be studying French language and culture, but we all know it's just an excuse to munch out on croissants and chocolate mousse. They're not highly visible around campus, but wouldn't you want to keep a low profile with crumbs and chocolate stains on *your* clothes?

The President — Samantha Howard

# THESPIANS

Back Row: Amy Tygart, Gregg Schwenk, David Dalton. Middle Row: Janelle Pectz, Kristie Patterson, Katie Nutt, Jennifer Greeley. Front Row: Missy Bradshaw.

Although the name doesn't sound too flattering, the Thespian Society is a very honoring organization for the dramatic oriented. One must earn points to belong to it. The points are attained by being in Drama productions, going to Speech Competitions and winning in these competitions. Usually there is an orientation for new members, and eventually you earn different seals for your Thespian certificate. Being a seal bearer also means that you get special recognition on graduation.

# CHINESE

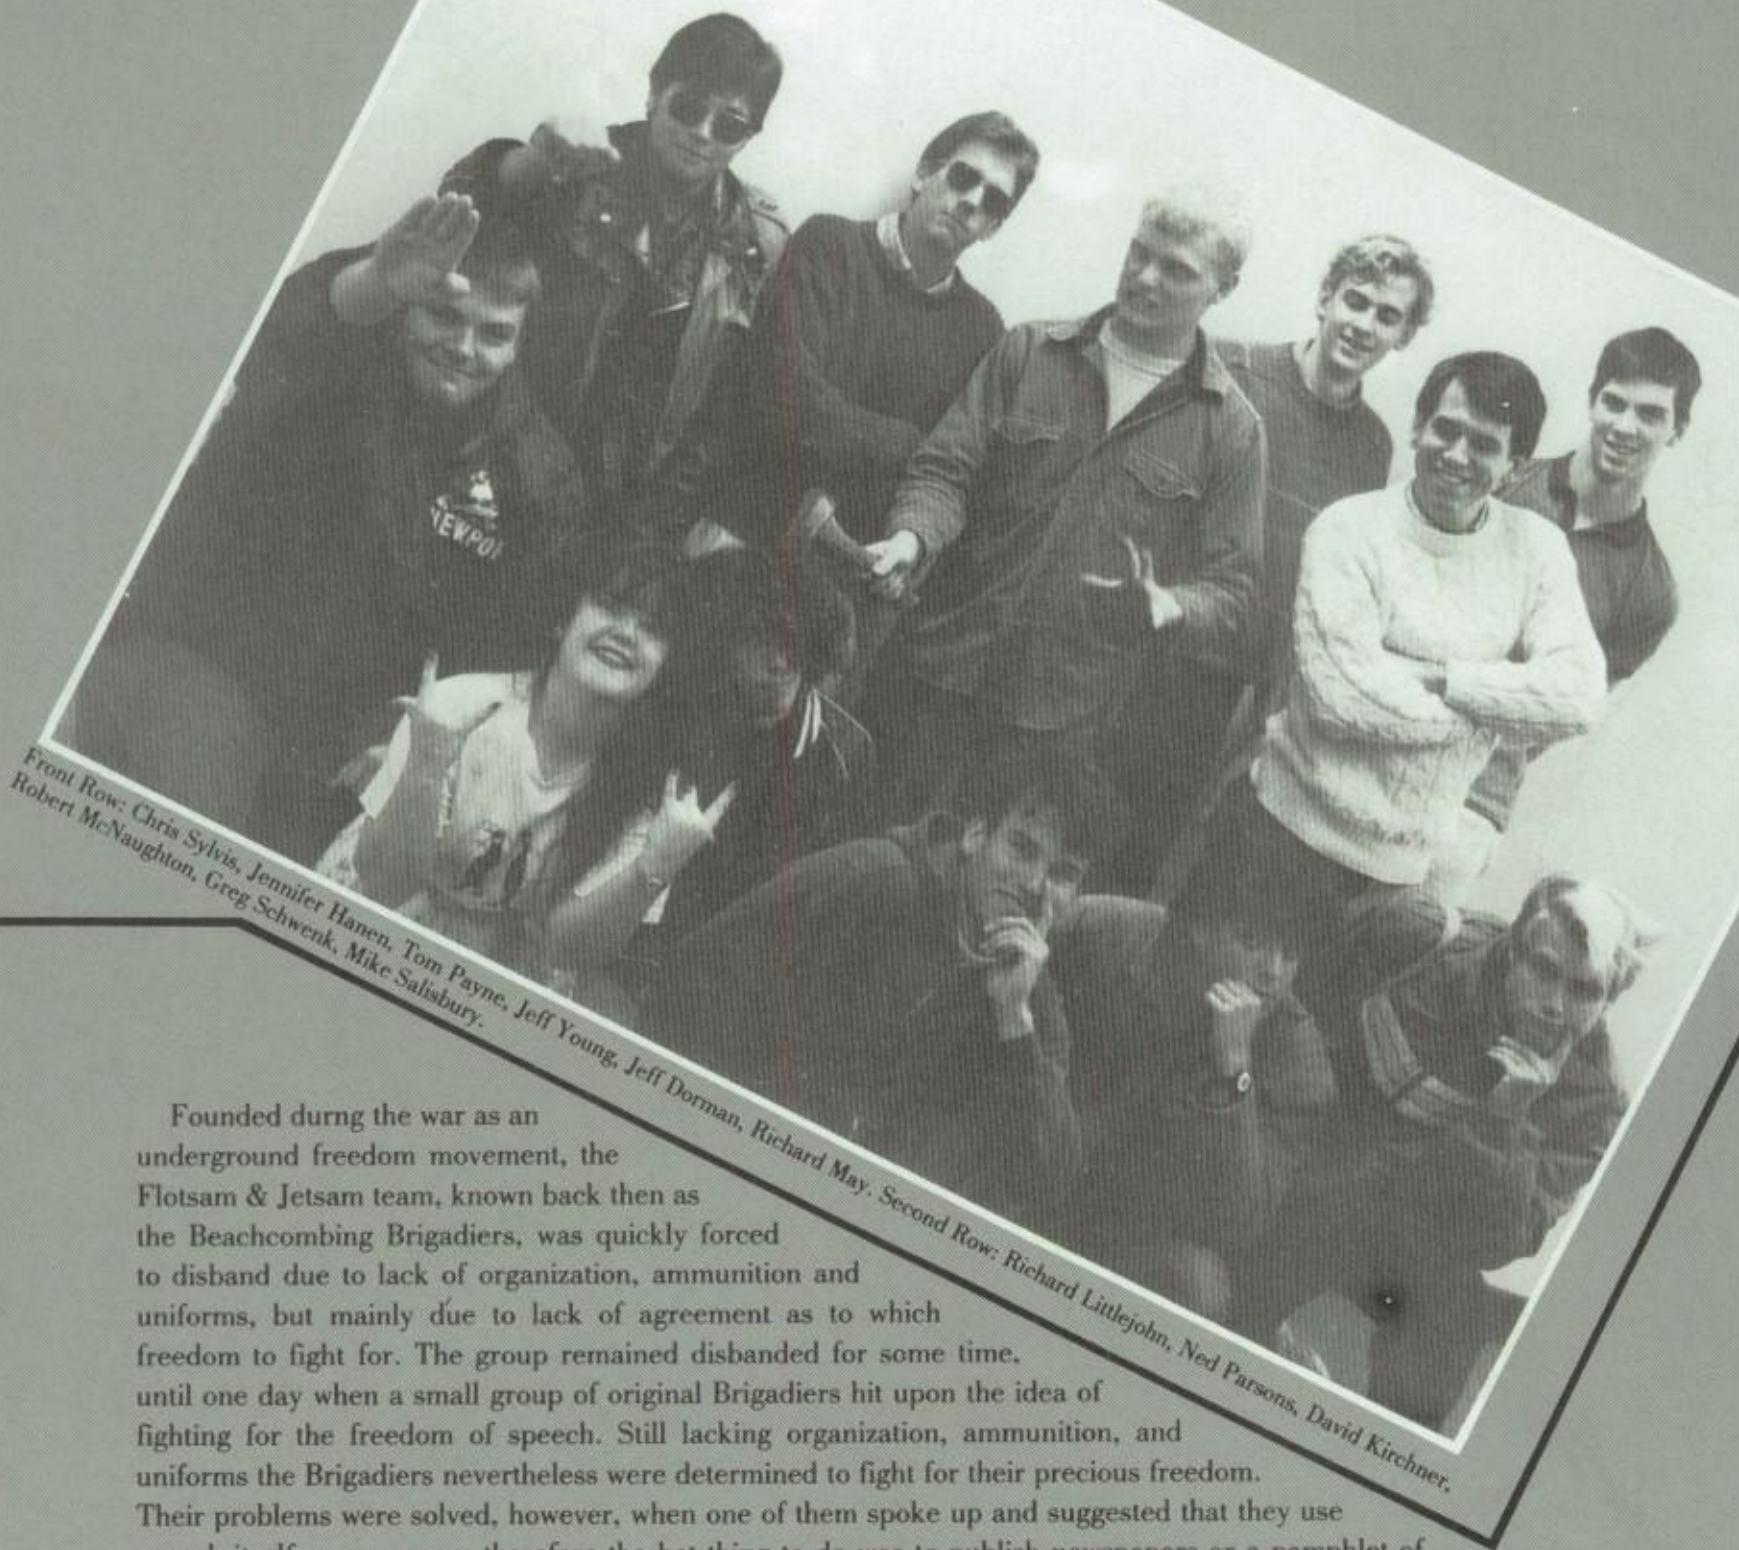

Chinese Club seems to be out to wreck everyone's diet. First they sell M&M's, then it was Nestle's milk and white chocolate. But there was a reason behind their sadism. Chinese Club was trying to raise enough money to fly to San Francisco for the Chinese New Year. Besides selling fattening food they held a car wash, etc. We're happy to report that they reached their goal and had a terrific time in San Francisco! By the way, do you have to be Chinese to join? Of course not!!

Front Row: Chris Sylvis, Jennifer Hanen, Tom Payne, Jeff Young, Jeff Dorman, Richard May. Second Row: Richard Littlejohn, Ned Parsons, David Kirchner, Robert McNaughton, Greg Schwenk, Mike Salisbury.

Founded during the war as an underground freedom movement, the Flotsam & Jetsam team, known back then as the Beachcombing Brigadiers, was quickly forced to disband due to lack of organization, ammunition and uniforms, but mainly due to lack of agreement as to which freedom to fight for. The group remained disbanded for some time, until one day when a small group of original Brigadiers hit upon the idea of fighting for the freedom of speech. Still lacking organization, ammunition, and uniforms the Brigadiers nevertheless were determined to fight for their precious freedom. Their problems were solved, however, when one of them spoke up and suggested that they use speech itself as a weapon; therefore the best thing to do was to publish newspapers or a pamphlet of sorts where they could express their opinions and writings as they pleased, the others happily agreed, and they immediately named the big mouth their first editor. Hoping to establish their new-found group as a legitimate organization the Brigadiers searched about the school for an advisor. Unfortunately, the teachers, wishing to keep their reputations, refused to touch the troupe with a ten-foot pole. The Brigadiers never lost hope, though, and through perseverance, dedication, and blackmail, they managed to coax a teacher out of hiding to serve as an advisor. The Brigadiers still needed a name for their new-found vehicle of self-expression, though, as they realized that the Beachcombing Brigadiers was not really a very good name. After tossing around a few choices, they finally agreed for some reason on Flotsam & Jetsam, an equally dumb name. Well, believe it or not, Flotsam & Jetsam has grown in maturity and reputation, from where the faculty wouldn't touch it with a ten-foot pole to where the faculty wouldn't touch it with a nine-foot pole. Our motto: "Debris always floats to the top."

# SUMMER FIELD STUDIES

After our coffee break, we'll scale the peak.

Over hill over dale they shall hit the dusty trail . . . in other words this is Summer Field Studies. These people attend several classes and a small overnight camp-out in preparation for a week-long hike across the mountains. They have to carry every single thing on their backs. The classes they attend tell them about the various plants and animals they will be seeing, how to read a map and compass, etc. Then it's off to see some of the most beautiful scenery in the world and a lot of fun!

Are we happy campers?

AFS stands for American Field Service. Each year they host foreign students and show them the American ways of life. (Are they in for a shock) But while they're recovering they attend progressive dinners, short-term exchanges, parties, and are Carla Espinha (Portugal), Simone DeChesne (Australia), Lorena Funez (Honduras), and Diego Blanch (Spain). The officers are Sean Ward — President, Charity Muff — Vice President, Josh MacDonald — Treasurer, and Molly Rossen — Secretary.

What country did this come from?

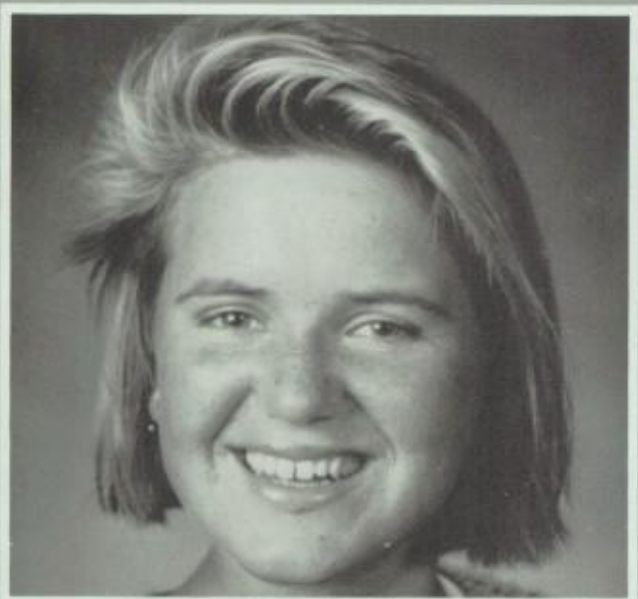

YUM, YUM, YUM!!!

Carla Espinha, the realist from Almada, Portugal, across the river from Lisbon. Carla attends the University in Lisbon, and she enjoys sailing, dancing, swimming, and being with friends. Carla is always there with a big smile and is a great friend to all.

Simone Du Chesne, the excellent varsity tennis player, comes from Sydney, Australia. In Australia, Simone attends Monte Sant Angela, a private Catholic girls' school in Sydney located on the famed Miller Street. Simone likes a challenge, and is the smiling Aussie around campus. An excellent student, friend, and an all around fantastic person; that's Simone.

Lorena Funez, from Comanyagueta, Honduras, which is across the river from Tegucigalpa, the capital of Honduras, is a brilliant student and fun person. She attends the University National at Honduras and has already finished her first semester there. Lorena is a good person always ready with a smile to brighten your day. What an AFSer!

Diego Blanch: I'm 18 years old and was born in and live in Madrid Spain with my two brothers and one sister. My neighbor and coach started me paddling Kayaks many years ago. I hope to compete in the 1988 and 1992 Olympics for Spain. Until then I plan to attend college and continue training. Since I've been in California, I have learned a great deal of English and have made many friends. Newport is a beautiful place to train and I hope to return in the near future. I'm glad to be going back to Spain in July because I miss my family, however, I will also miss the many people I have met here.

Girls' League is the club for anyone and everyone who is interested in having lots of fun and making new freinds. This year well over 100 girls have been active, and all have been terrific. We met every Wenesday at lunch and planned such events as flower and candy cane sales, a car wash, and a Mother-Daughter Christmas Tea. A "Girl of the Month" was also chosen based upon her participation and service, and her picture was hung in Beek Hall during her month. The Winter Formal, a "girl ask guy" dance was our main activity. It was held in February after much planning, and as always was a great success. As a new project this year, each member was given a Big or Little Sister, depending on the age, and everyone enjoyed having someone extra special to exchange little notes or gifts with at Christmas, on birthdays, or for no reason at all. Thanks to our super advisor, Mrs. Sadler, and all the girls, we really had an exciting year. Our officers were: Mindy Dalton — President, Brooke Stanley — Vice-President, Karen Grundhofer — Secretary, Tina Royce — Treasurer.

# SOCIAL SCIENCE CLUB

I swear this won't hurt a bit!!

Question #3 Do you now, or have you ever had AIDS?

The Social Club? You may wonder what it is. Some believe that it is just a bunch of girls who get together to say they are in a club. If you look closely at the picture there are no males. However, there are a few in the club. Despite popular belief, we are an active club in the community with the aid of the students. On December 19 we held our annual Christmas Party for eighty underprivileged children who were chosen by the Head Start Organization. The Social Science Club acquired gifts from the seniors in the Toy Drive and bought the others with the money we collected from the students. At the party, we had cookies, toys, toys, toys, and SANTA!! February 14 was the annual blood drive, co-sponsored by the Red Cross. Students and the faculty volunteered to donate some of their healthy, red and white blood cells to those in need. Many thanks to Mr. Smith who endured through all delays. Great work Social Science Club; nothing could have been accomplished without you!

Meet our fearless Leaders. They give up their lunch time every Tuesday and Thursday (if they don't forget) to plan things like Homecoming, lunch time activities, speakers, and who is going to play the stereo in the quad. After Dave yells, "Shut up, everyone," Greg gets down to business and everyone in ASB votes on ideas to make our school days a little less boring. They are the representatives for everyone at school. They listen to people's ideas, and they convey them to the administration. ASB has the power and they try their best to do a good job for us so one day we ought to get around to thanking them.

# GALLEON

A typical day . . .  
 5th period starts at 12:55.  
 Galleon staff arrives 1:00.  
 Vanderlan opens classroom. 1:10.  
 Leslie, Peter, and Jenny either work on underclassmen sections or talk about God.  
 Sherrie walks in, takes, role, asks people if they need help, leaves.  
 Marisa and Jeanne say they're going to library to write copy, instead leave to go to Naugles.  
 Kelly talks on the phone — keeps yelling at everyone to shut up (especially Lynn)  
 Julie tells everyone we're to relax, not to worry, just do your best and everything will be fine.  
 Staff looks confused  
 Brandee and Holly go to Cameo House to pick up pictures. They bail.  
 Sara and Kingsley disappear into darkroom. Are never seen again.  
 Bridget corners John — starts screaming for pictures.  
 Daryl comes in tries to get people to buy a sweatshirt.  
 Maria comes in, tries to get people to buy a sweatshirt.  
 Maria comes in, tries to explain why the freshmen division page picture hasn't been taken for the third time.  
 Amy L. walks in with three friends. She helps them with their job applications.  
 The other Amy and Wendy go run an errand. They come back. Get into a fight with Bridget.  
 Maria kicks Kelly off the phone, calls USC, asks if she's been accepted yet.  
 Lizzie, our own fashion individualist, fixes her hair and watches everyone from the disgusting orange couch — a reject from an LA bus station (the couch, not Lizzie)  
 Gina is caught trying to change the senior superlatives.  
 Jenny (Jennee) (Jenni) (Jeni) (Jeenee) Brown surprises us all by being nice.  
 Tara continues to rewrite the same two sentences on the computer.  
 1st semester Carla complains about basketball.  
 2nd semester Carla complains about swimming.  
 Maria and Gina bail.  
 Christine, Michelle, and Andrea form an expedition to find Kingsley and Sara. Come back 2 weeks later with evidence of a lost African sub-culture.  
 Jeanne and Marisa come back. Start working. 5 minutes later Mr. Vanderlan comes in, tells them what a good job they're doing.  
 Bell rings. Remaining staff bails.

Team strategy — to the top!

Newport, GO FIGHT WIN! The girls' varsity basketball team began every game with this motto. They worked hard, fought tough, but were not successfully winning. But they had fun. Decked out in their polo shirts and burmy shorts, they circled the court with bursts of yelling and laughing before warm-ups. During the game when the goin' was rough, the girls surrendered to the Kamakazi. By the end, everyone had bruises.

Although there were only three returning varsity players as well as three new recruits, the team had characteristics of its own. They dedicated much time and energy to make their team the best and each victory was a result of teamwork and cooperation. The team could not have been successful without Chantel, Lara, Jenny, Michelle and Carla. Great work gals. Good Luck always. Go, boo-boo!!! Oh, we can't forget our devoted captain — Ardath Yamaga — Thanks!

P.A. is their password. P.A. — positive attitude. And as the newspapers chronicled, their positive attitude helped them win victory after victory, led by Buffy Rabbitt and Maggie Henson. In 1985 the girls Cross-Country Team won every league meet and every invitational but one. They placed third in C.I.F. finals, fighting tough competition from La Mirada.

# DANCE

Laura — Get down!

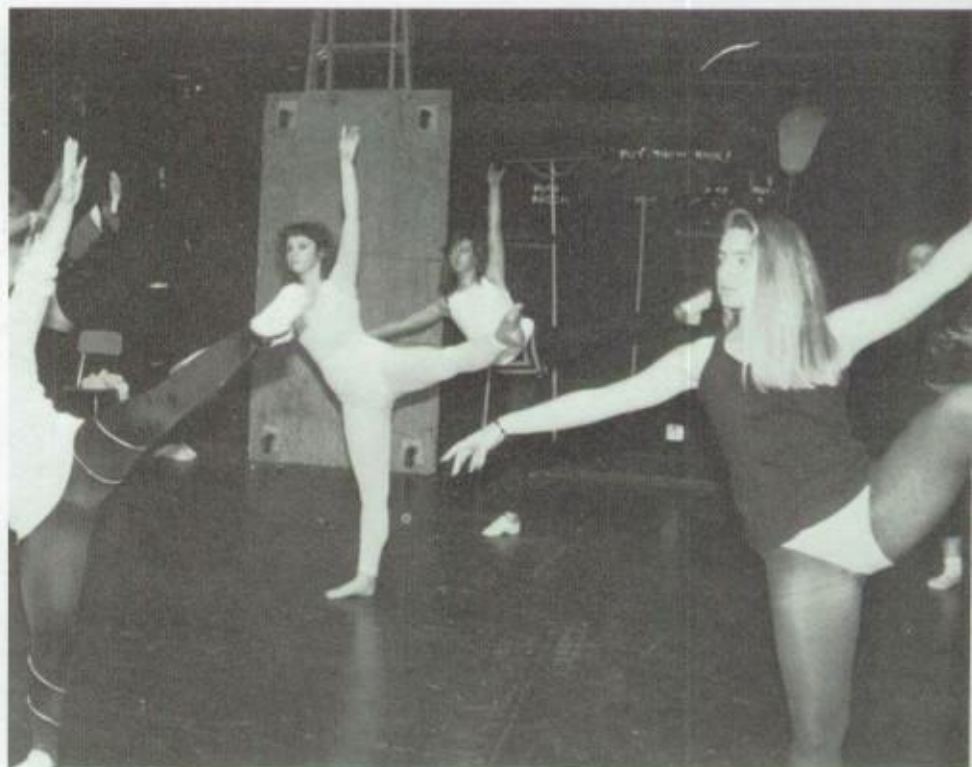

MUSCLE SPASM

Simon says — Don't fall.

Advanced Dance was a new sport this year, taking the place of Gymnastics. They felt very fortunate to be able to engage Mrs. Kathy Myers to instruct the advanced dance class and oversee the auditions that were held in January. They hope that the class might be a full year sport, taking place during both semesters. The girls are mostly recruits from last year's gymnastics team, and so are very talented and skillful. They put on recitals which involve athletic moves with dancing steps.

# SOCCER

Undefeated this season, number one in the League, need we continue? Girls' Varsity Soccer has done exceptionally well. They've beaten Corona Del Mar and University in some tough matches that decided the League winner. Michelle Burns and Missy Bershad have done an excellent job under the lead of Coach Mikki Huntress. The graduating seniors, Karen Grundhofer, Mindy Dalton, Schellie Walshe, Nancy Coyne, and Sherry Hillburger, will be missed next year because they have contributed so strongly this year.

Not only does experience and talent make a great team, but so does good sportsmanship. This year's team had plenty of all three. Led by the awesome pitchers, Julie D. and Tammy L., the 1986 softball team is the surprise of the Seaview League. So far, Newport has a record of 1-1, losing to Alamitos in a close battle and beating Santiago with a score of 8-4.

All the team members like Claire R., Jamie G., Lynn D. and that super freshman, Rosie R., are versatile athletes that are able to do just about any position. Their tough defense consists of Michelle B. at shortstop, Kelly N. at 3rd, and Judy T. & Michelle W. behind the plate. Along with their strong defense, their line-up is filled with talented hitters such as Nicole S., Nicole H., and of course Kari Y.

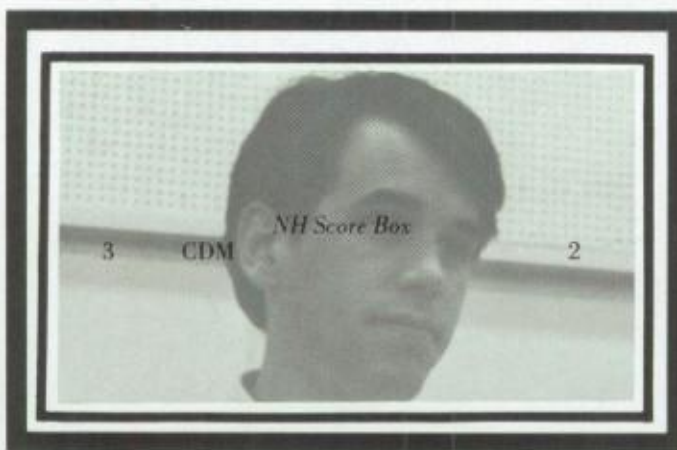

So, keep your eye on this year's team because with seven returning players and an awesome new coach, Tim Parsel, they're going all the way to CIF.

Yes, all this dedication did pay off because they got to the second round of CIF — and accomplishment long over due. What a team they were this year! Comfort by Moya.

With a combination of individual talent and team spirit, Newport Harbors girls' track team is on its way to another very successful season. Led by the support of outstanding coaches who know just what to say and who follow a team motto of a "Positive Attitude," the girls team is looking toward another league Championship this year. Since track is a combination of sprints, hurdles, distances and field events, the entire team must unite and so their best in their events to work toward a common goal: Winning! Seniors contributing to this year's success are: Maggie Henson, school record holder in the mile and two mile run, Buffy Rabbit in the 880, and Sharon Atlesey in the hurdles! Distance runners are: Michelle Anderson, Romney Resney, Vicki Krasel and Hurdler Moya Sullivan. Also track has very talented underclassmen, so the program will continue to be glorious and victorious!!

This was a special year for the Newport Harbor Girls' Volleyball Team. They went undefeated in the Sea View League, and reached the CIF 5A finals, and the State Division I finals. The Harbor Girls were ranked 2nd in the state and 7th in the nation. They dominated almost every team they played and ended the season with a 22-2 record.

The team would like to give a special thanks to the four seniors Lara Asper, Kim Gray, Suzanne Huffman, and Laura Power for their leadership and example that made this year a very special one for everyone involved.

GAA — or Girls' Athletic Association — is for girls who show above average athletic ability and are willing to stay after school one day a week to practice. It's also convenient for girls who play a sport for part of the year.

The year is divided into four parts, and each quarter the girls play either volleyball, soccer, basketball, or baseball. In

GAA they also play against other schools such as Huntington Beach. GAA is coached by Mrs. Caricof and Mrs. Caldwell.

Boys' Cross-Country, led by Carter Brown, had an excellent season. Coached on by Eric Tweit they were able to reach CIF prelims, missing the Finals by only 5 points. The most valuable runner was Carter Brown, but Collin Bode, Jim Geerlings, Erik Kloster and the rest of the team all worked extremely hard. Pat Feller and Ian Larson led the JV team, with some good performances from Tyson Sawyer and Greg Denny on Frosh/Soph.

Four years ago, a group of Freshmen became our first Frosh team to begin a four-year tenure under the same system of play. You were 2-7-1 as Frosh, but learned the system well, as your 19-4-2 record indicates.

Your 19 wins tie you with the 1974 Seniors as the winningest two-year group in N.H.H.S. history. I'm not certain of the '74 Seniors' Frosh record, but it is quite possible that you came further than any team in the school's history. You did this because you worked very hard during the entire year. Remember this as you move on in life — hard work is the most consistent measure of happiness and success.

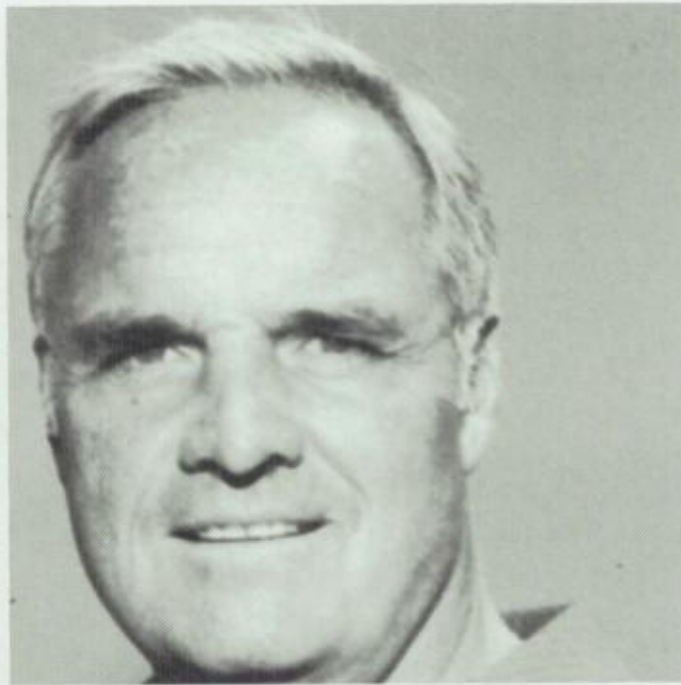

You have clearly demonstrated what hard work can accomplish. Keep it up!

Best of luck,

The Sophomore Team of '85-'87 was under the direction of coaches Bill Brown, Lane Weber, H.M. Lancelot, and Matt Kamura. The team started the season out by defeating Santa Ana, who had beaten them the previous year. After close losses to Irvine, Woodbridge, and Saddleback, the climax of the season was the victory win over CDM 28-19. The team placed 3rd in League over all. Some important players are as follows: Team Captain Dave Haithcock, M.V.P. Randy Farr, Most Improved Perry Mason. Nine players chose to stay on with Varsity to C.I.F. . . . Good job, Sophomores!!

Drew Sheward gets out of the grasp of his opponents.

Jason Johnson about to go down.

When a group of Freshman get together in any sports event, who can truly predict any outcome? After seeing the freshman football players for the first time, I knew there was a good nucleus of young men with talent. A 7-3 record proves they can win football games. I now would like to see them win in their daily lives by making good and positive choices. Good Luck!

Newport Harbor's Varsity Basketball team was a surprise in the Sea View league. Despite having no returning starters and only two lettermen, the team finished in a tie for third in a league considered to be the most competitive in Orange County. In preparation for league games, the team won the Consolation Trophy at the Lt. James Mitchell Tournament, and finished second at the Capital Classic in Carson City, Nevada. League play began with a great effort in a win over highly regarded Woodbridge and culminated in a third place tie and being edged out of the C.I.F. place in a double overtime loss to University. The players achieved a great deal more than so-called experts predicted. Newport was a team of winners who pushed themselves to the limit every day. This was demonstrated during the last game when, down by 9 points with 2:13 to play, they mounted a comeback to force the game into two overtimes. The Varsity team should be very proud of this season.

This year's Junior Varsity team consisted of a group of guys who believed in playing hard and with incredible enthusiasm. They proved to the top two teams in our League, that they could come from behind and take the game to the buzzer. Their overall desire and will to improve should lead each individual to some very fulfilling goals.

Sincerely,

The 1985-86 basketball season for the Sophomore team was one in which valuable experience was gained that will pay off in the future on the Varsity level. Led by the all-around play of Mike Nguyen, the floor-leadership of Mike Hardin, the consistent hustle of Jim Wilson, and the inside play of Kirk Summers, Tyler Koon, and Rob Lobl, the team played nearly every game very closely. Although the record shows the losses outnumbered the wins, learning to stay together through adversity has given each player the attitude of a winner. This is a sign of successful season.

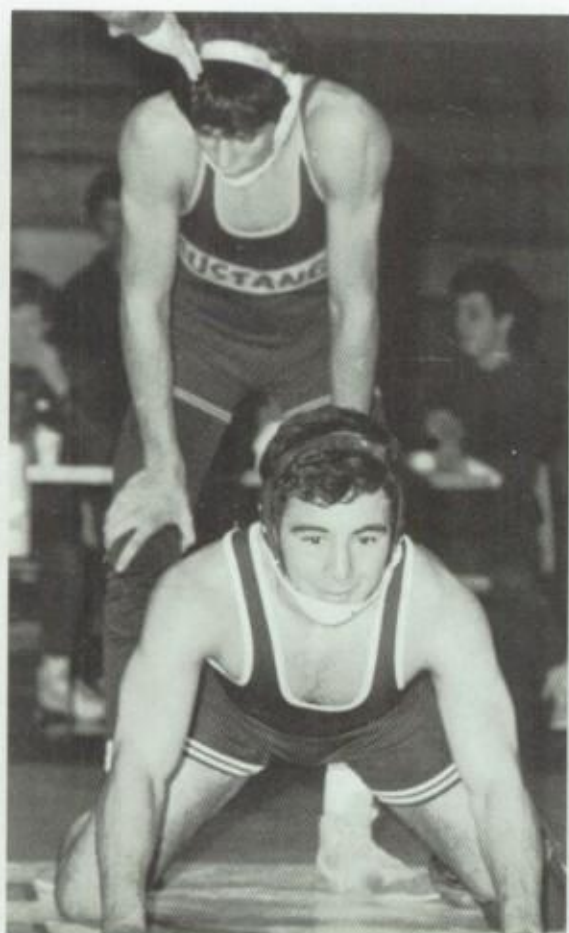

The freshman basketball team, coached by Chet Malek, was led by the consistent play of Tom Walker and Scott Gray. The players learned many skills that will help them in the next years.

The name Newport Harbor became a familiar one in the Sea View League this year. Harbor's superior skills and record of wins put them on the soccer map. Boys' varsity started off slowly but gained momentum as they brutally defeated several first place teams. After a successful season, varsity found themselves on top of the League and on their way to C.I.F. This is the first team in 9 years of Newport Harbor Soccer History to make it to C.I.F. Coach Roger Leighton hopes to make this year's winning streak into a winning tradition.

The J.V. soccer team had an excellent season this year even though they probably set a school record for most games tied. Although they did tie many games, there is no doubt that Newport Harbor had the best athletes and one of the best teams in their League. Their key players were Chris Reed with 4 goals scored, Mike Palmer who supplied leadership along with strong defensive support from Jason Gan and Erik Berg. The highlight of the year was a come from behind 2-1 victory over Estancia at their field. All in all a very satisfying year.

The 1985-86 frosh/soph soccer team was one of the strongest Newport Harbor has fielded in a long time. The season started off with a second place finish in the Fountain Valley Frosh/Soph Tournament by beating Mater Dei, Huntington Beach, and El Toro, only to lose in the championship game to Foothill 1-0. With a league record of 6-2-2 and an overall record of 10-3-3, the strength of the soccer program at Newport looks to be a very promising one.

The 1986 track season, though lacking in team depth, was one of some very outstanding individual performances. They were led by Carter Brown, probably the finest distant runner the school has produced, who broke the school two mile record. Also, Will Fisher continued the parade of excellent pole vaulters at N.H.H.S. Also showing by seniors Joe Cobo, Erik Kloster, Maurice Lee, Keith Maxwell, Ryan Todd, and Bryan Wildman.

The strength of the team seemed to lie with the juniors and sophomores. With outstanding performances by juniors — Collin Bode, Mark Chiu, Dan Noack, and Steve Whelan. The very strong sophomore group was led by Scott Morency, R. W. Henson, Jim Geerlings, Mike Dixon, and Brian Gibson. These returning underclassmen indicate a very strong future.

This year's swim team continued Newport's outstanding tradition of success. The team was led by seniors Rob Mihalko, Rob Stewart and Rick Craig. Although swimming takes second preference to water polo, the team overall came through with excellent efforts especially from the juniors and sophomores. The outstanding coaches, Jeff Stites and William Jewell whipped the sometimes stubborn boys into another successful year in the tank. The team was blessed with a variety of talent from the continued leadership of the seniors to the dogged juniors to the aspiring sophomores to the eager freshmen. The team would like to thank everyone who supported them throughout the year especially their parents and the booster club.

Varsity tennis ranked tenth in C.I.F. this year. There were no standouts, but instead exerted a well balanced attack. Among the top singles players were: Daryl Miller — who has spent 3 years on first team varsity, Jack Banks a transfer from Northern California who was most valuable palyer of his old league, and Chris Rabbitt who, although only a freshman, is one of the top players in California in the 16 years and under division. The top doubles players include Jeff Martin and Jeff Dorman whose experience, intensity and spirit make them a tough team to beat. The other doubles teams are Kent Greeley (junior) and Jamie Hardin (freshman) and Quatro Baker (sophomore) and Chase Warminton (freshmen). Chrles Bleiker, the coach, led his team with his ability and knowledge. The youth of this team insured a great year and a dynasty for Coach Bleiker in future years.

Wayne Heck coached a strong season for NH varsity baseball even though only 3 starters returned this year. Those players were Jon Mahoney, pitching; Tony Wren, shortstop; and Wes Torell, catcher. According to Coach Heck, Mahoney, a senior, is the hardest worker on or off season. Wren, a sophomore, is one of the best shortstops in the league and Torell, a senior, is an outstanding catcher and power hitter. Other excellent players are Ed Milum at second base who is one of the best hitters, Stuart Hatch, a really versatile player and Garth Tamblyn in the outfield. A surprise from Texas was Pat Maynard. He pitches well, can play anywhere and hits strongly. The varsity team has done a great job and showed some really excellent teamwork.

An interesting shot for Cathy Mockett.

Varsity Golf at Newport has six returning seniors, four of which will graduate with four varsity letters each. Cathy Mockett, the Most Valuable player for the past three years, had an outstanding senior season. Steve Kostlan led the team in the early non-league matches along with P.J. Agnew who improved quite a bit. Last year's captain Jim Thrasher has had a great senior year. Mike Brewer has been playing his best golf in four years and has helped significantly in the non-league matches. Junior Bob Mansfield has improved more than anyone and we were proud of his valuable contributions. These players are extremely smart, have good swings and are championship caliber.

This year's badminton team, one of the few co-ed teams at Newport Harbor, has fought its way to CIF once again. Coached by Gloria Grotta, the team has worked very hard at this vigorous sport — and it is vigorous as most people don't know — to make it to CIF, and they're hoping that the top singles and doubles players, Penelope Mackie, Andrew Mackie, and Chip Acton in singles and Autum Gray and Tracy Porter in doubles, will be victorious.

The yearbook staff would like to thank Mr. and Mrs. Walker from Cameo House, for their help printing and developing our pictures this year. Thank you for finishing all our rush orders and staying up late when we were behind. You did a fantastic job and can't begin to tell you how happy we are to have had your expertise. Of course we got upset when you kept endlessly promising "you'll get them" but we always seemed to get them and on time. Thank you again we appreciate your help very much.

# FAREWELL

One step in, can't see clearly  
 Alone and in the dark.  
 What's out there? No one knew.  
 A glimpse of light pulls you near,  
 One step closer and you fall in.  
 This is it. This is high school.  
 A scary and mysterious word to you then.  
 The trusty bicycle, the first report card.  
 Everything is so new.  
 A flicker of light comes to you in those first few days. The first dance you went to.  
 You were walking away from those dark months.  
 Day by day, you got the courage you needed to carry on  
 And to step into another year.

Second time around.  
 You felt you knew the way.  
 Grades are important, now  
 The pressure's on.  
 Driver's Ed. with Duffy. Health with Spangler.  
 You scared the poor simulator instructor to death.  
 An extra ounce of freedom issued with your driver's license  
 Sweet sixteen and Mean sixteen  
 You were really becoming someone.  
 Some kept their friends,  
 Some lost or left them behind.  
 It was a gray year: everything was still unclear  
 a foundation of insecurities.

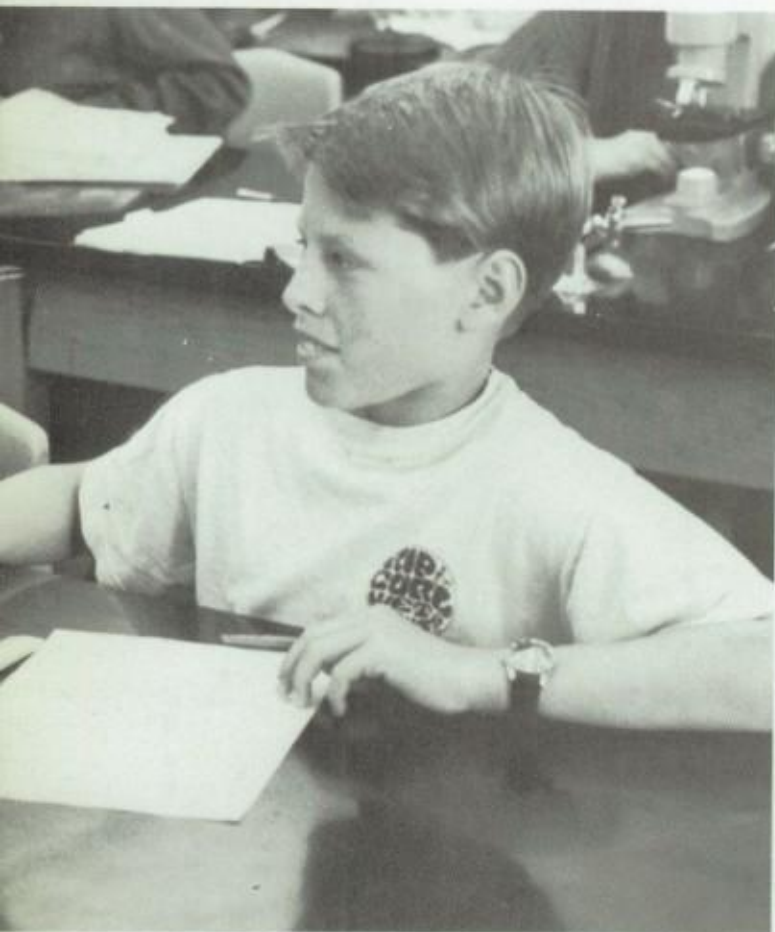

High school is getting old now, things seem to appear clear  
 It's the pressure point.  
 "Your junior year is your hardest year" they told us.  
 How many times did you hear "Where do you want to go to school?"  
 Enough times to create a frustrating echoe in your troubled head. But there were your  
 friends.  
 Friendships through the years, you've strengthened to hold up in rough times like these.  
 They need you. You need them. The night of junior-senior prom  
 Busy, and yet always time to enjoy these precious years.

Time flew by, four years have passed.  
 Memories to fill a lifetime.  
 Some to remember, some to forget.  
 The long awaited diploma is within your reach.  
 "This is it," a silent thought stirred afresh  
 Nothing can stop you now.  
 The bright images of high school now locked away in your memory.  
 Fresh empty spaces quickly filled by excitement, aspirations and bright hopes.  
 The last goodbye, your foot barely out the door.  
 Just when you found the light and the confidence,  
 Again life leads you to another door, a new challenge.

# DEDICATION

On Tuesday January 21, 1986, as millions watched in silent horror, space shuttle Challenger 7 exploded, instantly killing the seven astronauts aboard.

The Galleon staff dedicates this 1986 issue to the astronauts, especially Christa McAuliffe, Teacher in Space. The last words spoken by Mike Smith, space shuttle pilot, epitomize the spirit of Christa McAuliffe, who sought to teach us all to reach for our own highest goals, "Go with throttle up!"

Christa McAuliffe, Teacher in Space

Challenger 7 Crew Members — Back Row, Left to Right: Mission Specialist El Onizuka, Teacher in Space Christa McAuliffe, Payload Specialist Greg Jarvis, Mission Specialist Judy Resnik. Front Row, Left to Right: Pilot Mike Smith, Commander Dick Scobee, Mission Specialist Ron McNair.

Also in memory of Todd Hubert, a sophomore at Newport who died in a hit-and-run accident, we dedicate this 1986 issue.

Pictures of space shuttle crew and Christa McAuliffe compliments of NASA (JPL).

we have some good some bad  
dies from so... many mem.  
It's hard to believe that I've  
known you since kindergarten  
woodland. I never did thank you for  
being there when I was so upset. Then there  
brother when you & Phil, what an interesting  
one got along w/ you & Phil. I can't even  
neighborhood. I admit too bad of the time at the U.S. hel. manson.  
I have to admit that one day well I'm so glad that you talk to  
one another good friends for some in tent. I may say oh well I wish  
get together & I may say I may we always be  
some of the luck for you / give  
friends. Keep in touch / give

Rob -  
Mr. Dye's class  
was fun, even though  
I never did any homework  
We had a good group of people!  
I hope you made a huge profit  
on U of N.B. sweatshirts! Keep selling!  
by the time your 25, you'll be a millionaire!!  
Good luck in college & have a  
really great summer!  
Helena

Rob - It's been  
great getting to  
know you and becoming  
friends. We have had  
so fun times as far  
as I know them, and let's  
continue them as far  
home all summer \*20  
call (625-8888). We  
must have a great  
next year and  
stay w/ it.  
Jeff

Rob -  
We're finally out here! '94!  
Things sure have changed  
since our Sophomore year.  
Partying at Scott's, what  
memories! Some good some  
bad. I'm just glad we've  
become friends because  
you're a great guy. We probably  
will party at D.C.C. and at  
Summer time. When Tim and  
I move out we'll all have  
to party. Keep in touch  
#548-5104 until July. English  
was the worst class but you  
made it possible. Good luck  
in your future and lots  
of happiness.

Zuvya,  
Kim

Rob-

Well dude after being together for two years were finally out of this place. We had some raging times together, lets not stop. This summer we will have to rag. See ya at the beach. Don't forget to call and inform me on the night time situations.

Your Friend,  
Darryl Gan

RALPH,

Well, it's been good year all in all, we made some dinero, emptied some beers into our stomachs, and had one hell of a time together. I'll never forget our jail escapade, and the time we got busted shootin bb's at

that slumber party what stress, we'll party more this summer and add to the memories

Rob! We're stylin' to be outa the woman's class. (D.B.)  
Chuckie's class was fun. We'll party in street this summer.  
I look forward to a few more parties.  
Best of luck, & let's party.

Rob - (hic - Redneck - Cowgrabber)  
Well we had fun our last two years in both Math with Gurgulid and physics with Dukes although I barely got by I sure had fun doing it. Well you ugly piece of shit I must say we still will party more together. Remember getting drunk before girls Varsity Soccer game versus Corona. Getting drunk is the only way to go but hey keep in touch and good luck in college maybe one day I will get my lean in gear and catch up. Don't lose my phone number hic, Backward ass country Suck. Take Care Bra.
